NOTES FROM FORT AUGUSTUS.

The East River Dairring Company was opened yesterday in the presence of Rev. A. J. McDonald, P. P., Thomas A. McLean, Esq., Ch'town; Thomas J. Dillon, cheese maker, and the President and Directors of the Company and a number of others. There are about ninety patrons in the company. Fifty-seven of them supplied over four thousand pounds of milk yesterday morning; so when the whole patrons will be ready to supply milk the factory should receive over 6,000 lbs. of milk per day. The directors of the company are confident, with the co-operation of adjoining factories, that the whole thing will be a success, owing to the cheapness of drawing milk to the factory, which only averages 4 1/2 cents per hundred pounds this year.

This factory was built and equipped with sufficient and efficient machinery in all details in a first-class manner with all modern improvements, in the short space of three weeks time, by Thomas A. McLean, Esq., of Charlottetown, and he is well deserving of the thanks of the company for the manner in which he executed the whole work.

The building and machinery cost \$1,370 which goes to prove that the directors were very careful in their management of the stock placed at their disposal by the shareholders.

LISTEN.—Ladies' Bicycle Gaiters in Black, Brown and fawn, for 50 cents a pair, at J. B. Macdonald's old stand, opposite the Market 135-31

It rains to-day and it will rain some other day. For the purpose of keeping you dry during such weather as this, we have a nice assortment of waterproof coats. A full range of prices, a full range of styles; also a full range of umbrellas.—McKay Woollen Co.

The towns of Woodsdale, Moscow Springfield and Fargo, in Kansas, which had a population of 1,190 in 1890, have now only a population of 18. Houghton has three families out of the 400 that used to live there. Nine children go to the \$10,000 schoolhouse. Now there is standing, like a monument of folly, a water-works system that cost some eastern plutocrat \$36,000. The town never paid a cent of principal or interest on all this and never will.

HOW TO LOSE A CLOTHING REPUTATION

The customer who buys any or every merchant's clothing takes his reputation in his hand,

READYMADE CLOTHING

is a mighty easy thing to go wrong in if the dealer has little or nothing at stake.

The only proper way to buy readymade clothing is to get it of a merchant who has a reputation to lose if it proves to be shoddy. We have been in the clothing business for 16 years. In that time we think we may say we have built up a reputation for scrupulously fair dealing. Our reputation is our best asset.

It's this condition that makes the selling of Clothing just as risky to us as to you. We have fully as much if not more to lose if the clothing is bad. Suppose we sell; it goes to pieces or does not turn out as you expect; you immediately blame us, and smash goes the work of 16 years. We can't afford to take chances on the clothing we sell, neither can you or those you buy from.

We are selling Men's, Boys' and Children's Clothing this spring upon which we are willing to stake our past, present or future reputation.

Our goods are all guaranteed the best, our assortment is guaranteed the largest, our prices are guaranteed the lowest.

With our past reputation and a large assortment to choose from, what more do you want?
