The "HORTICULTURIST," And Journal of Rural Art and Rural Taste.

THE Subscriber, who has long been connected with Mr. BARRY, as one of the editors of the *Genesee Farmer*, has purchased the *Horticulturist*, so ably conducted by A. J. DOWLING, and after the conclusion of the present volume, it will be Published at ROCHESTER, and Edited by P. BARRY, assisted by many of the best Horticulturists of the country, whose communications will materially add to its value. The ARCHITECTURAL DEPARTMENT will be conducted by gentlemen of ability and reputation.

To render the work accessible to a greater number, and consequently more beneficial, the price will be reduced to TWO DOLLARS per year, *in advance*, and at the same time various improvements made. Each number will contain a full page engraving of some new, rare, and valuable fruit or flower, drawn from nature, and engraved in a style not excelled.

Still further to add to the value of the work, and meet the improving taste and increasing wants of the horticultural community, we shall also publish an edition with COLORED PLATES, each number containing a full page engraving of some new, rare, and valuable fruit or flower, correctly colored from nature, by the best living artists in this line. This will be a new and important feature, in this country, and must command the attention and patronage of both professional and amateur Horticulturists. As the number of colored plates we can furnish will be limited, from the care and time required in their preparation, those who wish the *Colored Edition of the Horticulturist* for 1853, will do well to order immediately. Price with colored plates, FOUR DOLLARS, *in advance*.

All who cultivate fruit or flowers, should read the *Horticulturist*, as it is devoted entirely to Horticulture, and its kindred arts, Landscape Gardening and Rural Architecture, and will keep its readers advised of everything new on the subject, either in Europe or America.

It will be our aim not only to make the *Horticulturist* superior both in style and matter to any work of the character in this country, but equal to any of the Horticultural Journals of Europe; and we confidently ask the aid and co-operation of the Horticulturists of the country. The work is published monthly, and contains forty-eight large pages, without advertisements, stitched in a beautiful and appropriate cover.

PROSPECTUS OF THE Charlottetown Gas Company.

PROVISIONAL COMMITTEE:

Hon. DANIEL BRENAN, Chairman;

Hon. Charles Young,	Hon. W. W. Lord,
Hon. Charles Hensley,	Hon. Joseph Pope,
Francis Longworth, Esq.,	James Walkinshaw, Esq.,
Mr. James Anderson,	Henry Haszard, Esq.,
Hon. George Birnie,	Mr. George Beer,
James D. Haszard, Esq.,	George DeBlois, Esq.

THE superiority and advantages of Gas over every other method yet discovered for lighting Towns are so self-evident and so universally acknowledged, that it would be superfluous to dilate on the subject; and it is only surprising that, while every Town and considerable Village in Great Britain, as also many Towns in the neighbouring Provinces, are lighted by Gas, this, the Capital of Prince Edward Island, should be still in darkness.

To supply this desideratum, it is now proposed to form a Joint Stock Company—to be Incorporated by an Act of the Legislature—with a subscribed Capital of £6000, in 1200 Shares, of £5 each, to be managed by a body of Directors, annually chosen by the Shareholders.

As many of the inhabitants of Charlottetown may be comparatively unacquainted with the practical results of Gas Companies, it may be proper to observe, that a Joint Stock Company for the purpose of lighting the Town with Gas, can hardly be called a *speculation*; because it is now ascertained, by reference to the annual Reports and Dividends of the Gas Companies of Great Britain, and some of the neighbouring Colonies, that wherever they have been managed with ordinary prudence and economy, they have yielded a certain and steady return of annual interest on the capital invested.

Previous to bringing the scheme before the public, the Provisional Committee had been in correspondence with competent parties, both in the neighboring Provinces and in Great Britain, and from the information thus obtained, and the estimates they have received, they are of opinion that the Land, Buildings, Apparatus, Machinery and Pipes requisite to enable the Company to go fully into operation, may be acquired and completed for and with the proposed capital.

To enable the Company to commence operations at once, and on the most advantageous terms, it has been resolved that a deposit of £1 5s. per share be paid on the allocation of shares, and that no further call be made, till the Act of Incorporation be obtained; and that such further calls shall be payable by such instalments, and at such intervals, as the Directors may judge most convenient for the Shareholders and the requirements of the Company.

Although certain spirited individuals were prepared to subscribe the whole of the requisite Capital, it is deemed but fair to give the public an opportunity of participating in the advantages of the undertaking; and for this purpose the Subscription List will remain open at the Office of Mr. LAWSON, Interim Secretary to the Committee,—more than one-half of the Shares being already subscribed.

JOHN LAWSON, In. Secretary.

In addition to its greater economy, Gas Light may also be pronounced safer than any other ordinary Light. It produces no sparks—it cannot be carelessly placed in contact with bed curtains, or substances easily ignited, and it requires scarcely any attention. It may be turned down in an instant to the most minute speck of flame, ready to be restored to full brilliancy when necessary, by the simple turning of the stop cock; and even when it escapes by the carelessness of an attendant, or a defect in the fittings, it at once indicates the accident to the whole household, by the disagreeable smell which it occasions.

From the large quantity which must be mixed with atmospheric air before it becomes explosive, it is scarcely possible that this accident should occur, in any ordinary apartment, even if the Gas were allowed to escape for the purpose. And as its smell so instantly indicates its presence in cellars, or other confined situations, where it may have escaped in quantity from the accidental breaking, or leakage of a pipe, it is only by the greatest carelessness, or ignorance, that a light will be approached to it, before it has been allowed to escape by the free admission of air. There is no such thing as the bursting of a pipe, or the blowing up of a Gasometer.

RELATIVE EXPENSE.—The relative cost of Gas has been generally considered not to exceed one-third to one-half the cost of tallow candles.

WONDER OF THE WORLD.

Gravel Cured of five years standing.

Messrs. CURTIS & PERKINS, Bangor, Me.

Gentlemen,—I have been entirely cured of the Gravel, by the us of your *Cramp and Pain Killer.* I commenced taking the Cramp and Pain Killer in the Spring of 1847. I had been a great sufferer for ten years previous; some four or five years of the time I suffered beyond all my powers to describe.

During this time, I have had medical aid, and tried various spe- cifics, but found very little relief until I obtained your Cramp and Pain Killer. In one month after I commenced using it, I began to grow better. I continued to use it for a year, all the time improving until I was entirely cured.

MILES STAPLES.

Prospect, Me., Jan. 29, 1851.

We, the undersigned, are well acquainted with the above case, and certify to the above statement of facts.

CHARLES CLIFFORD,
HANNAH CLIFFORD,
STANTON ELLIS.

Doctor Toby, a regular practising Physician, of East Machias, writes us under date of March 20, 1847: "Please send me half a gallon of your Cramp and Pain Killer—it is the best medicine to cure what it is represented to, that I everused."

The Doctor first made use of it in his own case, for a severe sprain in the shoulder, caused by the upsetting of a stage, and found immediate relief, and ǝɔuıs sɐɥ used it in his practice.

Read the following. It speaks for itself.

RHEUMATISM CURED.

I certify, that I was afflicted with a violent Rheumatic pain in the small of my back, which entirely disabled me, so that I could not get up without the greatest pain and effort; nor could I walk without a cane, and but very little with. I applied Doctor Johnson's Anodyne Liniment, or Liquid Opodeldoc, and several other remedies, without any relief. After suffering in this way about a week, I purchased a bottle of *Cramp and Pain Killer*, prepared by CURTIS & PERKINS, Bangor, and after *three applications* was entirely relieved and free from pain, and am now entirely well. I also cured a friend of mine, who had been suffering for a long time with a lame side, with the same bottle. I believe it the best medicine in the world, and am happy to add my testimony in its favor

The International Journal,

Devoted to the Commercial, Literary, and Social Interests of the United States and the British North American Colonies.

THE mutually important and rapidly increasing commerce and social intercourse between the United States and the neighbouring British Colonies, called the "*International Journal*" into existence nearly a year ago; and the proprietors gratefully acknowledge a liberal assistance in their efforts to give it permanency and influence. The experiment has been signally successful; and after mature reflection and deliberation, they now have the pleasure of announcing a reduction in the price, to

ONE DOLLAR A YEAR; OR, SIX COPIES FOR FIVE DOLLARS.

Having closely in view the onward progress of the Colonies, we have watched with feelings of pride the advances they have made in solid improvement during the year just closed; but there is a wide field and a fair way open for further strides in the march of prosperity; and, fully impressed with the importance of the press in its influence, we wish to reach the fire side of every family, and engage their attention weekly in a friendly conversation on those important interests which so much affect their welfare,—some of which have been, and still are, commanding the attention of the leading minds in England and America.

Our past course is before the public. We have no regrets to express, nor apologies to make. Our motto shall be, "the prosperity of our native land;" and, profiting by a year's experience, we shall be enabled to improve the INTERNATIONAL JOURNAL, so as to increase its importance both to the American and Colonial reader. A wider space will be given to Colonial writers. Commercial reports, shipping intelligence, markets, prices current, &c., will receive a larger share of attention; and all our colonial and international interests, commercial, literary and social, will be watchfully fostered. But without a union of effort, and the friendly co-operation of all who approve our mission, its influence will be limited, and our labors less effectual. Members of the Legislatures, Postmasters, Merchants, and all who feel interested, will strengthen our hands and extend our usefulness by becoming subscribers, and recommending the JOURNAL, when convenient, to their friends.

Terms: $1,00 a year, or six copies for $5,00, paid invariably in advance. No paper will be sent after the term has expired, for which it has been paid. Remittances may be made (post paid), to the publishers in Boston, or to the nearest agent. The JOURNAL will be sent to the principal cities in the Colonies by express, and there delivered or mailed to subscribers for 12½ cents extra, per annum; or if preferred, the paper will be mailed in Boston, post paid, for 25 cents extra, remitted (if more convenient,) in Colonial post office stamps.

New yearly subscribers will receive the paper *free*, after the receipt of their remittance, until the commencement of the 2d volume, Feb. 26.
