votes, have lessened the Morse requirements for their amateur-radio merit badge. Scout officials had considered dropping it completely, but changed their minds after appeals from the armed forces.

A Defeated Program

In April the United States Tariff Commission recommended increased duties on imported lead and zinc as protection for the domestic industry.

The bill would have provided principally for the following programs: 1. A 5-year plan to stabilize the prices of lead, zinc, acid-grade fluorspar and tungsten produced from domestic mines.

The noted scientist concluded his address by saying that he did not want to discuss the subject at length, because he felt that the public was "not yet ready to consider such ideas".

Treaty Of Friendship

The British Empire is safe for a while longer, if Queen Salote of the Tonga Islands has her way. Word from Nukualofa, the capital, is that the little Pacific Kingdom has signed a new treaty of friendship with Great Britain.

EDITORIAL NOTES

A new periodical called "Problems of Peace and Socialism" has appeared in East Germany. The purpose of the sheet, according to its sponsors, "is to consider the new problems created by powerful historical changes of our epoch on Marxist-Leninist Theory."

A report says that in its first 100 years the United States' petroleum industry has processed more than 104 "trillion" dollars worth of crude oil. In American usage a trillion is a thousand billions.

A Dying Language

A once-vital language that knitted the world together is dying, reports the National Geographic Society. This is the Morse code, now the specialty of a retiring group of older men, which seems destined eventually to have as few living users as Sanskrit.

Newfoundland fishermen are handicapped these days by shortage of bait. However, Nova Scotia herring fishermen are jubilant because they are receiving \$3.50 a barrel for the herring, compared with the normal price of \$2.75.

GETTING TO THE BOTTOM OF IT

National Bewilderment

By Patrick Nicholson Special Correspondent For The Guardian

The people of Canada are living under an entirely new system of government, which they neither understand nor know how to manage.

Atomic Radiation Report

By Dr. Peter Alexander United Kingdom Information Office

The report of the United Nations scientific committee on the effects of atomic radiation is very reassuring about the long-term health risks due to contamination of the surface of the globe by fallout from weapon tests.

The Issue At Little Rock

By George Kitchen Canadian Press Staff Writer

The central issue in the Little Rock school integration case is whether the United States Supreme Court should bow to mob rule and agree to postpone what it already has proclaimed to be the law of the land.

Obesity And Skin Diseases

By Herman N. Bundesen, M. D. TIME and again I have cited arguments against obesity.

It is a recognized fact that obesity promotes a variety of skin disorders. This is particularly true where opposing surfaces of the skin meet, such as the corner of the lips.

NOTES BY THE WAY

One thing about modern art is that things can be as bad as they are painted.—Irish Digest

In looking for at least one major cause of the lack of discipline among youngsters in our own land we might be justified in remark upon the extent to which the mother rather than the fathers dominate in the average North American home.—Calgary Herald

A study of childhood accidents reported in the Canadian Medical Association Journal found that the "frequency of accidents in- except in cases of proportion to the elevation of the temperature except in cases of poisoning and more boys than girls suffer accidents. Nearly half the mishaps occur between 12 noon and 5 p.m. and up to 80 percent, (especially among the toddlers) are injured while playing at home under the supervision of the mother.—North Bay Nugget

The Yukon is smaller than any of the Prairie Provinces, but half as big as Ontario. Its wealth production, already large, will become great for in addition to vast mineral resources it has farm and grazing lands, forests and immense hydro-electric potential.

OUR YESTERDAYS

(From The Guardian Files) TWENTY-FIVE YEARS AGO (Sept. 3, 1933) At the 33rd annual meeting of the P.E.I. Dental Association held in the Legion rooms last evening, a delegation representing the Department of Health waited on the meeting in connection with the establishing of Provincial Rural Dental Clinics, which the Women's Institutes have been for some time fostering and for which the Provincial Government, at its last session made a grant of \$1,000.

The I.O.D.E. Scholarship for this year has been awarded to Mr. E. Benjamin Rogers, son of Mr. R.H. Rogers of this city. The recipient graduated from Prince of Wales College in 1930, and from Dalhousie last spring. Mr. Rogers will leave for England the latter part of this month and will enroll as a student in the University of London.

TEN YEARS AGO

(Sept. 3, 1948) A resolution asking the Agriculture Prices Support Board at Ottawa to give a floor price on potatoes to provide the producer with at least the cost of production was passed at the opening fall meeting of the Summerside Board of Trade last evening. Mr. T.J. Inman of the Agriculture Committee moved the resolution stating that indications were that a bumper crop was expected this year and that the present trend was toward lower prices.

The Provincial Government in conjunction with the Dominion Government and the Fisheries Research Board is experimenting in improved methods of fishing in the coastal waters of the province that have not been tried here before. At Rustico, Tignish and Souris a long lining experiment with "flying sets" has been arranged to be run in comparison with the present "under-running" method.
