Certificate from one of the greatest Medical Men.

Copy of a Letter from Dr. Magrath, M.R.C.S., dated Duke Street, Adelphi, London, the 17th January, 1854.

To Dr. ANTROBUS,

Sir,—I feel great pleasure in attesting the virtues of your Persian Hair Restorative. Several parties who have been patients of mine having derived the most incontestable benefit from using it; and in fact of having written articles in the most respectable papers not at the present moment completely bad; one party I may mention in particular, who had been laid up with a swelling of the face, and was so afflicted that the attack however left her although as beautiful as ever in the face, still with scarcely any hair on her head...

THE HAIR DYE is the best I have ever seen or heard of, and has been used by many private acquaintances, with the most unbounded satisfaction.

(Signed) DENNIS MAGRATH.

Letter from Henry Finton, Court Hair Dresser and Wig Maker, of 124, Ludenhal Street, London.

To Dr. ANTROBUS,

Sir—Your Hair Restorative is one of the greatest blessings ever invented. Several of my patients are quite enraptured with it, and, as it becomes more and more known, I am sure it will be appreciated to me quite wonderful, the alteration it causes after using it for a few weeks, it exceeds any thing of the kind I ever used, and I can express any thing of the kind ever brought before the public, and as to your Hair Dye, I can sell all you can send me, it is so unquestionably good.

I am, Sir, yours faithfully,

(Signed) HENRY FINTON.
