chased by the government; and yet, with all these influences, the majority is decidedly against the government, and I have no doubt, but to one, or to all these influences combined, that at least *four members* of the present House who will be found supporting the government, owe their seats. Surely, Sir, we are not to be told that in consequence of His Excellency's Government having been left in a minority in the House, that he is going to become a party Governor. Sir, I for one do not believe it; but is not His Excellency called upon (knowing the use that is made of his name) to state publicly that he has not desired these Petitions to be circulated. I have often heard it stated (I do not know by what authority) that His Excellency has declared in reference to the influence exerted by his present Council in appointments, &c., that in all local matters he was, according to the constitution, bound to take the advice of his Council, unless, indeed, any attempt was made to interfere with the prerogative, or Imperial interests, when the behests of his Council would not be attended to; in fact, that while there was a radical government he was bound to support them, and when a change took place, when the Conservatives had a majority, they should have his support; that they have now a majority, His Excellency is not ignorant of, as I believe a majority have already addressed him on the subject of Departmental Government, and I think that Addresses approving of the principles of the majority ought to be circulated through the length and breadth of the land, for signatures, which would doubtless convince His Excellency that his Government are endeavouring to mislead him, for I doubt not that two out of every three individuals in the Island would sign such an Address, being thoroughly tired of the present government. Verily there was a necessity for reform, but not such a reform as the self-styled liberals would be likely to accomplish by their Liberal Reform Association. No doubt some of their number could see that they had not given satisfaction to the great mass of the people, and that they had, therefore, at the hustings, given them their discharge, by returning to Parliament a majority opposed to them, and who would reform them in spite of themselves.

I am, Sir, yours, &c.,
TRUTH.

CHARLOTTETOWN TOTAL ABSTINENCE SOCIETY.

At the formation of the above Society, the Committee—in order to render the Public Meetings of an interesting character—determined on procuring lectures, for the season, on such a variety of subjects, that, whilst bearing on the important and wide spreading cause of Temperance, they should, at the same time, minister to the instruction and entertainment of the public generally. In accordance with this design, a regular course of Lectures was commenced, the first, on "Temperance in connection with the Physical History of Man," was delivered by Captain Orlebar, R. N.; the second, on "Woman, her influence, and the importance of enlisting that influence on the side of Temperance," by the President, John Lawson, Esq.: and the third, on "Temperance, in connection with Education," by the Rev. D. Fitz Gerald.

Thus far, the Committee have every reason to be satisfied of the judiciousness of the course they have adopted. The above lectures possessed an amount of practical information, rarely brought before an audience, and which cannot fail to exercise a beneficial influence on those who availed themselves of these eminently intellectual treats.

The next lecture will be delivered on Tuesday, 21st instant, by the Rev. Mr. Narraway, on "Temperance in connection with Legislative Enactment," when it is to be hoped that our Legislators will avail themselves of that opportunity of hearing arguments in favor of the *Maine Law*, which will, no doubt, be of sufficient force to carry conviction to every *unprejudiced* mind.

☞ There is a Petition now handing about for signatures, addressed to His Excellency the Lieut. Governor, praying him to dissolve the House of Assembly, in case that body should make any alterations in the present form of Government. And there is a counter Petition, praying his Excellency not to dissolve the House unnecessarily. We shall give them both in our next.

MEETING OF THE LEGISLATURE.

His Excellency the Lieutenant Governor, accompanied by his Aides-de-camp, came down to the Colonial Building at 2 o'clock, where he was received by a detachment of the 76th Regiment, under the command of Captain Senhouse; having taken his seat on the Throne in the Council Chamber, and the House of Assembly having been sent for, they were directed to return and elect a Speaker. The Hon. John Jardine was elected and presented to his Excellency, who confirmed the choice of the House. His Excellency then opened the Session with the following

SPEECH:

Mr. President and Honorable Gentlemen of the Legislative Council;

Mr. Speaker, and Gentlemen of the House of Assembly;

I feel much satisfaction in now meeting the Legislature for the despatch of public business.

Some months after the General Election last summer, a Requisition was addressed to me by several members of the Assembly, to summon you to meet on an early day, they considering that no time should be lost, in order to exclude by legal enactment Departmental Officers from occupying seats in the Legislature. I did not think it expedient to accede to that request, because it occurred to me that such a departure from the usual course would have been construed into an admission, on my part, that evils had arisen demanding an immediate change, for one of your own statutes, passed six years ago, is in force (as it was at the time of the election), defining what are Departmental Offices, and it provides, "that any Member of the Assembly who shall accept of any such office of profit or emolument, shall be incapable of taking or holding his seat in the General Assembly of this Island, unless re-elected after his acceptance thereof."

In regard to the Legislative Council, I do not understand why members of that body should be excluded (if such be really the intention), from participating, as they have hitherto done, in a share of the salaried or departmental offices of government.

Three years have nearly passed away since I was instructed to introduce what is termed Responsible Government, in accordance with the often repeated solicitations of many of Her Majesty's subjects here. Since that time the Colony has been prospering, tranquil and contented; and judging from my intercourse with the people, they are well entitled to the concession they asked for. If, however, they now seek for changes in the Constitution, I hope they will be such as may contribute to the welfare of the community at large,—for while I feel confident every favorable consideration will be given to the wishes of Her Majesty's loyal subjects, I am equally certain that no Colonial Minister, unless for very cogent reasons, will deem it expedient, at least by Imperial interference, to narrow or diminish the principles of self-government now established in this Island. Since its introduction, all the Acts which have been passed by the Legislature, with the exception of one (still under consideration), have received the Royal assent—a circumstance, during a period of three years' legislation, which I believe never before occurred in any North American Province.

You are aware that the Education Bill, which was described at a public meeting by one of your learned Judges, "as the wisest, the noblest and the best that ever graced your Statute book," came into operation last Spring. At that time there were of existing schools about one hundred and ten—the number contemplated by the Act was two hundred, all of which have been applied for and recorded in terms of its provisions, and many more are earnestly desired. The Government has secured the services of Mr. Stark, an efficient inspector, thoroughly qualified for the task, and who is also prepared to carry out the views of the Royal Agricultural Society during his visits to the different districts of the country. He comes from the Normal Seminary, in the city of Glasgow, most strongly recommended by Mr. Stow, the philanthropic individual by whose exertions that Seminary has attained its eminence, being known in distant quarters of the globe, where the system introduced by him is spreading its beneficial influence. Mr. Stow takes a lively interest in your christian and benevolent exertions in the cause of Education, and has urged on me to call your attention to the importance of perfecting your good work, by the establishment of a small Normal School, under the direction of the Inspector, where your teachers would be taught to practice an uniform system of training, which has proved so successful wherever it has been tried. If this can be accomplished, and I believe it can at a moderate expense, this Colony, small in extent, will become great in the estimation of all who value the blessings which society must derive from an improved method of training the hearts and minds of the rising generation.

Mr. Speaker, and Gentlemen of the House of Assembly;

The oaths appointed by law have been administered to you to-day, in virtue of a Commission issued by me in the same form which has been used on all similiar occasions, narrating that the High Sheriffs have returned all of you duly elected and qualified to serve in the Assembly. I observe, however, that the High Sheriff for Queen's County has returned one of the Members for that County, "duly elected, subject to the determination of the House of Assembly on the scrutiny, and of the facts set forth in respect thereof." This is an unusual return, and as such I notice it—its legality is a matter entirely for you to decide.

I am happy to say that the financial state of the Colony is very satisfactory. On the 31st January, 1850, the balance of the Debt against the Colony was £28,579 11s 0¼d. On the 31st January last (1854), it was only £3,028 11s 6d., a reduction of £25,550 19s 6¼d. in four years. In 1849, the revenue was £18,615; in 1850, £22,768; in 1851, £22,500; in 1852, £31,283, and last year, notwithstanding the reduction of the duty on Tea, it was £35,345, including about £2,800, assessment imposed by the Education Act. An increase of Revenue is a sure indication of the progressive state of the Colony, always bearing in mind that Providence has been bountiful in our harvests and other blessings, for which we cannot be too thankful.

The Estimates will be submitted for your consideration. I hope they will meet with your approval, and I doubt not you will provide Supplies for the Public Service.

Last year Memorials numerously signed by individuals engaged in the export of Juniper Knees, were presented to me, complaining of a proposed, almost prohibitory duty on their export. I am sure it will be your inclination to avoid class legislation, and impose no higher duties on any particular article than are required for the welfare, support and credit of the Province.

Mr. President and Honorable Gentlemen of the Legislative Council;

Mr. Speaker and Gentlemen of the House of Assembly;

In Prince Edward Island unsettled questions have too often occasioned many difficulties I hope I now allude to the last the Fishery Reserves—a subject which has occupied much of the attention of the Government. The late Assembly presented an Address to me relative to these Reserves As similiar questions, affecting Crown Rights, had arisen in some parts of the United Kingdom, it was cosidered advisable toforward a copy of the Assembly's Address to Her Majesty's Government, and by a recent Despatch from the Duke of Newcastle, his Grace expresses "much satisfaction that this question has been so fully taken in hand by the Government, with a reasonable prospect of a satisfactory issue," and promise all the assistance Her Majesty's Government can at present give, "by consulting the Law Officers of the Crown in England, respecting the legal steps to be taken to assert the Crown Rights." With that view, his Grace required futher information, and it has been furnished. When the opinions of the Law Officers of the Crown are received they will be laid before you, along with various documents connected with the subject. In the meantime, I shall only say, that fulfilling a duty to the public, in protecting the Fishery Reserves, on which many parties may have ignorantly encroached, it has been the anxious wish of the Government, as it appeared to have been that of the late Assembly, to deal with this question in a just and equitable manner.

I shall have soon to bring under your notice, matters of a local nature, among others, the proposed withdrawal of the Military; but I shall do so as usual by Message; and I will be happy at all times to communicate with you, when you may desire it.

SUMMARY OF PROCEEDINGS.

The House proceeded to the appointment of Officers, when the same persons were appointed as in last session, with the exception of Mr. Pleadwell, who was appointed Messenger.

After His Excellency's Speech had been read by the Clerk the House proceeded to the appointment of the usual Standing Committees.

Hon. the Colonial Secretary moved, for leave to lay before the House the Writ of Election for the 1st District of Queen's County, after which a lengthy discussion ensued.

Mr. Palmer submitted the following Resolution.

"Whereas the Writ of Election for the Return of Members to serve in the General Assembly for the First District of Queen's County, as now proposed to be laid on the Table of the House by the Hon. the Colonial Secretary, is a matter relating to the Return of Members to serve in the House, and therefore concerning the privileges of this House: *Resolved, therefore*, That this House feel compelled not to receive the said Writ, unless the same should become necessary to be examined into upon any question touching the Return of the Members therein mentioned, which may be brought before this House in such form and manner as are prescribed by the laws of this Colony, and as consistent with the liberties and privileges of Parliament."

Moved in amendment by the Hon. Mr. Whelan, seconded by Mr. Clark, that all be struck out after the word "Resolved," allowing the preamble to stand, and the following substituted:

"That the said Writ be suffered to lie on the Table of this House, no opinion being expressed by the Colonial Secretary or the Government in the mere act of proposing the said Writ to be laid before the House."

On the amendment being read, the House divided.

Yeas—Mr. Mooney, Mr. McGill, Mr. Davies, Hon. Mr. Warburton, Mr. Fraser, Mr. Clark, Hon. Mr. Lord, Mr. Whelan, Mr. Wightman—9.

Nays—Hon. Mr. Palmer, Mr. Longworth, Mr. McLeod, Mr. Goff, Mr. Douse, Mr. Montgomery, Mr. Yeo, Mr. Conroy, Mr. Haviland, Mr. McAulay, Mr. Macgowan, Mr. McEachen—12.

The question being then put on Mr. Palmer's Resolution, it was carried, on the same division—and the House adjourned.
