The Favorite

Medicine for Throat and Lung Difficulties has long been, and still is, Ayer's Cherry Pectoral. It cures Croup, Whooping Cough, Bronchitis, and Asthma; soothes irritation of the Larynx and Fauces; strengthens the Vocal Organs; allays soreness of the Lungs; prevents Consumption, and, even in advanced stages of that disease, relieves Coughing and induces Sleep. There is no other preparation for diseases of the throat and lungs to be compared with this remedy.

"My wife had a distressing cough, with pains in the side and breast. We tried various medicines, but none did her any good until I got a bottle of Ayer's Cherry Pectoral, which has cured her. A neighbor, Mrs. Glenn, had the measles, and the cough was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this

Cough Medicine

to every one afflicted."—Robert Horton, Foreman Headlight, Morrilton, Ark.
"I have been afflicted with asthma for forty years. Last spring I was taken with a violent cough, which threatened to terminate my days. Every one pronounced me in consumption. I determined to try Ayer's Cherry Pectoral. Its effects were magical. I was immediately relieved and continued to improve until entirely recovered."—Joel Bullard, Guilford, Conn.

"Six months ago I had a severe hemorrhage of the lungs, brought on by an incessant cough which deprived me of sleep and rest. I tried various remedies, but obtained no relief until I began to take Ayer's Cherry Pectoral. A few bottles of this medicine cured me. Mrs. E. Coburn, 19 Second St., Lowell, Mass.

"For children afflicted with colds, coughs, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of Whooping Cough."—Ann Lovejoy, 1257 Washington Street, Boston, Mass.

Ayer's Cherry Pectoral,

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists. Price 25¢; six bottles, \$1.

RELIABLE

A Strange Infatuation.

The Halifax Herald says:—"A fine-looking young lady, who came to this city from Boston on a visit to her sister, who resides at the south end, has become infatuated with a young Indian who lives near Entfield. Some days ago the young man, who was disposing of some baskets, was seen by the young lady at her sister's door. She asked the Indian in and conversed with him for fully half an hour. Since then the young man has called several times, and the sister finds it very difficult to keep the young lady from talking about her Indian lover. She says that nothing in the world will prevent her from going to the Indian's home. Every effort has been made to turn the girl against the man, but without effect, and it is expected that a runaway match will be the result."

A St. Louis man furnishes a hint for bald headed people. A few years ago, finding that he was getting bald, he discontinued wearing his hat while in his office. Then he began a systematic "dry scrub" of his head daily, with a coarse brush. He has now, it is told, a very satisfactory crop of new hair.

Local and Other Items.

DIPHTHERIA.—It is said that diphtheria is very prevalent in Fredericton.

PRESBYTERY.—The Presbytery of P. E. Island met in the Presbyterian Church at Summerside to-day.

CHRISTMAS TREE.—The Convent at Summerside is to have a Christmas tree, which will begin on the 20th and end on the 22nd.

DEAFNESS CURED.—A very interesting 132 page Illustrated book on deafness. Noise in the head. How they may be cured in. Post free 3d.—Address, Dr. Nicholson, St. John St., Montreal.

FIRE.—A despatch from Fredericton, N. B., states that Lewis Moore's house at Temperance Vale was destroyed by fire on Saturday. Most of the furniture was saved. The children were rescued with difficulty. The house was insured for \$400.

POLYGAMY.—The officials of the Department of Immigration at Ottawa say [Mr. Stenhouse's] language concerning polygamy at Cardston, N. W. T., is nonsensical. If he attempts to practise what he preaches he will hear from the Department of Justice.

CENSUS MATTERS.—In Toronto the assessors make an annual estimate of the population, but the city fathers think the population is considerably above the generally accepted figures and have ordered a special census to be taken on the 12th inst. All five towns feel the necessity of having a correct statement of the population more frequently than once in ten years.

ABOUT HOPS.—It is said that among the samples of Manitoba products on exhibition at the agency in Toronto are wild hops, which grow plentifully in the wooded districts and along the banks of rivers. It may be that some day those people who will persist in the habit of drinking beer will be able to detect the flavor of hops in it, a thing which is said to be rather difficult just now.

CONVICTED AT LAST.—An exchange reports that Augusta Fonda, a lawyer, was walking on the railroad track at Biloxi, Miss., when the engine struck him and threw him a considerable distance. He supposed that he was killed, but two physicians, after a long and careful examination, found that Mr. Fonda was not hurt in the least, and, after some difficulty, succeeded in convincing him of the fact.

WHO IS HE?—Says the Amherst Gazette:—A Prince Edward Island printer, out of funds, called on a rev. gentleman in town, who gave him \$2 to enable him to travel to the printer's brother's. In order to fortify himself better for the journey he stole a fur cap which he sold for rum. He was arrested, the cap was returned and his journey delayed for ten days by a sojourn at the county hotel.

DIDN'T KNOW IT WAS LOADED.—Last week, says the Sydney Reporter, an excise man at Margaree Harbor, C. B., grabbed at a parcel of goods which he thought came through minus the customs tariff. But, lo! the parcel contained explosive matters, and upon the man handling it roughly it exploded, throwing him about 20 feet. He was picked up unconscious and carried to his home. After a while he came to, and is now doing well.

SERIOUS ACCIDENT.—A painful and some what serious accident happened to Miss Barbara Schurman, daughter of Elijah Schurman, of the Back Road, last Wednesday evening. As she was walking home toward from Summerside she was overtaken by Mr. Jesse Barnett who was driving a cart. As is customary, she was invited to accept of the accommodation to lighten her walk. In jumping off at the house of her sister, Mrs. Wm. Williams, her dress caught in the truck in some way and she was pitched in, consequence, on her face and hands. Her face was cut in several places, and one of her thumbs put out of joint. Medical attendance was summoned and the wounds dressed.—Pioneer.

HARD WEATHER.—The Richard Thomson had a rough time making Summerside harbor last Friday morning during the blow. This vessel left on Thursday morning about three o'clock, but had light winds till the blow through the night, when, as they were about a mile off from the lighthouse, the mainsail split into ribbons and so rendered the vessel almost unmanageable. Capt. Thos. Walsh at once cast the anchor, but as the water was shoal about daylight they hove the anchor and tried to get off the shore. The vessel was only in a condition now, however, to go before the wind, which as it was northerly would only take them away from the harbor. In their straits a distress signal was hoisted, and eventually the Frank C. Batt went out to her assistance and towed her in to the wharf.—Pioneer.

The Australians disclaim any wish to lessen the constitutional responsibility of the English Government for the appointment of their governors, and the governor of New South Wales favors sending a delegation to England to confer with the home authorities on the subject, thinking that there will be no objection to their wishes when their nature is correctly understood.

By an enormous coinage of silver the United States mint makes money for the nation, though in part, in a questionable way. In 1887 some 37,718,672 silver dollars were turned out of the mint. The raw material of one of these dollars cost the government on an average only 73.84 cents, the average price paid for silver being 95.47 cents per ounce. The gross earnings of the mint in the year was, therefore, no less than \$8,407,922. This is exclusive of the earnings in minting the larger silver coins. In ten years the government stamp upon the silver coined has given an increase of \$49,400,000 in value, that sum representing what the mint has earned, a large portion of which is profit.

One of the reasons why Scott's Emulsion has such a large sale is, because it is the best. Dr. W. H. Cameron, Halifax, N. S., says:—"I have prescribed Scott's Emulsion of Cod Liver Oil, with Hypophosphites for the past two years, and found it more agreeable to the stomach and have better results from its use than any other preparation of the kind I have ever used." Sold by all druggists; 50¢ and \$1.00.

"I heard my husband use the expression 'half shot,' remarked Mrs. Cumso. 'What do you suppose it means?' 'I don't know,' replied Mrs. McCrackle, 'unless he referred to someone who was wounded by a pistol which is half-cocked, I think that must be it.'"

Four thousand Men's Womens' and Children's Rubbers and Overshoes, best American and Canadian makes, selling at the cheapest prices ever sold in Charlottetown, at the Dominion Boot and Shoe Store. nov29 dw 17

News in Brief.

Labor strikes are occurring throughout Italy.

Five colored men have been elected to the Texas legislature.

Lansing, Mich., physicians have combined to protect themselves from bad pays.

The Wizard Oil Co. open for a short season in Moncton on the 31st inst.

The Sacred College at Rome has decided to allow Catholics full liberty of action regarding elections.

A Belgian dynamiter named Fraude, who has achieved considerable notoriety, was arrested at Arrantieres.

Russia will dispatch a peremptory demand to the Persian government to grant an exequatur to the Russian Consul at Meshid.

Ex-Empress Frederick took with her to England six immense trunks crammed with precious articles left by Emperor Frederick.

Upon the menu of the Lord Mayor's dinner, at which the premier always speaks, there was printed, "After Salisbury, dancing."

Mr. Gladstone has begun classifying his letters and papers. He has a little batch of 60,000 letters that he thinks worth preserving.

Many people along the Massachusetts coast recovered a winter stock of flour and meal from vessels wrecked during the storm of last week.

A suit for libel is to be brought against a Brooklyn newspaper by a prominent politician because the paper referred to him as a "wind jammer."

The people on the German coast of Zanzibar refrain from sowing crops through fear of the insurgents, and the situation generally is very bad.
