CHILI has been trying to purchase the neutrality of the Argentine Confederation by yielding up to the latter all claims to Patagonia. The Argentine Confederation will not agree to any such compromise, and it looks now as if it might be drawn into a war with Chili. The prospects of the latter power are far from bright just now.

The quickest passage on record between Boston and this city was that made by the steamer *Carroll*, Capt. Wright, which left the first-named port at noon on Saturday and arrived here at noon yesterday—calling at intermediate ports. Such rapid passages must be a great benefit to importers, as well as a pleasure to the large number of passengers who patronize the *Carroll* and *Worcester*.

Keefe have completed the purchase of eighty head of fine cattle in this Province and three hundred sheep in Prince Edward Island and this Province, which are to be sent by rail to Quebec on Friday next, to be shipped by the steamship *Nestorian*, which leaves that port next Monday for Great Britain. BLACKGUARDISM IN SOUBIS ON THE SABBATH DAY.—On Sunday last a party of young men of the lower and rowdy class, accompanied by girls of the same stamp, were guilty of very disgraceful conduct on the public thoroughfares. After attending evening service, they proceeded on the road towards Harmony. When fifty yards from the church the commenced insulting all who passed them, by shouting, jeering and using insulting language. A very civil and respectable young man, who passed by in a carriage in company with another, was greeted with a perfect storm of jeers and insults, which continued until they were out of sight. Such conduct as this on the public roads, on the Sabbath Day, is very reprehensible and deserving of severe punishment.—*Com.*

Provincial Rifle Association.

THE annual general meeting of the Provincial Rifle Association, of Prince Edward Island, was held in the City Hall on Monday last, when the following gentlemen were elected as members of Council for the present year: For Queen's County, Major Morris, Major Geo. L. Doherty, Capts. Freeland, McRae, and F. S. Longworth; for Prince County, Capts. Ives and Price; for King's County, Capts. Owen and McLeod. The Secretary submitted a short report, in which he referred to the fact that but nine competitors attended last year's Prize Meeting from King's County, and none at all from Prince. This seeming want of interest in the Prize Meetings of the Association by the other Counties, the Secretary attributed to the shabby manner the militia are treated by the railway authorities in the matter of transport. After some discussion, it was agreed that another effort be made by the Council to secure free transport to all militia men, in uniform, travelling by rail to attend the annual matches. A vote was passed, thanking the President, Council and Secretary for their services for the past year.

Canadian Inshore Fisheries.

DEPARTMENT OF MARINE AND FISHERIES, FISHERIES BRANCH, OTTAWA, 6th June, 1879.

PUBLIC NOTICE, and particularly the attention of DEEP SEA and INSHORE FISHERMEN, is directed to the following provisions of the Statute, 31 Vic. Cap. 69 known as the "Fisheries Act," passed on the 22nd May, 1868:—

1. Section 14: Prohibits the throwing overboard or leaving of dead or decaying fish, or remains of offal of fish, or other marine animals, within any water where fishing is carried on, or upon any fishing bank; also forbids leaving the same in any net or other fishing apparatus.

2. Section 14, Sub-section 2: Provides that dead or decaying fish, or any other deleterious substance, shall not be drawn into, or allowed to pass into, or be left, or remain in any water frequented by any kinds of fish mentioned in the fishery laws.

3. Section 13, Sub-section 7: Bag-nets and Rab-nets and fish-pounds are prohibited, excepting under special license. Besides the fines imposed by said Statute, any offender against the Fishery Laws is liable to the forfeiture of the nets, material, implements or appliances used in connection with the offence.

Fishery Officers may seize upon their own view, or on complaint, any fishing gear subject to confiscation, and fine offenders forthwith.

British and foreign fishermen alike are required to conform to the Canadian fishery laws. It having been established in evidence that certain kinds of nets used for mackerel and other fish are fished in contravention of the fishery laws, by destroying quantities of small fish, besides mature fishes which are thrown away dead or dying, or are left to decay on the fishing grounds, or within the inshore waters; the fishery officers are instructed to strictly enforce the fishery laws passed to prevent such illegal and injurious practices.

They are also instructed that British subjects, when fishing in British waters, are bound to conform in every respect to the Canadian fishery laws, and that foreigners fishing within three miles of the coasts of Canada, under treaties, in common with British subjects, are required to do so in conformity with the fishery laws which govern the operations of British fishermen.

By order, W. F. WHITCHER, Commissioner of Fisheries. June 30, 1879.
