## Triumphs over the Worst Forms of KIDNEY... DISEASE

The wonderful success of Dr. Chase's Kidney-Liver Pills adds to the fame of the great doctor whose name is familiar in almost every home as the author of the world famous Recipe Book.

Scores and thousands of grateful men and women have been rescued from the miseries and dangers of kidney disease by this greatest of all kidney cures.

Mr. D. C. Simmons, Mabes, Ont., writes: "My kidneys and back were so bad I was unable to work or sleep. My urine had sediment like brick dust, I was compelled to get up four or five times during the night. I saw Dr. Chase's Kidney-Liver Pills advertised and concluded to give them a trial. I have only used one box and am completely cured. I was a great sufferer for 18 years, but my kidneys do not bother me now. I enjoy good rest and sleep and consider Dr. Chase's Kidney-Liver Pills a boon to suffering humanity."

## For Business Men

### A Tale of Hard Times.

Two gay young frogs, from inland bogs, Had spent the night in drinking; As morning broke and they awoke, While yet their eyes were blinking A farmer's pail came to the swale And caught them quick as winking. Ere they could gather scattered senses Or breathe a prayer for past offenses, The granger grave—that guileless man— Had dumped them in the milkman's can.

The can filled up, the cover down, They soon are started off to town. The luckless frogs began to quake And sober up on cold milk shake. They quickly find their breath will stop

Unless they swim upon the top. They swim for life and kick and swim Until their weary eyes grow dim; Their muscles ache, their breath grows short,

And gasping, speaks one weary sport: "Say, dear old boy, it's pretty tough To die so young; but I've enough Of kicks for life. No more I'll try it; I was not raised on a milk diet."

"Tut tut, my lad the other cries; 'A frog's not dead until he dies; Let's keep on kicking; that's my plan; We may yet see outside this can,'

"No use, no use," faint heart replied Turned up his toes and gently died. The braver frog undaunted still, Kept kicking with a right good will, Until with joy to churn too utter, He found he'd created a lump of butter.

And climbing on that chunk of grease, He floated round with greatest ease.

MORAL.  
When times are hard no trade in town— Don't get discouraged and go down; But struggle still—no murring utter— A few more kicks may bring the butter. —Boston Traveller.

### Making it Plain.

You cannot make your advertisements too plain. It is better to have them too plain than not plain enough. If you make the ad so plain that even a fool can understand it, you are sure to be understood by the smart people. Of course you will say that any one of ordinary intelligence will know what it means at once; but just think of the list of people you know and see how many of them possess ordinary intelligence. You remember the old Quaker's remark to his wife: "All the world are fools but me and thee, and sometimes I think you are a little queer." There are a great many people in the world who do not know enough to go in out of the rain, and the money of these people is just as good as that of anybody else.—Bates.

### The Power of Advertising

Properly applied," observed the old advertising man, "advertising is a force which has no peer in strength over the public mind. It is the greatest scientific triumph of the century. It suggests what we shall eat, where-with we shall be clothed, and even what we shall pay for it. It creates a wish for things which the public never knew or imagined it wanted. It offers to supply a

demand before the demand is made, while previous to the days of modern advertising methods the supply only followed a manifestation of the desire for its presence.—Profitable Advertising.

### Bred In the Bone.

"Have you no mercy?" she shrieked, "No" hissed the villainous drug clerk, "but," he murmured, absent-mindedly "we have something just as good.—New York Journal.

No man can build himself up by disparaging his competitors. He will bring down on his own head just as much disparagement as he gives.—Agricultural advertising.

—The man who is perpetually talking about what he would do if he only had a fair chance is simply overrating the practical value of his good intentions.

A peculiar thing about the road to business success is that it runs uphill—if you stop pushing your ball it will roll down.—Bates.

## A Guaranteed Asthma Cure.

### Clarke's Kola Compound Cures.

Some years ago this would have been considered an impossibility, but Dr. Clarke solved the problem since completing his experiments with the wonderful Kola plant in England. In December, 1893, he found that by combining extracts from the Kola with other extracts made from the Groudon plant which grows in California, the compound would cure the severest cases of asthma. Upon experimenting in one of the leading London hospitals, he found that 95 per cent of the cases were cured in from 60 to 90 days' treatment. Since the introduction of this remedy into Canada in 1895 there have been over 500 cases cured in Canada alone. Mr. R. N. Hume, C. P. R. engineer, Western Division, writes: "I have been a great sufferer from asthma in its worst form for over twenty years, and never succeeded in getting anything to help me permanently until the C. P. R. doctor prescribed Clarke's Kola Compound for me in December, 1895, when two bottles entirely cured me; at least, I have not since had any return of the asthma. I am personally acquainted with at least six persons who have been cured from asthma by Clarke's Kola Compound, and feel it my duty to recommend it to all who may be troubled with this disease."

Three bottles are absolutely guaranteed to cure. A free sample bottle will be sent to any person troubled with asthma.

## WOODSTOCK WONDER.

### A Crippled Rheumatic Restored by Dodd's Kidney Pills.

Woodstock, Ont., May 22.—Never, in the social history of this town since the B. Hall trial, has such great interest been shown as the "Cutmore Case" has caused.

Mr. C. J. Cutmore, 91 Main Street, was crippled by Rheumatism and Lumbago during five years. He couldn't sit and straight, and had to be helped from his room.

Today he is straight and strong; sound in every limb, thanks to Dodd's Kidney Pills. Other remedies were used, but did no good. Dodd's Kidney Pills cured him.

### Build Up.

When the system is run down, a person becomes an easy prey to Consumption or Scrophula. Many valuable lives are saved by using Scott's Emulsion as soon as a decline in health is obtained.

The statement from Manila that Admiral Dewey is in greater dread of the reception in store for him when he shall set foot on his native land than he was of his reception at Manila when he visited that port in the early morning of May 1, 1898, without asking permission of the commanders of the Spanish forts and fleets, is probably correct. The lion hunters, souvenir collectors, hero-worshippers, etc., are preparing for a vigorous campaign.

To all who find themselves with health gradually slipping away, Kidneys and Liver so disorganized that they are incapable of keeping the system free from poisonous waste material, Stop such Disorders, Bowels constipated, Head Aching, Back Painful, take Dr. Chase's Kidney-Liver Pills. The quick way they help you back to health will surprise you.

The books of W. A. Weeks & Co. will be placed in the hands of their attorney for the collection of all unpaid accounts, on the fifteenth of May. Save expense by calling at our office and settling before that date.—W. A. WEEKS & Co.
