

The New York Herald and Reciprocity.

The New York Herald declares for reciprocity with Canada. The Herald seems to understand the state of affairs pretty well. We quote:—

"It was the refusal of the United States to renew the reciprocity treaty with Canada in 1866 that compelled the country to develop its own resources. The Intercolonial Railway, a system of canals and a confederation of the provinces were the direct result of the repeal of this treaty. During the continuance of that reciprocal commerce the United States always exported more to Canada than it imported from that country, and on the most stringent application of protectionist doctrine, derived the greater benefit from that trade.

"After the abrogation of treaty relations numerous and incomprehensible tariff duties were put in force along the northern frontier. Especially was this the case with duties on agricultural products, as the conditions of production are so nearly alike along the Canadian border as to make any attempt to discriminate purely artificial. The United States lost a customer, and Canada began to produce for herself. Further than this, commercial relations were fostered with other nations, and, with a consciousness of strength, a tariff war with this country was entered upon.

"What has been gained by our refusing to renew the treaty in 1866? Nothing. Everything must be set down as loss, and that by our own stupidity and pigheadedness. Our policy is now to court trade, not only with Canada, but with Mexico, the Central and South American States, and, in fact, with every nation which wishes to buy and is able to pay for its purchases in what we want. The Korean treaty is all very well as a diplomatic ruse, but as an instrument of commerce it is difficult to see how we are to gain by it. Our commercial interests lie with States nearer home."

The effect on the States of the repeal of the reciprocity treaty depends altogether upon the nature of the tariffs that took its place. So long as our neighbors were able to impose duties on our coal so high as to stop the exportation of Nova Scotia coal to Boston, and to almost prohibit the importation into the States of our potatoes and other agricultural products, while at the same time our neighbors were allowed to send in their coal and flour into Canada, free of duty, all went well, and Canada was the only loser by the change. But this was a game at which more than one could play. And the time had come when the citizens of the Republic have discovered that Canada can get along well without their produce as well as the said free and enlightened citizens can do without ours. We are vastly more independent of the States than we were when the treaty was repealed.—Halifax Herald.

Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from Kuby, O., July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AVER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McTear* (Ohio) Express, writes: "AVER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. It promotes the growth of new hair, and makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGELO FAIRBANKS, leader of the celebrated "Soprano Quartet" of Scottish Vocalists, writes from London, April 1, 1882: "Ever since my hair began to give signs of falling out, I have used AVER'S HAIR VIGOR, and I have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

Mrs. O. A. PRESOTT, writing from Elm St., Charlottown, Nova Scotia, April 1, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AVER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly use but one bottle of the Vigor, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AVER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.

MRS. SOPHIA POTTER'S

Bone Rheumatic Liniment

IT is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and swelling. It is no worthless trash, as some may suppose, simply because they have been imposed upon by others, but is positively the "King of Pain." Sore throat cannot stand before its power.

All we ask is a trial that you may be convinced of the truth of our statement. Our experience is that one bottle tried also sells many more.

See circular for particulars and testimonials, and try a bottle—it will not fail to do all that is promised.
