

Odds and Ends.

There's always a boom in loaded guns. Next thing to it—Ed—"Did you ever keep bees?" Ned—"No, but I've had the hives."

Wisdom does not always come in the yellow leaf, but you'll generally find it in the sear.

Night work generally.—Mr. Suburb—"Uncle Rastus, I wish you'd go over to my place and clean out my hen house."

It has long been said that alcoholic beverages were liquid fire, but here is a decidedly new version of the origin of one: Teacher—"What is a volcano?" Boy—"A mountain that throws out lager."

Mrs. Freshpork (back to Chicago from honeymooning in Europe)—Do you remember that gorge up in the mountains, Arthur? Wasn't it just lovely? Mr. F.—You bet! I never ate a squarer meal.

Only a Tramp—Stranger—Did a pedestrian pass this way a few minutes ago? Granger—No sir. I've been right over this tater patch for more'n a nowar, an' nouter a blamed thing has past 'cept one solitary man, an' he was trampin' 'erlong on foot.

A mummy, on which were inscriptions that are said to have proved it to have been one of the Pharaohs, was unwound in Egypt recently, and experts have decided that he was in life afflicted with gout. There have been whisperings before of the full habits and swell ways of these old Egyptian nabobs 3,000 years ago, and this is so much confirmatory evidence.

At Sir Ralph's Evening Party.—Captain F. (brought by a friend)—"Old Stick-in-the-Mud does the thing well, doesn't he? The supper alone must have cost him a guinea a head." Lady—"Twenty-two and six pence, sir. I can give you the exact figures." "Why, how do you mean?" "Merely that I am old Stick-in-the-Mud's daughter."

An exhibitor in Paris called for the landlord, and said: "Your prices are very erratic. A week ago I dined here and paid 5.75 francs. Here is the bill. To-day you charge for precisely the same fare 8.25 francs." The landlord examined both accounts and said: "It is quite correct, sir; we made a mistake last Thursday, so that you owe us 2.60 francs, which I will thank you to hand over."

His little family.—"Do you get all the work you can do?" asked a gentleman of a negro whom he had hired to do some outdoor jobs for him. "Yes, sah, 'bout all; en I needs hit to keep my little family a-goin', sah." "How much of a family have you?" "Well, lemme see; dar's me en my ole woman, dat's two; en Lizzy and Marthy, en Berthena en Andy, en Sidney en Jinny, en Billy en Sally, en Minty, dat's nine single ones; en den dar's the twins, Ad'naram en Eb'nezer—leben in all. Yo' see dat's quite a considerable few, sah." The gentleman thought it was.—Youth's Companion.

He was a stamp fiend, young and precocious. The plain American stamp had no interest for him. He was making a collection of foreign ones, and so when they sent him down to the Post Office for a packet he did not pay much attention, but brought it home and handed it over and skipped out to play tag. Next day they showed him a new sister, who had arrived. He looked at her with some curiosity. "Say, where did she come from?" "Oh, from heaven." "From heaven? I know; that was the package I brought from the Post Office yesterday, and I never knowed anything about it." "Yes." "Golly, why didn't you save me the stamps?"

Do You Drink Ice Water?

That cool refreshing drinks in warm weather are delicious is undeniable. That drinking ice water in copious draughts when a person is overheated is injurious, not to say dangerous, is also undeniable. But that the free drinking of water in some form in hot weather must be avoided, is deniable, and is one of the greatest popular errors extant.

When a person is perspiring freely from every pore, a vast amount of water is drawn from the body, which must be re-supplied, or great injury being done to the physical health, and the foundation of some of the worst forms of kidney disease is being slowly, but surely laid. Why! someone will exclaim, that is just what causes kidney troubles, drinking water freely which contains so much lime. Wrong again! So long as the water drunk is freely carried through the system, and converted in its passage to the naturally acid reaction of the urine and perspiration, no danger can occur by deposits of uric acid or lime in the kidneys and bladder, because they remain perfectly in solution, and are carried out of the body instead of remaining in it. Literally, they are washed out of the body by the copious draughts of water (that most perfect of all known solvents), same as a series of pipes are "flushed" with water to clean them. A clean body is never diseased.

Do not drink ice cold water, but pure cool water; a little lemon juice will improve the effectiveness. Plain soda water with a little acid is also excellent. If from drinking too much ice water you have stomach cramps, or are "water-logged," as it is called, or are attacked with Cholera Morbus, Summer Complaint, Diarrhoea, or Dysentery, do not resort to alcoholic stimulating drinks, which irritate rather than soothe and allay the inflammation which has caused the trouble; but adopt the practice of taking daily just before retiring, during July and August, one teaspoonful of Johnson's Anodyne Liniment in a little sweetened water, which will prevent such attacks and ill effects from ice water. In fact, a little pamphlet, sent free to anyone, by J. S. Johnson & Co., Boston, Mass., contains a vast amount of information about treating those summer troubles.—dy6 wyl.

Decreasing the Death Rate.

The mortality among consumptives has been materially decreased of late years by the use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda. Phtisis, Bronchitis, Abscess of the Lungs, Pneumonia and Throat Affections are completely subjugated by a timely use of this excellent pulmonary. Palatable as milk. Sold by all druggists at 50c. and \$1.00.

We are agreeably surprised to see such fine celery, cabbage, cauliflower, green and butter beans, beets, carrots, onions, lettuce, etc. at Gay's stalls, Market House. He has certainly taken time by the forelock this season. We would advise those who have not already done so to change their diet and make one meal each day at least of vegetables, not forgetting Gay's Extra Early Celery, which is unquestionably the best variety known. This is not a quack medicine advertisement, but simply a reminder that summer is at hand, and that the human system requires something more than meat, bread and such heat-producing food, but just the opposite. We would say to hotel proprietors and others to order a market day ahead and thereby secure the best, and at a discount on retail prices. The advantage of this is, orders are filled at home and the best are not culled, as is sometimes the case purchasing from the market. Order by mail or call at the Market at Gay's Stalls, No. 23, 24, 25 and 26—a daily mail to Fernald, J. J. GAY & SON, Pownal. jy29 4dw m th

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indifferently miserable, both physically and mentally? Experience a sense of fullness or bloating after eating, or of "gripingness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating spots" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, weariness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subside it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery, through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery CURES ALL HUMORS, from a common Itch, or Eruption, to the worst Scrofula. Salt-rheum, Herpes, Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying and blood-purifying medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Gonorrhoea, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Gout, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE." Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offered this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but a medicine which had such a wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, and purgative properties, was unequalled, not only nutritive property for Consumption, but for all the Chronic Diseases of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Stricture of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Sore Throat, and kindred affections, it is an efficient remedy. Sold by Druggists, at \$1.00, or Six Bottles for \$5.00.

Send ten cents in stamps for Dr. Pierce's book on Consumption. Address, World's Dispensary Medical Association, 463 Main St., BUFFALO, N. Y.
