Hidden Beauty.

A woman, famous as one of the most kindly and lovable among leaders of the best American society, once said: "If I have been able to accomplish anything in life it is due to a word spoken to me in the right season when I was a child by my old teacher. I was the only homely, awkward girl in a class of exceptionally pretty ones, and being also dull at my books became the butt of the school. I fell into a morose, despairing state, gave up study, withdrew into myself and grew daily more bitter and vindictive.

One day the French teacher, a gray-haired old woman with keen eyes and a kind smile, found me crying.

"Qu' as-tu, ma fille!" she asked.

"O madame, I am so ugly!" I sobbed out. She soothed me, but did not contradict me.

Presently she took me to her room, and after amusing me for some time said: "I have a present for you," handing me a scaly, coarse lump, covered with earth. "It is round and brown as you. 'Ugly,' did you say? Very well. We will call it by your name, then. It is you! Now you shall plant it, and water it, and give it sun for a week or two."

I planted it and watched it carefully; the green leaves came first, and at last the golden Japanese lily, the first I had ever seen. Madame came to share my delight.

"Ah," she said, significantly; "who would believe so much beauty and fragrance were shut up in that little, rough ugly thing? But it took heart and came up into the sun."

It is the first time that it ever occurred to me that in spite of my ugly face, I too might be able to win friends and to make myself beloved in the world.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that Green's August Flower will make them free from disease, as when born. Dyspepsia and liver complaint are the direct causes of seventy-five per cent. of such maladies as billiousness, sick headache, costiveness, nervous prostration, indigestion, dizziness of the head, palpitation of the heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cts. Try it.

"Time expired; man ditto," was the reason a country postmaster gave for notifying a publisher to discontinue sending a paper to a certain address.

BROWN'S LITTLE JOKE—"Why, Brown, how short your coat is," said Jones one day to his friend Jones who wittingly replied: 'yes, but it will be long enough before I get another.' Some men spend so much for medicines that neither heal nor help them, that new clothes is with them like angels' visits—few and far between. Internal fevers, weakness of the lungs, shortness of breath and lingering coughs, soon yield to the magic influence of that royal remedy, Dr. R. V. Pierce's golden medical discovery. saw

Parliamentary Language.

You may say that a man is not wedded to the truth;

Or sometimes suffers from a spirit of exaggeration;

Or occasionally finds it difficult to confine himself strictly to actualities;

Or is unfettered by the four corners of hard matter-of-fact;

Or is a past master in the pleasing art of realistically romancing;

Or is partial in describing nature, to borrowing from the pages of romance;

Or is much given to an artificial recollection of misleading statistics;

Or cannot distinguish the false from the true with a bias toward the former;

Or has a distinct liking for the utterance of statements of a misleading character;

But you must not! No, you must not! You really must not! Call him a liar!—*Punch.*
