## Notes from Long Creek.

The exterior of the English Church (with the exception of the tower) is under the able workmanship of Mr. Archibald McLeod, beginning to have a more finished appearance, and will be a very neat and pretty little structure, and reflects credit on the ability of the architect, Mr. Harris. The residents of Long Creek have shaken off their apathy in regard to their school house, and have started the erection of a new one to replace the old and shabby-looking one they have at present.

Mr. E. Turner has been renovating his residence, and with its new eave, finish and coat of paint, it looks quite spicy. Mr. Joseph Stretch, jr., has also been building a kitchen to the rear of his dwelling house which would seem to indicate that times were prospering round here, although the farmers complain about their being only half a crop of oats, but they expect to get remunerative prices for their potatoes, which are a pretty fine crop.

Fair Play Division, No. 163, met on Saturday, 29th, and elected their Officers for the quarter :

## Pullets Should be Laying.

Young pullets hatched in March and April ought all to be laying this month. Later hatched ones, if not laying by November, will probably, if left to themselves, not lay before spring when eggs are down to fifteen cents per dozen. A well-known poultry farmer showed us recently his account for last December with 125 pullets. The net profit for that month from eggs alone was $39.39; from the same pullets in April following the profit was $14.97, and he got 50 dozen more eggs in April than in December. Now this is a striking lesson to all who keep hens for profit. Get all the eggs you can this dull year when other crops are short, as eggs always bring cash. Probably 45 cents per dozen by Christmas. Therefore gat the pullets to laying early when prices are highest. Rev. S. W. Squires of Franklin, Mass., says: "For the purpose of seeing how many eggs I could obtain last winter from twelve hens, I used four large cans of Sheridan's Condition Powder. I believe it is the best preparation known to increase egg production. I saved part of the eggs for hatching after forcing the hens four months for all they were worth with Sheridan's Condition Powder, and I never had a greater per cent. of fertile eggs or more vigorous chickens. In brief, I do not believe I can afford to be without the powder to give health and vigor to young hens." Six cans of Sheridan's powder will pay a good dividend in eggs if you commence early. If you connot get it near home, I. S. Johnson & Co., 22 Custom House Street, Boston, Mass., (the only makers of Sheridan's Condition Powder) will send, for 50 cents, two 25-cent packs of powder; for $1, five packs; for $1.20, a large 2¼ lb. can, all post paid; six cans for $5, express prepaid; one large can of Powder, also one year's subscription to the Farm Poultry monthly, both sent post paid for $1.50. Sample copy of paper 5 cents. Send stamps or cash. Testimonials sent free.—oct7 dy6i w1i

THE LATE PROF. PHELPS.

The above is a portrait of the late Prof. Edward E. Phelps, M.D., LL.D., of Dartmouth College, He was a strong, able man, who stood high in the literary and scientific worlds. It is not generally known, but it is, nevertheless, the truth, that Prof. Phelps was the discoverer of what is known to the Medical Profession and Chemists universally as Paine's Celery Compound, unquestionably one of the most valuable discoveries of this century. This remarkable compound is not a nervine, an essence, a sarsaparilla or any devised article, but a *discovery*, and it marks a distinct step in medical practice and the treatment of nervous complications. It has been freely admitted by the best medical talent in the land, and also by the leading chemists and scientists, that for nerve troubles, nervous exhaustion, insomnia, debility, senility and even the dreaded and terrible Paresis, nothing has ever been discovered which reaches the disorder and restores health equal to this discovery of Prof. Phelps

Paine's Celery Compound is now being prepared in quantities, and can be procured at any reputable druggist. An attractive bunch of celery is to be found on every wrapper. It has become specially popular among professional men, mind workers, ladies burdened with exciting social duties and frequenters of the leading clubs.

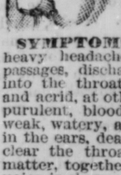
**$500 REWARD**



is offered by the manufacturers of **Dr. Sage's Catarrh Remedy,** for a case of Chronic Nasal Catarrh which they cannot cure.

**SYMPTOMS OF CATARRH.**—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza,** and **Catarrhal Headache.** Sold by druggists everywhere; 50 cents.

**"Untold Agony from Catarrh."**

Prof. W. HAUSNER, the famous mesmerist, of *Ithaca, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

**"Constantly Hawking and Spitting."**

THOMAS J. RUSHING, Esq., *2902 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

**Three Bottles Cure Catarrh.**

ELI ROBBINS, *Runyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."
