CHARLOTTETOWN Business College
—AND—
Writing Academy
Will re-open for the Fall and Winter Term
ON AUGUST 29th.

("Let the Searchlight of Practice illuminate the dark places of Theory")

A THOROUGHLY Progressive, Practical Institution, in which young men and women are not only taught Bookkeeping (in all its applications to Commerce) both by single and double entry, but are trained how to do business by actual business transactions. The students act as buyers, sellers, traders, bankers, book-keepers and accountants in actual business operations, and the currency issued by the College Bank, and the mdse. issued from the Emporium are used in bonafide business transactions, just the same as in mercantile and banking houses. Book-keeping in itself may be learned at home, but a knowledge of how to transact business cannot be thus acquired. That our course and system of training is eminently practical will be testified by testimonials from business men and from students who are now holding lucrative and responsible positions.

SUBJECTS:

Book-keeping by single and double entry (theoretical and practical) Actual Business Practice, Business Penmanship, Business Correspondence, Commercial Arithmetic, Commercial Law, Railroad, Steamboating, Banking (actual practice in the College Bank), Typewriting, Shorthand, and Navigation.

FACULTY:

L. B. Miller, Principal, Teacher of Book-keeping, Arithmetic, Business Practice, Business Correspondence, Typewriting and Navigation.
A. C. McMillan, Vice Principal, Teacher of Railroad, Steamboating, Banking, Accounting and Actual Business Practice.
J. Harry Williams, teacher of Business Penmanship.
Wm. Moran (licensed) Teacher of Shorthand.
George S. Enman, Esq., [Law Firm McDonald & Inman] Lecturer on Commercial Law.

ISLANDERS DEATH.—The death of Mr. Addison Macleod recently occurred after a short illness in California. He belonged to Valleyfield, and taught school in the Island for about ten years.

WHERE DIPHTHERIA PREVAILS.—The Chatham Advance says: Diphtheria appears to be spreading in Chatham. It is stated that, in some cases, children from houses where the disease prevails have been allowed to attend the public schools. The schools have been closed for a week as a precautionary action.

A BOY HEALER.—A little boy of three years, whose parents belong to Caraquet, is affirmed to possess power as a healer of diseases by simply passing his hand over the body or diseased part. Many cures are ascribed to him, in one case giving a dumb man speech. The parents do not take pay for the child's work. They say he is sent of God, and they should not take pay for the good he does humanity.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winsloe's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs Winsloe's Soothing Syrup.

A BAD TOWN.—Kentville, N. S., according to the Wedge of that town, is a very lawless place. The Wedge specifies one day, or "hot hell," to go past which is liable to subject any citizen to "violent and profane abuse" and adds: "There are clergymen in this town who have been obliged for months past to carry loaded weapons in their pockets, even in going to their church services on Sunday, for fear of bodily harm, through the threats made by these parties, and a desire on their part to protect themselves against such treatment by desperadoes, who seem to be protected, instead of the citizen."

COUNCIL OF WOMEN.—The monthly meeting of the Local Council of Women, was held in the Prince of Wales College last Saturday October, 28th. The President in the chair. Various reports were read, that of the labor bureau showing a much greater demand for laborers than applicants to fill the same; especially in domestic service. Most of the work outlined for the past year had been taken up, one exception being a home for the aged poor; but the Council are not disheartened, and hope in the near future to interest our benevolent people in this very worthy object. The President read extracts from the press reports of the Council just held at Hamilton, Ontario, which was graciously presided over by Lady Aberdeen. A patriotic club was then proposed to help our Canadian contingent, and a committee of three ladies appointed to obtain information as to the best plan of work and organization of the same. There was also a circular read from the Halifax School for the Blind, asking for help to add to their circulating library of raised print books, which are such a boon to those deprived of sight. This appeal was left to be discussed at the next council meeting to be held in P. W. College on Wednesday, Nov. 8th.
