WORKS, NOT WORDS.

A National Reputation Built Up by Marvellous Works.

PAINE'S CELERY COMPOUND.

Its Life-saving Results in and Around Our Homes.

As sensible and thinking people, we are not inclined to lavish praise and honor on those who simply talk loudly and boastingly about their philanthropy and charitable dispositions. When we hear such individuals claiming special recognition and distinction, we are forced to say, "Show us your mighty works and good deeds and your monuments of generosity amongst our own people; then, and only then, are you deserving of the standing you claim as a benefactor of your fellow citizens."

The boastful philanthropist, who has no good home work to support his assertions, has his counterpart in the ordinary patent medicine man who claims that his decoctions and pills are blessing humanity. When through the press a medicine boasts of wonderful cures, a discerning and intelligent public demand a record of home cures and testimonials. Foreign and outside testimony is thrown aside because it is often worthless and spurious. Our Canadian people demand proof from amongst the hundreds and thousands who live around them. Testimony, even though it be sworn to, coming from obscure parties in the United States or other foreign countries, will not sink very deeply into the hearts of intelligent and educated Canadians.

Scores of patent medicines are now brought before the notice of the public every day, all loudly proclaiming their power over disease. Amid the conflict that is being waged for popularity and supremacy in our land, there is one grand and tested medicine that stands high above all others; it stands on the impregnable rock of honesty and true worth, and never yet has it failed in its mission to suffering humanity. This medicine is the popular and tried Paine's Celery Compound, earth's best and grandest discovery in medical science.

In order to maintain its high credit and standing, Paine's Celery Compound relies entirely upon what Canadians say about it. No matter where you live in the Dominion you will find some of your friends and neighbors who gladly report that "Paine's Celery Compound made them well." No far-off, unknown or suspicious foreign testimonials are submitted to our people, neither are manufactured letters ever used to fill advertising space.

Paine's Celery Compound has been honored, at times, with testimony from American people who have a national fame, such as Doctors Newton, Hubbard and Hanaford, of Boston; Hon. George F. Morse, member of the Governor's Council, of Massachusetts; Hon. John M. Francis, United States ex-Minister to Austria; Hon. Daniel P. Toomey, of the Massachusetts Legislature, Marie Tempest, one of America's Operatic Stars, and gallant Ida Lewis, America's Grace Darling.

The marvellous cures wrought by Paine's Celery Compound, and the lives it has saved, speak more forcibly than panegyrics coming from the ablest orators.

This is indeed the medicine—the life-giver—for every suffering man, woman and child. The proof of its great virtues as a healer come from the best people; surely it will meet your case as it did theirs.

The proprietors of Paine's Celery Compound employ a skilled physician—a graduate of one of our most noted Canadian Medical Colleges—to prescribe for and advise all sufferers. No charge is made for this medical advice and prescribing; and our consulting physician is perfectly *free to act in his professional capacity*. The grand object is to relieve human suffering and save life. All correspondence is strictly confidential. Letters should be addressed to "Consulting Physicians Department," Wells & Richardson Co., Montreal, P. Q.

Another instance of the thrift and wealth of the French people has just been afforded in connection with a city of Paris loan. The sum asked was about 200,000,000 francs, about $40,000,000. Fourteen hours before the opening of the books the investors had lined up at the place of subscription, and before the time set for closing the amount of the loan had been covered ninety-eight times. The estimate is that a hundred thousand people registered their names as applicants. They include all classes from the laborer to the noblesse, the majority being persons of very small means. When, after the Franco-German war the people of France, in two years, paid off the enormous endemnity of five thousand million francs, all the world wondered. The present result is not less remarkable, as it represents only the work of the people of Paris, while the other was the effort of the whole nation. Coming after the losses of thousands of millions in the Panama canal folly, it suggests that France is really the richest country in the world, bar none.

He also says: "I have used it for indigestion, flatulence, cold in the stomach, cramps, neuralgia, and in fact for almost every kind of pain or ache. The impurities which have accumulated in the blood durin the cold months must be expelled, or when the mild days come, and the effect of bracing air is lost, the body is liable to be overcome by debility or some serious disease. The remarkable success achieved by Hood's Sarsaparilla, and the many words of praise it has received, make it worthy your confidence. We ask you to give this medicine a trial. REV. HENRY POPE, D. D.

One of the Fathers of Methodism in the Lower Provinces, and one of the Most Eloquent Pulpit Orators of his Time.

Few men have a warmer place in the affection of the Methodists of the lower provinces than Rev. Dr. Pope, who after an arduous life in the ministry, to which his father also belonged, is now on the supernumerary list and a resident of the city of St. John. During his active ministry his ripe scholarship, and fine gift of eloquence made him a popular preacher, while his clear judgment and wide knowledge of Methodist polity and church history have always made him a most valuable man in the counsels of the church. He is still frequently heard in public in St. John, where the members of the evangelical churches hold in the highest esteem, his cordial sympathy and aid being ever at the service of every worthy cause. Rev. Dr. Pope attended the great Ecumenical Council in London some years ago, and his address there, was widely quoted and highly appreciated by the leaders of Methodism in the mother lands. When such a man lends his voice and influence to anything it must at once be taken for granted that sound reason and a profound conviction form the basis of his action. Hence what Rev. Dr. Pope says in the following letter will be accepted by every reader as establishing beyond question the wonderful curative powers of two of the famous Hawker standard remedies. Writing to the Hawker Medicine Co., under date of March 21, 1894, he says:—

"For several years I have suffered, almost continuously, many of the distressing ills resulting from sluggishness of the liver, realizing from various medicines but partial and only temporary relief. Nine months ago I determined to test the efficacy of Hawker liver pills. To-day I am happy to inform you of the great benefit I have derived from their use. In my case they have proved a decided success.

"During this winter my family and myself had a visitation of la grippe, which left us in a generally inervated condition. We obtained your Hawker's nerve and stomach tonic, and after using it for a few days, as prescribed, so sensibly and manifestly did we regain our strength and energy that I can and do confidently recommend it as one of the surest and best invigorators of the age.

"Wishing you the largest success in your laudable enterprise.

I am gratefully yours,
HENRY POPE.

The success which has attended the Hawker Standard Remedies since their introduction to the public is without a parallel in the history of the cure of the disease of humanity.

Hawker's nerve and stomach tonic is a certain cure when faithfully used for all diseases arising from nerve exhaustion, weakened or impaired digestion, or an impoverish or impure condition of the blood, and the prostrating effects of la grippe or any nerve weakness of heart or brain arising from worry, overstrain of mind or body or excesses of any nature. Hawker's nerve and stomach tonic and Hawker's liver pills are manufactured by the Hawker Medicine Co., St. John, N. B. Canada, and can be obtained from all druggists and dealers. Tonic fifty cents a bottle or six bottles for $2.50. Pills twenty-five cents a box.

AFTER TYPHOID FEVER.

Harvey Neff has Kidney Disease, which Doctors could not cure—Dodd's Kidney Pills Restored him to Perfect Health.

Port Colborne, April 9—In March, 1893, Harvey H. Neff of this place had a bad attack of typhoid fever. Good nursing and medical attendance brought him round but the attack left him a victim of kidney disease. This the doctors failed to cure, but Dodd's Kidney Pills, the infallible remedy, did the same good work in this case as in all others and Mr. Neff is well to-day. Dodd's is the first kidney remedy in pill form ever offered the public. Its wonderful curing is all for its of kidney disease has led to the introduction of numerous cheap and worthless imitations. Purchasers, for their own safety, should insist in getting Dodd's Kidney Pills. Sold in large boxes, price fifty cents or six boxes for $2.50. To be had of all dealers. .....
