Moncton Hawks Defeat Ramblers 7-4 To Get Berth In ACSHL Finals With Islanders

AMHERST, N. S., (CP)—Moncton Hawks staved off a third-period attack here Friday night to defeat Amherst Ramblers 7-4 and win a berth in the Atlantic Coast Senior Hockey League finals against Charlottetown Islanders.

The Hawks were never headed in the eighth game of their best-of-nine round against the Ramblers but Amherst threatened strongly in the last period.

Charlottetown grabbed the other playoff spot by eliminating the faltering Fredericton Capitals 5-1 earlier this week.

The finals probably will open next week. The winner will take on the survivor of the current New Glasgow - Kentville round which New Glasgow leads 1-0 after a victory Friday night at Kentville.

OPENS SCORING

Hank Therrien opened the scoring for Amherst within five minutes of the first period but the Hawks steamed back to take a 3-1 lead on goals by Bill Sinnett, who got two, and Bert Hirschfeld.

The teams split the second period, Emmett Kennedy making it 3-2 at the 11-minute mark only to see Bob Bowness put the Hawks further into the lead six minutes later.

They alternated through the bruising third period. Lorne Watters started the ball rolling for Moncton but Therrien roared back for his second goal of the night. Dugger McNeil made it 6-3 four minutes afterward.

Veteran Shermie White got the Ramblers' last goal at the 15-minute mark and Bowness notched his second of the night with only 24 seconds remaining in the game.

Islanders Start Play-offs Soon

Enthusiasm and interest in the forthcoming hockey playoffs are at top level. Everywhere in city and country Islanders chances are discussed. It is realized that there has not been a better balanced, more aggressive local squad than that of this year. From stellar goal tending right down through the whole line there is strength and ability.

The club is harmonious and capably led by its coach. So it can be said that the series beginning on Monday at the Forum will display superlative hockey to thrill spectators.

The locals' opponents — also boasting a very strong outfit—will be as equally determined to earn the laurels.

Every preparation will be made to handle the throng which will fill the building, and it is urged that spectators arrive early to avoid crowding. Special police supervision will be on hand to aid in control.

Nine Mile Creek Wins Opener

In the first series final game for the Frank Myers Trophy, Nine Nine Mile Creek defeated Cape Traverse by a score of 12 to 5 at Crapaud rink last night.

Saddler Wins Unanimous Nod

NEW YORK (AP)—Sandy Saddler took his world featherweight title out of the deep freeze after 41 months Friday night and clubbed chunky little Teddy (Red Top) Davis for a unanimous decision in 15 rounds at Madison Square Garden.

Davis, the "losingest" man ever to fight for a title with 47 previous defeats in his record, never went down but the right side of his face was badly swollen from Sandy's chopping lefts.

New Glasgow Wins Opener

KENTVILLE, N. S. (CP)—New Glasgow Rangers banged in four unanswered goals in the second period here Friday night to defeat Kentville Wildcats 5-2 in the first game of their best-of-seven Nova Scotia senior playoffs.

The winner of the round will meet the victor of the Atlantic Coast Senior Hockey League finals on the Allan Cup trail. The Wildcats won the Valley league title; the Rangers are APC senior hockey league champions. The second game of the series is here tonight.

Welshmen Rink Arrives Home

Greeted by throngs of fellow curlers, civic and provincial officials, schoolmates and friends, the members of the Welshmen curling team, which so successfully represented the Island at the Dominion School Boy Curling Finals just completed at Sydney, step back on Island soil after a short plane passage from New Glasgow late yesterday afternoon. Skip Barry MacDonald, other members of the foursome and Mr. Rankin McLaine, provincial representative of the Dominion School Boy Curling Association, are seen above being greeted by Mayor J. D. Stewart of Charlottetown and Mr. Andrew Bagnall, local school boy curling representative, as they leave the MCA plane at the Charlottetown Airport. In the picture are left to right: Andrew Bagnall, Mayor Stewart and Barry MacDonald; second row, Alan MacLeod and Erroll Nicholson; back row, Mr. McLaine and George Dillon.

At 6 p.m. yesterday evening the curlers were honored with a civic reception at the Charlottetown Hotel attended by some 110 fellow curlers, school representatives, provincial and civic officials and the Hon. T. W. L. Prowse. His Worship Mayor Stewart presided. After a well prepared banquet, the members of the team, along with Rankin McLaine and Don Whelan who had to be unavoidably replaced in the finals by Alan MacLeod, were presented with many gifts on behalf of the divisions of the local Curling Club, the City of Charlottetown and Councillor P. C. MacCormac.

Premier A. W. Matheson on behalf of the Province, His Worship Mayor J. D. Stewart on behalf of the City and the Hon. T. W. L. Prowse on behalf of the Crown, all brought words of congratulations to the Welshmen who have brought so much glory and honor to this Province and its capital, with Mayor Stewart having a few extra words of gratitude for the boys who done so much in the way of advertising this city in its Centennial Year.

Mr. Rankin McLaine thanked the City Council and all who participated in making the reception for the boys such a huge success and also thanked all those who had helped in the training of the boys and in sponsoring them before they advanced to the finals.

DOWN THE BACK STRETCH

A good friend of this column took note of what we had in last week regarding the training of horses in the cold regions of northern Ontario, and sent us a clipping from the New York Times entitled, Nobody Asks Whether Horses Want To Go South . . . It's the Trainers Who Like the Sun. Says Dissenter, Coldly . . . . . Not all of the race horses have followed the swallows south for the winter. With the fidelity often attributed to mail carriers, a hardy core of trotters and pacers continues to train daily in the snow and cold of the metropolitan area. Trainers and drivers dressed like Arctic explorers set out each sunrise on the bleak expanse of Long Island and New Jersey farms to race their standardbreds over snow-covered or ice-encrusted tracks. While winter's winds sting the faces of these stay-at-home horsemen, other members of the trotting base at Arlando, Fla. The southern contingent includes such noted drivers as Willie Haughton, No. 1 in the nation last year; John Simpson, Del Miller and Frank Safford.

"However ,the harness men up north insist—as they briskly stomp their feet to keep the blood from congealing—that their hardy techiques produce faster and more rugged horses. "When the season opens April 1 at Roosevelt Raceway," said Charles Amachie, trainer for the Lone Tree Farm in Upper Brookville, "our Long Island horses will be far ahead of the ones trained in the south." Amachie made this observation while standing ankle-deep in snow and with the temperature as low as the spirit of a favorite player watching a long shot romp home. Of a similar mind—and of similar cold circumstances—are such New Jersey breeders as Stanley Dancer, in New Egypt; Dick Thomas, in Somerville, and Arthur Brown, in Mount Holly. Frank Broglio, owner of the Lone Tree Farm, long has been an advocate of Northern breeding and training. The North Shore restaurateur has a string of seventeen horses, including Lady Titan and Ensign Hope, who have achieved some notable victories at Roosevelt Raceway. Broglio, who became interested in horses at the age of 8 when he drove a carriage at his father's chalet in the Italian Alps, scoffs at the suggestion that horses train better in the South.

"The trainers and owners—not horses—like to spend their winters

Penticton Vs Crush U.S. Team 12-1 In Opener

By ARCH MacKENZIE
Canadian Press Staff Writer

DORTMUND, Germany (CP)—Canada's determined Penticton Vs flashing a deadly attack dominated by Bill Warwick's six-goal performance, fired almost 100 shots to crush the United States 12-1 in the opening round of the world hockey championships Friday night.

The relentless Canadians never gave the Americans a chance in their first step on the comeback trail, a hopeful augury for their crucial meeting today against highly-rated Czechoslovakia.

Cheered on by more than 600 Canadian soldiers and their wives from nearby military establishments, Penticton fired 96 shots at American goalie Don Rigazio of Cambridge, Mass., during the 60 minutes, or one shot every 37½ seconds. Rigazio stopped 28 shots in the first period, 24 in the second and 32 in the third.

RUSSIA WINS

The one-sided defeat of what had been considered a strong United States team gave clear evidence of Canadian intentions not to let the Russians again win the world title.

The Soviets defeated Finland 10-2 at Duesseldorf, but made a total of only 19 shots against a club that had been considered weaker than the Americans. Czechoslovakia shut out Switzerland 7-0 at Cologne and Sweden nipped Germany 5-4 at Krefeld in other first-round games. Poland had a bye.

Milton Hornets Win Series By 2 Goals; Tie Last Night

The fast-skating, smooth-passing Milton Hornets took the first round of the Queen's County Intermediate B hockey play-downs as they protected a two goal lead which they gained Wednesday night, by a 5-5 draw with the Charlottetown Royals in the final game of a two-game total goal series at the Forum last night. Defenceman Harvey MacLean scored what proved to be the winning and assurance markers of the series as he banged in two late third period goals after the Royals had made an all-out effort to tie the series up in this session.

Both goal-tenders were again brilliant in their respective nets as they were battered with rubber continually on the fast, hard-checking end to end play which was witnessed throughout most of all three periods.

Roper got his first big test of the game shortly after the 5 minute mark when two of the Royals sat out sentences awarded by referees Leith Jay and Steve Brklacich. The Hornets pressed continually but were unable to beat Roper. Shortly after the halfway mark of the opener, Ted Bradley sent a pass towards the Hornets goal-mouth and Alan MacLeod was right beside the crease and tipped it over Sheldon Jordan's shoulder and into the twines to give the Royals a 1-0 edge and cut the Hornets series lead to a single marker.

Shortly after the middle frame started the Hornets evened matters with Campbell potting one on hand-outs from Connelly and McSwain. They took a three goal lead in the series on Blanchard's 12.10 marker and increased it to four as Clayton MacLean banged another one by Roper late in the period. The lead was cut by the Royals again in the first 12 minutes of the finale on a pair of goals by Kip Ready and a singleton by Ted Bradley. Harvey MacLean jumped off the penalty bench and banged in his pair before Keith Carmichael tied it up and ended the scoring with only seconds remaining in play.

The Hornets now advance in the finals against the Parkdale Flyers.

Line-ups:

Hornets—Goal, Jordan; defence, McKarris; Code, Cruwys, Blanchard, Connelly; forwards: H. MacLean, G. Cruwys, Kelly, Campbell, Frizzell, Andrews.

St. Dunstan's Play U.N.B. At The Coliseum Tonight

The Saint Dunstan's University hockey team plays its last Intercollegiate game of the year tonight when the wearers of the Red and White meet the University of New Brunswick team in a game at the Coliseum Game time is 8.30.

The Saints defeated the Red Raiders from U. N. B. by a 9-6 score in a game at Fredericton three weeks ago. It proved to be the Saints only win in the keenly contested Intercollegiate round.

The Saints 1-4 record in the won-lost column is not nearly as bad as it looks. All their losses were by one, two or three goals and a number of games could easily have gone the other way.

The main features of the games were the fast and exciting hockey which they produced. All College games are noted for hustle, drive and team spirit and the Intercollegiate hockey games this year were no exception.

U. N. B. are coached by Pete Kelly, the former hockey star who is so well known by Island sport followers. Pete always comes up with a good club and this year his charges are as capable as usual.

For a number of boys this will be their last performance in Intercollegiate athletics. Skating onto the ice tonight for their last appearance against another College team will be Lloyd Gaudet and Paul Jay of the Saints.

Over the years these athletes drew more raves about their football than their hockey ability. They were excellent wingman in football and they are good wingmen in hockey. Their followers will be hoping for them to come through in a big way tonight.

And with the team tonight for the last time will be assistant-manager Tom MacGaugh. Tom has stuck by the club over the years and as a parting salute to hockey he will be doing all in his power to have his charges come through with a victory.

Juveniles To Kensington

This evening Abbie Juveniles will make the trip to Kensington where they will take on Kensington Juveniles in an Island League fixture. The team will meet at W. G. Barbour's Showrooms at 6:45 p.m.

HUNTERS' CORNER

Winter is slowly and reluctantly easing its grip on West Prince. Two weeks of mild weather, with a record February thaw thrown in for good measure, has practically bared Kings with the red of ploughed fields and the drab grey of hay and stubble fields predominating in Queens, but West Prince still presents a wintry scene. Six-foot cuttings at Elmsdale still stand as a reminder of January's severity in the western section of the Province. Humans, as well as the Hun coveys, felt its icy grip.

On Thursday of this week I made a check of Prince County west of Summerside with special emphasis on the O'Leary, Alberton and Portage districts. A surprising number of Hun coveys weathered the worst January could throw at them, thanks to the manner in which farmers and other country residents fed and cared for them. There is a distinct possibility that the estimate of a loss of 25 per cent of the Huns in Prince County, is pretty high. This figure will prob-
