SPORTS IN MONTREAL.—It has been decided that Montreal is not to have a carnival this year, but instead there will be a week of winter sports, similar to two years ago.

THE members of the reception and entertainment committee in connection with the C. E. convention are requested to meet in the Y. M. C. A. Rooms at seven o'clock this evening.

SCOTT ACT SUMMONS.—Yesterday afternoon a summons for a first violation of the Canada Temperance Act was served on Andrew Doyle, jr., Grafton Street. It is returnable on Monday.

SHOOTING MATCH.—The annual shooting match of No. 5 Company, 82nd Battalion, will take place at Brookfield, on Saturday, November 3rd, commencing at 10 o'clock, a. m.—A. Beaton, Captain.

BUSINESS RUSHING.—Up to date, 45 informations for violation of the Canada Temperance Act have been laid at the police court. Three remain undisposed of. There have been 26 convictions. The remainder have been dismissed.

MARINE NOTES.—The schooner Mary P. is loading potatoes at Peake's No. 1 wharf for New York.

The schooner Patriot left here yesterday for Summerside to load a cargo of potatoes for R. T. Holman for the United States market.

POLICE COURT.—Yesterday afternoon, Mrs. Eliza Mellett, Upper Queen Street, confessed to a first violation of the Canada Temperance Act, and was fined in the sum of $50 and $5.95 cost or two months imprisonment. This morning the case of Laughlan McLean vs. Mathew Doyle, for obtaining goods under false pretences, was further adjourned for one week.

Y. M. C. A.—There was a fairly large attendance at the meeting last evening, and there was considerable talk. A subscription list was started and three of those present put down their names for $100 each. However, as the others were somewhat dilatory about attaching their autographs to the subscription paper the matter was allowed to drop and the meeting adjourned without any definite action being taken.

THE FLORIDA-ELFIN DISASTER.—The Boston Herald says: Manager M. F. Plant of the Plant line has returned from Charlottetown, where he went to adjust the difficulty arising out of the collision of the steamer Florida with a ferryboat on her previous trip to that port. The loss of the company will be comparatively small, being confined to the reparing of the ferry slip—possibly $200. The damage to the ferryboat will be covered by the collision insurance.

ELECTRIC LIGHT.—It is pleasing to note, says the correspondent of the Guardian, that the energy put forth by the Summerside Electric Light, Heat and Power Company has been so far successful as to warrant them in ordering the plant to be put in at once from the Canadian General Electric Light Company, of Toronto, consisting of a 1,000 light dynamo with all the necessary fittings and appliances. This electric plant will be capable of furnishing either incandescent or arc lights and is of the latest pattern with all the newest inventions and improvements to date. The power plant consisting of 100 horse power, engine and boiler, smoke stack fittings, etc., has been ordered from Messrs. E. Leonard & Sons, London, Ont.

HOME NEWS FROM ABROAD.—The Moncton Times says: Mr. M. Lodge, representing VanMeter, Butcher & Co., returned from a trip to P. E. Island on Saturday. Mr. Lodge says horses are very cheap on P. E. Island just now. Seventeen were brought over to Point du Chene on Saturday, the average price of which would not exceed $35 or $40. While in Summerside Mr. Lodge visited the farm of Mr. W. A. Brennan, and says that gentleman has some very fine looking animals after Parkside, but very few of them are for sale. Produce is beginning to come into Summerside quite lively, potatoes being quoted at 25 cents. Oats are in demand chiefly for export to the West Indies though Mr. Lefurgey is preparing to send one cargo to England.

ACCIDENT AT MONTAGUE.—An accident that nearly terminated fatally occurred at Montague Bridge last night, at Poole & Thompson's wharf. One of the respected bachelor merchants of the village boarded a Newfoundland schooner at that wharf, with the intention of disposing of a cargo of produce. The negotiations between the two took a considerable time, and when the merchant left the schooner to go home he, having evidently got his bearings mixed, walked confidently over the wrong side of the schooner, and instead of stepping on to the wharf, was received in the cold embrace of the Montague River. The cries that soon rung out brought a number of people to the spot, and by them the man was quickly rescued and taken home. Advices from Montague convey no explanation of the mistake. It is emphatically denied that the schooner was turned about during the interview.—COM.

THE WEATHER.—Moderate to fresh east to south winds; fair and mild.

MOUNT ALLISON LADIES' COLLEGE.

SACKVILLE, N. B., Oct. 20.

At the concert in Beethoven Hall last evening there was a brilliant rendering of the subjoined programme. Since all the performances were of a very high order, it is difficult to specialize. But Mr. Lillebridge's piano solo, Beethoven's Aurora Sonata, and Mr. Chisholm's rendition of Les Adieux, by Sarasate, were in a marked degree meritorious. These gentlemen, who are the recently-appointed heads of the piano and violin department in the Mount Allison Ladies' College, have extraordinary qualifications for their high positions, and will doubtless more than sustain the enviable reputation the conservatory has hitherto enjoyed.

We have to congratulate Mr. Strang upon the promptitude with which his steamer, the Alameda, has been repaired. Western mails, brought over by the Alameda, were received in Charlottetown this forenoon.

There were registered at the Hotel Davies this forenoon:—Dr. Stewart, Georgetown; Mrs. J. E. McDonald, Cardigan; Mrs. Ernest Kinney, Yarmouth; L. Christie, New York; James McDonald, V. S., Summerside.

Mr. J. L. Larke, commercial representative of Canada to Australia, has visited many Canadian manufacturing centres, gathering information which will be useful to him in encouraging trade with the Pacific colonies and the settlements at the Cape of Good Hope.

A FREE MAN AGAIN.—About two days ago, says a Shediac despatch to the Moncton Times, Bowen Smith, Esq., of Cocaigne laid an information against a schooner captain named Purchase, belonging to Summerside, for converting to his own use a certain load of laths, etc., which he (Smith) placed in the schooner Ranger of which the said Purchase was captain, for the purpose of having it conveyed to New Glasgow, Nova Scotia, which Smith alleges was not done, but carried to Summerside and there sold by Purchase. The captain was arrested by Constable Beal, and for the past few days has undergone examination. In the meantime the schooner Ranger was seized by Smith. On Friday evening, however, the captain quietly settled the matter by taking a hasty exit from the lock-up here after the lock had been blown off by some unknown means.
