## Ask For Ayer's

Sarsaparilla, and be sure you get it, when you want the best blood-purifier.

With its forty years of unexampled success in the cure of Blood Diseases, you can make no mistake in preferring Ayer's

### Sarsaparilla

to any other. The fore-runner of modern blood medicines, Ayer's Sarsaparilla is still the most popular, being in greater demand than all others combined.

"Ayer's Sarsaparilla is selling faster than ever before. I never hesitate to recommend it."—George W. Whitman, Druggist, Albany, Ind.

"I am safe in saying that my sales of Ayer's Sarsaparilla far exceed those of any other, and it gives thorough satisfaction."—L. H. Bush, Des Moines, Iowa.

"Ayer's Sarsaparilla and Ayer's Pills are the best selling medicines in my store. I can recommend them conscientiously."—C. Bickhaus, P. armacist, Roseland, Ill.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommend it when asked to name the best blood-purifier."—W. T. McLean, Druggist, Augusta, Ohio.

"I have sold your medicines for the last seventeen years, and always keep them in stock, as they are staples." "There is nothing so good for the youthful blood" as Ayer's Sarsaparilla."—R. L. Parker, Fox Lake, Wis.

"Ayer's Sarsaparilla gives the best satisfaction of any medicine I have in stock. I recommend it, or, as the Doctors say, 'I prescribe it over the counter.' It never fails to meet the cases for which I recommend it, even where the doctors' prescriptions have been of no avail."—C. F. Calhoun, Monmouth, Kansas.

### Ayer's Sarsaparilla,

PREPARED BY  
Dr. J. C. Ayer & Co., Lowell, Mass.  
Price \$1; six bottles, \$5. Worth \$25 a bottle.

### JOHN T. NELLISH,

Attorney-at-Law, Notary Public, &c.  
CHARLOTTETOWN, P. E. I.

OFFICE—London House Building,  
(Davies' Corner), Queen St.

All kinds of Legal Business promptly attended to. Money to Loan at low interest.

THIS PAPER may be found on file at Geo. P. ROWELL & Co's Newspaper Advertising Bureau 10 Spruce Street, where advertising contracts may be made.

### NEW YORK.

### THE DAILY EXAMINER.

FEBRUARY 18, 1889.

#### Death of Mr. C. J. Hazard.

On Saturday evening, Mr. Charles J. Hazard, of Bellevue, retired to rest in his usual health and spirits; on Sunday morning, when his man-servant went to his room to call him, his lifeless body was found lying across the bed. The call had evidently come when Mr. Hazard was in the act of rising.

Mr. Hazard was the eldest son of the late Hon. Charles Hazard, and was born at Bellevue on the 9th February, 1845. He was educated principally in his native district, at the school presided over by the late Mr. John Butler.

Mr. Hazard was possessed of more than ordinary ability and intelligence. For many years past he devoted much of his time to the successful treatment of diseases of horses and cattle, and up to the time of his death held the position of Veterinary Inspector of Live Stock under the Dominion Government. For several years, he controlled the Hillsborough Ferry and West River steamboat service, to the satisfaction of the public. As a neighbor, Mr. Hazard was kind-hearted and obliging, always ready to help any one needing assistance. His early and sudden death is deeply regretted by a large circle of relatives and friends.

#### Death of a P. E. Islander.

We regret to hear of the death in Colorado, of Michael Campion, formerly of Souris. The deceased did a large mercantile business at one time at North River, Lot 47. He also built several large vessels there. For a term of years he represented the First District of King's County in the House of Assembly. It was while he and the late Capt. Flynn were representatives of the District that a grant was obtained to build a bridge between Souris East and Souris West. This was something over thirty years ago. Previous to that time, a small ferry boat, run by Johnny Burke, was the only means of crossing there. Nine years ago Mr. Campion, with his two sons, John F. and George, went out to Colorado, U. S., and engaged extensively in silver mining operations. The two sons above named, the former of whom was for a short time a member of our Legislative Council, are still out West, while his two daughters, Mrs. McDonald and Mrs. McBride, reside in Souris. He was a man of great energy and determination of character, kind and affectionate to his family and loyal to his friends.

#### Monument to "Father Dan."

A MEETING of the parishioners of St. Dunstan's Cathedral was held last evening in St. Patrick's Hall to consider the matter of an appropriation towards defraying the cost of a monument erected to the memory of the late "Father Dan" Macdonald. There was a fair attendance.

Rev. J. A. McLean opened the meeting by stating the object for which it was called. He said that a handsome monument had already been erected, and the parishioners of Georgetown and Cardigan had subscribed half the cost, and those of Charlottetown were now asked to subscribe the remainder. He felt assured that they would cheerfully do so. "Father Dan" had labored for many years amongst them, and this would be a suitable way of expressing their appreciation of his services.

Lieutenant-Governor Macdonald was then called to the chair, and expressed himself as heartily in sympathy with the movement. He also, felt that the parishioners of Charlottetown, among whom the late "Father Dan" labored so long and so successfully, would subscribe liberally towards defraying the cost of the monument.

A subscription list was then opened, and a liberal sum subscribed.

On motion, Messrs. James McIsaac, Charles Hermans and Charles Lyons were appointed a committee to solicit subscriptions.

The list will be open for a fortnight, and anyone wishing to contribute should communicate with either of the committee.

#### Stop That Cough.

Many people neglect what they call a simple cold, which, if not checked in time, may lead to lung trouble. Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites, will not only stop the cough but heal the lungs. Endorsed by thousands of physicians. Palatable as milk. Try it. Sold by all druggists at 50c and \$1.

#### BIRTH.

At Eastview, on the 7th inst., "Goedie," of a daughter.

#### MARRIED.

At the Manse, Murray Harbor North, on the 31st January, 1889, by Rev. Alexander Roulston, Miss Maggie Senebough to Mr. Adam Reynolds, both of Murray Harbor North.

"I have used Ayer's Pills for the past 30 years, and am satisfied I should not be alive to-day if it had not been for them. They cured me of dyspepsia when all other remedies failed."—T. P. Bonner, Chester, Pa. Ayer's Pills are sold by all druggists.

### Local and Other Items.

THE STANLEY is plying as usual to-day.

CLOTHES-LINE THIEVES are operating in the city.

THE FIRST SNOW.—A Victoria, B. C., despatch of the 14th inst. says that the "first flurry of snow this winter fell the previous day, and had now almost disappeared."

SAILED.—The schooner Nutwood, Captain Joseph Tierney, of Souris, sailed from St. John's Nfld., on the 13th inst., with a load of pressed codfish for the West Indies market.

NEWSPAPER ABSORBED.—The Winnipeg Free Press, for a consideration of \$30,000, has absorbed its only competitor, the Morning Call. It is said that the Free Press will in future support the Dominion Government.

SCOTT ACT TRIALS.—Mr. Gregory has raised a new point in connection with the trial of Scott Act cases at Fredericton. He takes the point that in a trial for the third offence the defendants could not appear by counsel, but must plead personally.

MANITOBA WEATHER.—A correspondent of the St. John's Telegraph writing from Fort Qu'Appelle, under date of Feb. 5, says: "The weather here in the west has been exceptionally fine; stock living out on the prairie and doing well."

THE CROFTERS AGAIN.—A special London cablegram says: "The Canadian Gazette says that sixty crofter families, in all about three hundred souls, will be emigrated to Canada this spring. Immediate preparations are being made for their settlement in the Northwest."

ANOTHER BIG BLAZE.—A Winnipeg despatch says that Brandon had a severe scorching on Thursday morning. The Masonic Hall, Post Office, Mail newspaper office with the plant and bookstore, Frasers' store, a number of lawyers offices and the Oddfellows Hall were completely destroyed. Loss, fifty thousand dollars. Insured for about half.

THE PRICE OF FLOUR.—The Halifax Herald says that millers' advice from the West show an advance in price of flour of from twenty-five to thirty-five cents per barrel the past few days. This advance was anticipated by many, but was not expected before March, and higher prices may now be looked for with some degree of confidence, as the price of flour is yet much lower relatively, than that of wheat.

STRANGE, IF TRUE.—The story is published in Montreal that a young lady named Josephine Bedard, living in the eastern township, who was taken sick in 1881 with an attack of diphtheria, from which she was dangerously ill for some time, has not since then eaten a bite of food, but has lived for more than twenty-five hundred days entirely on water, having no desire for food of any kind. She is said to be in perfect health.

SEVERE STORM.—Tuesday's south-easterly storm was very severe at Cow Bay, C. B., and did much damage to the wharves. The block house wharf is cut through at about the centre, and nearly all the eastern side carried away. A breach is made through the breakwater about one hundred feet from the outer side. This breach covers about three thousand square feet. Some sixty feet of the piling done in 1886 was also carried away. It is said that when the storm was at its height the scene about the breakwater presented a magnificent spectacle.

BAD HABITS OF GIRLS.—In a small village of New England, a few years ago, some of the young girls acquired the habit of eating starch, coffee, cloves and the like, to improve their complexions. The habits increased by indulgence, and the girls consumed large quantities of these substances—all good in their place, but very harmful when taken alone and in excess. In less than a year four out of the six girls were under the doctor's care. The coffee eater became the victim of insomnia, and was so nervous and timid that little things made her cry and tremble as with terror. The clove-eater had become a victim to hysteria, and was in a deplorable state. Those who had the starch habit learned to the full extent the meaning of dyspepsia.

BAPTIZED IN A BLIZZARD.—Fannie Mann, Annie Lee, Douglas Cole, Jacob Grimes and wife and Charles Grimes and wife, of Blount Township, Pa., were baptised by immersion on Sunday last, a few miles west of Danville, Ill. The Rev. Messrs. Hedges and Lee performed the ceremony. A large hole had been cut in the ice, and the ministers took the thinly clad and shivering converts—one of whom was a chronic invalid and another a young mother—one at a time into the water, which was five feet deep. A blizzard and snow storm was raging, and it was so cold that the ice formed on top of the pool and stiffened their garments as soon as they came out of the water. On completion of the ceremony they walked in their stockings a quarter of a mile through the fields to the nearest residence to change garments.

THE NEWSPAPER IN THE SCHOOL-ROOM.—The use of the newspaper in the school is now getting to be quite common, and the results are so gratifying as to prove the wisdom of the plan. The country teacher who cannot get a daily, can use his weekly, either giving only an exercise each day. The village or city teacher can of course have fresh material each day. The manner of using may be greatly varied and rendered quite attractive. I look my dailies over each evening. Make a memorandum of the items most instructive and interesting to my classes, and then next day usually in the morning before school, I write the head lines on the board, leaving the pupils to copy and talk over, or possibly read the articles, until the time appointed for our exercise, when each item is taken up and discussed thoroughly. I find these exercises quite as valuable to me as to the pupils. Questions are asked about men, nations, and events that put us all to thinking and searching our books of reference; thus the use of books is learned. Another day we will read articles from newspapers instead of our readers and again some pupil will prepare the list to be written on the board. Every pupil in my school reads as many papers as he can get hold of, and all are learning to sift out the good and skip the spurious padding with a certainty and judgment that is surprising.

—Exchange
