The Morning Guardian

AUGUST 31, 1892.

Our New Governor-General.

In connection with the ministerial appointments announced this week, says the London Canadian Gazette, the Daily News has published a definite statement...

The Scott Act and Prohibition.

The Examiner reproduces, and of course with approval, an article from the Montreal Gazette on the Scott Act, in which the Gazette, after telling of the repeal of the Act in different localities says:

"Inefficient enforcement and incapacity to devise methods to improve the existing state of public opinion..."

"This is truly refreshing in the columns of the Examiner. But it is quite in place. The Examiner has shown not only a wonderful 'incapacity to devise methods to improve public opinion...'..."

"A Horrible Calamity. THREE CHILDREN KILLED BY A RATTLESNAKE AND ONE DROWNED."

ATHENS, Ga., Aug. 26.—A farmer named Wilson yesterday went to the mill leaving his wife and four children at home. Two hours later he returned to find his wife lying on the floor insensible, with four dead children about her.

"It Will Pay —TO BUY— SPECTACLES From us, instead of from the Travellers."

The Plague of Custom.

Von Schribbe—I wish to leave those few short stories with the editor. What is customary? I've never done any work for the paper before.

"Our War Ships to Join. This is in response to an invitation received from Washington."

Before going upstairs to commit the dreadful crime, he told his landlady that if he should die suddenly, she must sell his effects to have mass said for the repose of his soul. Liquor and morphine was the cause."

"Sue Conquered. 'Johnny' said his mother, 'if you don't quit smoking cigarettes you won't grow a bit.' 'Don't care if I don't' responded Johnny, sullenly. 'And, of course,' continued the good woman, 'if you don't get any bigger, you will still have the wear clothes made from your father's old ones.' 'I guess I'll quit, ma.'—Indianapolis Journal."

"Have you tried the 'CABLE EXTRA' CIGAR? GOLDEN RAY OIL. 700 BARRELS, landing ex schr Kalavala direct from New York. GOLDEN RAY is best American Water White Oil; light caskey no leakage. N. J. & M. RATTENBURY."

Patrolman Julius Zeltner

Of the Brooklyn, N. Y., Police Force, gladly testifies to the merit of Hood's Sarsaparilla. His wife takes it for dizziness and indigestion and it works charmingly. "The children also take it with great benefit. It is without doubt a most excellent thing for that Tired Feeling. I cheerfully recommend."

The Telephone Co'y P. E. ISLAND. PERSONS using the Telephone would find talking much more satisfactory if they would observe the following Rules: 1st. Speak with your mouth about four inches from the transmitter. 2nd. Speak in a moderate tone of voice, not too loud, and distinctly. 3rd. Place the Telephone so as to cover the Ear, just as if you wished to shut out all other sounds. Do not press too hard on the Ear. It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice. ROB ANGUS, Manager.
