

A want in belief is a defect that ought to be concealed when it cannot be overcome.

In politics it is a Machiavellian holy maxim that some men should be ruined for the good of others.

West Queens Women's Institute District Convention at Fredericton Hall Friday afternoon, June 20 at 2 o'clock. Display — "Antiques". Public meeting 8 p.m. Guest speakers.
Seven Mile Bay hall, Wednesday, June 18, Indian River Dramatic Club will present their Drama Festival winning play "Eyes of Love", 8:30. Sale of candy. Admission 50 and 25. Pleading specialties.

Police claimed a quick confession from a porter employed in a Pall Mall political club. No motive for the slaying was disclosed. Countess Skarbek, 37, onetime beauty contest queen in Warsaw, matched wits with the Gestapo in occupied Europe for five war years.

Twice captured by Nazi agents, she escaped to carry on as a saboteur and fighter in the French Maquis. She was honored with the George Medal for valor and was made an officer of the Order of the British Empire. France awarded her the Croix de Guerre. Recently she had been employed as a stewardess on the liner Winchester Castle.

Heard Screams
Fellow guests at the Shelbourne Hotel heard her screaming "Get him off me!" shortly after midnight. They found her dead with a knife wound in her chest.

Police arrested Dennis G. Muldowney, 41, porter at the Reform Club, a liberal political organization. Muldowney was arraigned on a murder charge and jailed pending a hearing July 1.

Chief Inspector George Jennings said Muldowney told the officers when arrested: "I killed her. Let's get away from here and get it over quickly." Countess Skarbek volunteered for the British secret service soon after the fall of her native Poland. Sent to Hungary to make contact with underground groups in the occupied areas, she was credited with establishing an escape route for hundreds of Allied soldiers trapped by the sudden fall of France.

Fled to Turkey
After her second escape from the Gestapo she fled to Turkey. She trained as a parachutist and was dropped into France to work with the Maquis underground fighters. The countess kept in touch with the British secret service by radio and directed a widespread program of sabotage.

She fought with the Italian partisans during the late stages of the European campaign in Northern Italy. In 1947 she became a British citizen and adopted the name Christine Granville, one of the aliases she had used as a spy.

N. B. GIRL DROWNED

FREDERICTON, June 16 (CP) — Dragging operations commenced today in an effort to locate the body of Gloria Duplessis, 19, drowned last night while swimming with several companions in the Magaguavic River. No decision has yet been made on an inquest.

Dance at Gordon Lodge every Friday night. Music by Robichaud.

Dance every Friday night, South Rustico hall. Music by the Charlottetownians.

Covehead picnic, Wednesday, July 30 at St. Eugene's parish grounds.

All taxes due St. Ann's school, Lot 22, must be settled with the secretary not later than June 21. By order of trustees.

Farmers, ask about the Shu Gain Feed Finance Plan. For particulars contact your local feed mill.

Dancing Stanley Bridge Rink Hall every Tuesday night. Music by Munro's Orchestra, 9 to 1.

The Y.P.U. players of Mt. Stewart, will present "M'Liss, My Western Miss" in Tracadie Hall, June 18, 8:30 p.m.

Enjoy a laugh at Winsloe Road Hall tonight when Winsloe Players present the final performance of their humorous plays "Courtin'" and "Married At Sunrise" with added specialties. Sale of cake and ice cream.

Arriving this week carload ground barley and oats, also pure barley meal. Carload Pioneer feeds, carload Asphalt shingles. Special low prices. R. L. Dickieson, New Glasgow.

The district convention, comprising the Women's Institutes of Mount Stewart, Cherry Hill, Head of Hillsboro, Pisquid West, Pisquid East, Fort Augustus, St. Patrick's Pond, Glen Roy, Ten Mile House and Fanning Brook, will be held in Mount Stewart Legion Hall, Wednesday, June 18, at 2 o'clock. Guest speaker, Mrs. Lawson.

Thousands Of Commuters Fail To Get To Work

NEW YORK, June 16 (AP) — Employees of the Long Island Railroad, busiest passenger line in the United States, went on strike today, stranding 150,000 commuters who jammed themselves onto highways, buses and subways.

Thousands never got to work at all—unwilling to buck the frightening confusion of bumper-to-bumper highways, overloaded buses and rush-hour subways jam-packed beyond capacity. Other thousands grimly elbowed their way to work, their passage heightening the perpetual traffic jam of New York City.

The surprise strike of motorists and engineers started at 4 a.m. when most of the city was asleep. Few commuters, who make up most of the bankrupt railroad's round-trip total of 300,000 fares a day, were aware they were stranded until they showed up at L.I.R.R. stations. They found them empty.

Federal mediators were trying to iron out the dispute over working conditions under a new national railroad agreement of last May 23. Wages were not an issue. The union said it feared the elimination of many jobs.

The L.I.R.R. asked that President Truman be advised of the strike, which it branded "wholly unauthorized, a clear violation of the National Railway Labor Act." The L.I.R.R. fans out from Pennsylvania Station and from Brooklyn, the main link for the hundreds of thousands of people who live on Long Island but work or shop in New York City. It operates 600 trains a day, some of them as far as Montauk Point on the eastern tip of the Island 125 miles from New York.

Reports Atom Power Plant Being Constructed

SARNIA, Ont., June 16 (CP) — Carl O. Nickle, Progressive Conservative member of parliament for Calgary West, said in an interview today he has learned that North America's first atomic power plant is under construction in the state of Michigan, about 200 miles from this border city.

Mr. Nickle, here for an address to a service club, said the American plant is being built by a private company at "tremendous cost" and will be used to supply power to a large U.S. chemical company. He said the plant would use uranium 235 as a source of heat to transform water into steam. The atomic power plant was scheduled to be complete and in operation by the end of the year.

On its completion, a similar plant would be constructed by the same company in the heart of the Texas gas field.

Queens-Shelburne Likely To Disappear

OTTAWA, June 16 (CP) — The Nova Scotia constituency of Queens-Shelburne, established in 1947, likely will be dropped in the next readjustment of representation in the commons.

A report submitted today to the commons committee on redistribution recommended elimination of the constituency, now represented by Donald Smith a Liberal.

Father And 6 Children Burned To Death In Ont.

NORTH BAY, Ont., June 16 (CP) — Fred Thibeault, 40, died today with six of his nine children when fire swept his tarpaper-covered home in suburban Widdifield township. His wife Judy, 39, was severely injured when she fell or jumped from an upstairs window. Two children thrown to safety from the second-floor bedrooms, Lee, 7, and Lorna, 9 were admitted to hospital. Dead besides the father are: Gerald Thibeault, 16; Rene, 10; Lynn, 7, a twin of Lee; John, 5; Patrick, 4; and Elizabeth, 2 1-2. Firemen said the father died with a child in each arm. Another son, Marvin, 15, left for work shortly before the fire broke out. Neighbors criticized an arrangement which requires permission from township authorities before

Commons Committee To End Cattle Disease Probe

OTTAWA, June 16 (CP) — The commons agricultural committee today voted 28 to 9 to end an investigation into the foot-and-mouth disease outbreak and present a report to the commons.

Social Credit members voted with the Liberals to support the motion sponsored by J.I. Hetland (L.—Humboldt). The C.C.F. and Progressive Conservatives voted against it. A O.C.F. amendment, sponsored by Percy Wright (Melfort), to call for further witnesses, was defeated 23 to 9. The C.C.F. obtained support from the Progressive Conservatives. Liberals and Social Credit members opposed it. The voting means an end to the parliamentary investigation that was started more than two months ago.

Island Participation In Farm Improvement Loans Noted In Annual Report

Farm Improvement Loans This Year

OTTAWA, June 16 (CP) — In the first four months of this year, loans of \$36,084,000 have been made under the Farm Improvement Loans Act the government informed the commons today.

Replies to questions from W.J. Browne (P.—St. John's East), it said in a return that 23,525 loans were made during the period. The government partly guarantees the loans for improving farm properties. Loans by provinces in the first four months of the year with the number in brackets: British Columbia \$63,000 (593); Alberta, \$7,352,000 (6,490); Saskatchewan, \$9,162,000 (8,092); Manitoba, \$3,177,000 (3,064); Ontario, \$8,803,000 (3,153); Quebec, \$1,305,000 (1,125); New Brunswick, \$1,666,000 (160); Nova Scotia, \$167,000 (163); Prince Edward Island, \$310,000 (319); Newfoundland, \$7,000 (6).

For the period between April 1, 1951, and April 30, 1952, the government reported, there were 89,681 loans totalling \$101,648,000.

N. S. Dispute With Federal Gov't Argued

HALIFAX, June 16 (CP) — A \$1,400,000 dispute between the Federal Government and Nova Scotia was argued here today before a special three-man arbitral tribunal. No decision was given at the end of the four-hour hearing.

The argument concerns the manner of calculating the amount the Federal Government will pay Nova Scotia as compensation for vacating the direct taxation field. The agreement is based on a formula which include the provincial population, the population of Canada and the gross national product.

Ottawa contends that payments made prior to the 1951 census, based on an estimate, are subject to final calculation on the basis of census information now available. It was discovered by federal officials that the Nova Scotia population had been over-estimated.

Russia Revives Lend-Lease Negotiations

WASHINGTON, June 16 (AP) — Russia revived long-dormant lend-lease negotiations with the United States today in one of a series of new Soviet diplomatic moves. At the unexpected request of Moscow, officials of the two governments arranged a conference today to resume negotiations for settlement of Russia's \$11,000,000-000 Second World War lend-lease account. Negotiations have dragged out for more than five years, and have been deadlocked since last August. Russia took the initiative in asking for the new talks, without indicating what she might propose. The last Soviet lend-lease offer, under discussion when talks ended 10 months ago, was to pay \$300,000,000 for a final settlement of the U. S. claim for arms and other equipment supplied. The U. S. asking reimbursement only for civilian type goods left over on V-J-Day, has held out for \$800,000,000. The U. S. also has been pressing Moscow, thus far in vain, to return 672 ships turned over to the Russians in the lend-lease program. As a way out of the deadlock, the U. S. has proposed international arbitration.

Claxton To Seek Agreement At Washington

OTTAWA, June 16 (CP) — Canada is looking towards the Korean front as a possible market for surplus beef. Defence Minister Claxton, stricken Saturday by the drowning of his 22-year-old younger son, flew to Washington today for a round of talks with United States defence officials and an effort to get Canadian beef flowing to Korea.

Mr. and Mrs. Claxton flew to Washington together after deciding that the best way to meet the shock of the death of their son was to carry on with original plans. The talks are slated to cover small-arms standardization and the situation in Korea and Europe as well as the meat situation. Canadian farms are producing more beef than Canadians can absorb with the United States market closed because of the foot-and-mouth outbreak. The government hopes to sell much of the surplus to the U. S. army for use in Korea. The Buy-American Act may prevent the U. S. from purchasing Canadian meat for American troops but it is thought some arrangements can be made to get it used at least for non-American troops.

Canada now pays the U. S. so much a day to feed 8,000 Canadian troops in the Far East. The U. S. provides the food. Canada does it this way to prevent the tremendous cost of establishing her own supply pipeline. However, she may be able to strike a bargain to cut costs by paying for them through beef shipments.

Halifax Strike To Be Continued

HALIFAX, June 16 (CP) — Two striking construction workers were charged with causing property damage in nearby Dartmouth tonight after a rock-throwing incident during which windows of a car were smashed. Officials of the 5,000 striking workers, meanwhile, announced that a compromise wage offer has been rejected and that the three-week strike will continue. Richard Gionet and Henry Eddy, both of Westphal, N. S., were placed in Dartmouth lockup after charges of causing property damage had been laid against them.

Soviet Jets Shoot Down Swedish Flying Boat

STOCKHOLM, Sweden, June 16 (AP) — Two Soviet jet fighters, one firing bursts from 20-mm. cannon, blasted an unarmed Swedish Air Force flying boat from the skies today, plunging it into the Baltic. The crew of seven, including two wounded, was rescued by a small freighter. Immediately, an aroused Swedish Government, reflecting the anger of shouting, jeering crowds which surrounded the Soviet embassy here, protested this "act of violence" and demanded swift punishment of "those responsible for the outrage."

At the time of the attack about 60 miles off the Soviet-held Estonian coast — in an area where the Russians are reported to be holding vast sea and air maneuvers — the Swedish plane was searching for a Swedish Air Force transport plane missing since Friday with eight aboard. This plane, too, is believed to have been shot down by the Russians.

Only 8 Seats Decided In First Count In B.C.

VANCOUVER, June 16 (CP) — C.C.F. leader Harold Winch was declared elected in Vancouver East today as results continued to dribble in from last Thursday's British Columbia general election. Arthur Turner, Mr. Winch's running-mate in the riding, was also elected. Both had clear majorities on the first count under the alternative voting system. Election of five Social Credit Candidates and one C.C.F. candidate had been indicated earlier. Mr. Winch was the first party leader assured of a seat in the new legislature. Liberal Premier Byron Johnson had only a three-vote lead over a C.C.F. candidate in New Westminster at completion of the first count while Progressive Conservative leader Herbert Anscomb was trailing Liberal Archie Gibbes in Oak Bay by more than 1,000 votes. Mr. Winch had a majority of

U. S. Orders 24-Hour Watch For Intruder Planes Starting July 14

WASHINGTON, June 16 (AP) — Orders went out from the Defense Department today to watch the border skies 24 hours a day starting July 14. Hundreds of thousands of civilian defence workers are ready to man their airplane-spotting stations on an around-the-clock basis next month to look for possible intruder planes. A vigilante chain of volunteer ground observers will go on duty in 27 states, stretching north along the coast from North Carolina to the Canadian border and thence west to the Pacific coast and south to San Diego. This is "Operation Skywatch," first scheduled to start May 17 but postponed until July 14 to allow civilian defence leaders to organize their forces. Maj.-Gen. Frederic H. Smith, Jr., deputy director of the Air Defense Command, told a press conference the 24-hour guard is essential because "The Soviets have had the capability for some time to attack us."

The importance of reading, and reading the best in literature, was stressed last night by Professor Brendan O'Grady, M.A., of St. Dunstan's University, in his address to the graduating class of Notre Dame Academy. He warned, however, that it is easy to do the right thing for the wrong reason, that it is necessary to learn to distinguish good from bad in literature, saying that "never have so many people been able to read and write, and never has the printed word and picture been put to lower uses."

Chinese Big Guns Go Into Action Again

SEOUL, June 17 (Tuesday) — (AP) — Big Chinese guns began pounding Allied lines again Monday night while a Communist battalion marked time in the battle during the last six days for a hill mass on Korea's western front. The Chinese have counter-attacked each day since United States infantrymen won the top of the "M" shaped hill west of Chonwon. The Americans drove back the Chinese battalion again Monday morning after seven hours of bloody fighting. An Allied officer reporting from the front said he could not say immediately if the Chinese had started a new attack to drive United Nations troops off the three knobs they hold at the southern end of hill "M". The hill overlooks one invasion route to Seoul, 50 miles south. Up to Sunday night, U.S. troops had killed and wounded more than 1,000 Chinese. U.S. officers said, making it the heaviest battle for a U.S. division since last November. (The Communist Pyongyang Radio said U.S. casualties—killed, wounded or captured—totalled 1,100.)

He warned, however, that it is easy to do the right thing for the wrong reason, that it is necessary to learn to distinguish good from bad in literature, saying that "never have so many people been able to read and write, and never has the printed word and picture been put to lower uses."

Chinese Big Guns Go Into Action Again

SEOUL, June 17 (Tuesday) — (AP) — Big Chinese guns began pounding Allied lines again Monday night while a Communist battalion marked time in the battle during the last six days for a hill mass on Korea's western front. The Chinese have counter-attacked each day since United States infantrymen won the top of the "M" shaped hill west of Chonwon. The Americans drove back the Chinese battalion again Monday morning after seven hours of bloody fighting. An Allied officer reporting from the front said he could not say immediately if the Chinese had started a new attack to drive United Nations troops off the three knobs they hold at the southern end of hill "M". The hill overlooks one invasion route to Seoul, 50 miles south. Up to Sunday night, U.S. troops had killed and wounded more than 1,000 Chinese. U.S. officers said, making it the heaviest battle for a U.S. division since last November. (The Communist Pyongyang Radio said U.S. casualties—killed, wounded or captured—totalled 1,100.)

Graduation Exercises At Notre Dame Academy

By Milo Farnell
The importance of reading, and reading the best in literature, was stressed last night by Professor Brendan O'Grady, M.A., of St. Dunstan's University, in his address to the graduating class of Notre Dame Academy. He warned, however, that it is easy to do the right thing for the wrong reason, that it is necessary to learn to distinguish good from bad in literature, saying that "never have so many people been able to read and write, and never has the printed word and picture been put to lower uses."
