 Victoria, B. C., June 1, 1891. Manager.  
 June 16—dy 3m

NOTES FROM OTTAWA.

THE TARTE-McGREGGEEVY CASE

Public Accounts Enquiry.

Summary of the Evidence.

[SPECIAL CORRESPONDENCE OF THE EXAMINER]

You have learned by telegraph nearly all I can tell you about the charges made by Mr. Barwick, solicitor for the Ontario bank, against Mr. Mercier and his colleagues, in connection with the Bay Chaleur Railway. The Senate Committee meet again on Wednesday, when the enquiry will probably commence in real earnest. The charge amounts to this: Mr. Barwick, who is a good Grit, charges that \$100,000 of the subsidy payable to the road, was diverted by the Mercier Government and used for political purposes, and the creditors of the road are consequently swindled out of that amount. What truth there may be in this charge I know not, but it is very suggestive that the Grits in the Senate, to a man, voted to burk the enquiry, and even attempted to have the bill withdrawn from consideration, so as to avoid investigation; but the enquiry is to go ahead and if the committee can only secure Mr. Ernest Pacaud, and persuade him to tell the truth, there will be some interesting revelations.

dredging required before leaving—Sir Hector Langevin replied:—The necessity for dredging alongside the Summerside railway wharf was brought to the notice of the Public Works Department by the Chief Engineer and General Manager of Government Railways, owing to there not being sufficient depth of water to allow the new steamer Northumberland to lie at the wharf, and the dredge is now at work making the required berth. The time she is to remain is not fixed. In reply to Mr. Perry, Mr. Tupper stated: "Benjamin Gaudet is still Harbor Master at Tignish, but the sub-collector of Customs is holding an investigation into the affairs of his office as wharfinger, under oath, by order in council. Gaudet was appointed on the 22d of April, 1890, and has made no return of any collections. His remuneration is \$100 of fees collected. Gaudet is also wharfinger at Tignish, to which he was appointed 5th of September, 1888. He has made no return of wharfage collections to the present time.

I have not left myself room to say anything of the debate last Tuesday upon Mr. Desjard's amendment to the motion to go into supply. But I shall send you for publication, shortly, a report of Mr. Foster's very excellent speech—universally acknowledged to be the finest he ever delivered—in which he showed up the fallacies of unrestricted reciprocity and commercial union in most convincing style. Upon this amendment the Government were sustained by a majority of 22, some 35 members being absent. Mr. Savard, M. P. for Chicoutimi, openly repudiated unrestricted reciprocity and gave in his adhesion to the N. P. by voting with the Government. I have also to forego reference to a debate brought on by Mr. Charlton, having reference to the granting of timber limits, but I shall refer to it for special reasons in my next.

Ice Water—Doctors Disagree.

A celebrated physician says: "All ice-water drinking is bad," also that "a severe blow upon the body just over the solar plexus" (which in good United States language means an important portion of the nervous system located just back of the stomach,) "will cause almost instant death," and he further says "the sudden shock caused by a deluge of ice-water into the stomach has exactly the same effect upon the solar plexus as the blow, and may cause sudden death by its action upon it and through the heart." Another equally celebrated physician says, "Any diet which unadvisedly says that cold drinks are bad and hot drinks are good must be absurd" and further "cold water stimulates gastric secretion; therefore do not smile at your friend because he thinks a half-glass of ice-water before eating gives him an appetite and helps his digestion." In continuation we will say, drinking ice-water in copious draughts when over-heated is injurious, if not dangerous, that is undeniable. But that the free drinking of water in some form in hot weather must be avoided, is deniable, and is one of the greatest popular errors extant. When a person is perspiring freely, a vast amount of water is drawn from the body, which must be replaced, or great injury is being done the physical health, and the foundation of some of the worst forms of kidney disease is being slowly but surely laid. Do not drink ice-cold water, but pure cool water; a little lemon-juice will improve its effectiveness. Plain soda water with a little acid is also excellent in hot weather. If from drinking too much ice-water you have stomach cramps, or are "water-logged" as it is called, or are attacked with cholera morbus, summer complaints, diarrhea, or dysentery, do not resort to alcoholic stimulating drinks, which irritate rather than allay the inflammation which has caused the trouble; but adopt the practice of taking daily just before retiring, during July and August, one tea-spoonful of Johnson's Anodyne Liniment in a little sweetened water, which will prevent all such attacks and ill effects from ice-water. In fact a little pamphlet sent free to any one by I. S. Johnson & Co., Boston, Mass., contains a vast amount of information about treating those summer troubles with that good old household remedy.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

NO MOTHERS-IN-LAW NEED APPLY.—The Baptist convention will be held at Moncton, August 22nd to 26th. The Moncton church clerk writes as follows to the Messenger and Visitor: "While we would like to provide free entertainment for wife and mother-in-law, as at last convention here, we find it impossible to do so."

RELIGIOUS SERVICES.—The Meeting House on Upper Great George Street will be reopened for Divine Service, on Lord's Day, the 13th inst. The morning sermon will be preached by Dr. Belding of New York, United States, at 11 o'clock. Preaching in the evening at 7 o'clock. Collections will be taken for improvements.
