

Local and Other Items.

Y. M. C. A.—Gospel Meeting in the Y. M. C. A. Hall to-morrow afternoon at 4 o'clock. Subject: The Rejected Son.—Mark 12. 1 to 12. All are cordially invited.

HEAVY PORK.—Mrs Wm. C. Sturdy, of Crapaud, sold this morning to G. J. Wright, Kent street, two carcasses of pork which weighed respectively, 735 and 648 lbs.

ARTILLERY TROPHY.—The handsome punch bowl, won by No. 2 Batt., G. A., for general efficiency, last year, is on exhibition in the show window of Keedlin Bros. Drug Store. Call and see it.

FIRST TRIP.—The steamer Carroll left Boston for this port this afternoon, and is expected to arrive here on Tuesday or Wednesday next. Potatoes will be carried the first trip at 12 cents per bushel.

PANORAMA.—Tickets for the panorama of "Cruikshanks' Bottle" are now ready. Price 15 cents, children 10 cents, and may be had at the Diamond Bookstore, or of any member of the committee or at the door.

RAILWAY GOSPEL MEETING.—Remember this meeting on Sunday afternoon, at 4 o'clock, in McLeod's Hall. Strangers always welcome. Lesson—Joshua 24-15. "Choose you this day whom ye will serve."

THE FIRE ALARM.—A good many people think that if the ringing of the fire bell last evening had been delayed until the conclusion of the services in the churches the general result would have been just as satisfactory.

PROROGATION POSTPONED.—The House of Assembly has, for its part, completed the work of the session; but the Legislative Council has still a few points to make—if possible. The Legislature could not, therefore be prorogued to-day.

PROHIBITORY MEASURE.—An exchange reports that in Bangor on Tuesday last there were 14 persons before the court, twelve of whom were charged with drunkenness. Evidently the prohibitory law, so far at least as it relates to Bangor, is as dead as is the Scott Act in some cities that we could name.

SERVICE TO-MORROW.—Baptist congregation meets in Y. M. C. A. Hall, Rev. J. A. Gordon pastor. Preaching service at 11 a. m. and 7 p. m. The evening sermon will be for young men especially, while all are cordially invited. Subject—"Why was the Son of a King not sepulchred in his marble tomb, but thrust into a pit in the wood." All seats free.

MISSIONARY MEETING.—A pleasant and profitable hour may be spent to-morrow afternoon, in the Methodist Church, at the annual missionary meeting of the Sunday School. The mission will consist of children's voices accompanied by the pipe organ and cornet. And beside the efforts of young persons belonging to the school, addresses will be delivered by the Rev. Mr. Fisher, of Alberton, and the pastor Rev. Mr. Read. The school raises quite a large sum for the the Japan mission field, out of which it has adopted the Rev. M. Kohashi, an educated native missionary.

TESTING PUBLIC OPINION.—Another remarkable case of investigating public opinion by circular is furnished by the Halifax Echo. A stringent Sunday bill is before the Nova Scotia legislature, and the Echo is opposed to the measure. To test public opinion the Echo published a form of ballot and asked every person in the city to send in a yes or no vote. Already 632 votes are reported, of which 2 are in favor of the bill and 630 against it. The St. John Sun, commenting on this fact, remarks that if the Wesleyan or Witness had taken a ballot the result would no doubt have been an equally striking majority on the other side.

A QUESTION OF DUTY.—A Washington despatch says: The Secretary of the Treasury recently received a letter from a resident of Canada, saying that he proposes to remove to the United States, and asking if certain machines for making jackets, now used by him in Canada, will be admitted free of duty as tools of trade. He was informed that free entry of tools of trade, etc., does not extend to machinery and other articles imported for use in any manufacturing establishment. His inquiry was answered in the negative, and he was informed the machines would be entitled to free entry under another provision of the law, provided they were manufactured in this country and are in substantially the same condition as when exported.

GOOD WORK.—The efficiency of the Fire Brigade was tested last evening for the special benefit of Mr. C. E. L. Jarvis, of St. John, who, in company with Mr. Angus, Secretary of the Board of Underwriters, has been at work for several days past readjusting the rates of insurance. About twenty minutes to eight the alarm sounded, and exactly four and a half minutes later both hose teams had splendid streams playing over the cupola of King Street engine house, and the Salvage Corps and Hook and Ladder company were on the spot ready for action. Two additional streams were afterwards put on from the hydrant on King Street with good effect. This is remarkably quick work, considering that the streets along which the hose had to be hauled were in a very bad condition, and not one of the firemen knew that the test was to be made until the bell rang. With better streets, Chief Engineer Large says the men could do the same work in much less time. We understand that Mr. Jarvis was well satisfied with the test. We congratulate Chief Large and his men on their success.

SCOTT ACT CONVICTIONS.—The following convictions for violations of the Canada Temperance Act have been obtained by Inspector Henderson, in Queen's County, within the past two months:—Before Simon Brown, J. P., Hunter River, and John Deacon, J. P., North Wiltshire, Andrew Murphy, of Millvale, Joseph Doucette, of Rennie's Road, Michael A. O'Brien, of New Glasgow Road, Maurice Gallant, of Rustico, and John Mellett, of Charlottetown Royalty, were convicted and fined \$50 or two months' imprisonment each. Before Peter Sinclair, J. P., Springfield, and George Mallett, J. P., of Graham Road, Bernard Croken, of Emerald, was fined \$50 or two months' imprisonment for selling, and also \$50 or two months for keeping for sale; and nine bottles of whiskey and two gallons of rum seized under search warrant were ordered to be destroyed, which order was immediately carried into execution by Constable Whitehead. Before Henry Wadman and Donald W. Palmer, J. P.'s, Victoria, Joseph W. Sturdy, of that place, was convicted and fined \$50 or two months. The Inspector is evidently not idle.

SPECIAL DESPATCHES TO THE EXAMINER.

DOMINION PARLIAMENT.

Debates and Proceedings.

OTTAWA, April 12.

After routine, in reply to Mr. Jones, of Halifax, Hon. Mr. Bowell said that no matter what the intention of the Government might be, he had given no intimation to the press that it was intended to abandon the proposed amendment to the Customs Act, adding the cost of inland carriage to the dutiable value of invoices.

A portion of the afternoon was spent in supply on inland revenue items, which Messrs. Cartwright, Laurier, and other Opposition speakers criticized copiously.

Hon. Mr. Costigan replied effectively to all the charges, and explained each item as it came up to the satisfaction of the House. In the House this afternoon, Hon. Mr. Foster, replying to a question, declined to say just now whether or not any changes would be made in the tariff this season.

Replying to a question, Hon. Mr. Haggart to-night said that the contract with the Allan line for ocean mails was supposed to terminate on April 12th, but the Allans now contend that it holds good until the fast line matter was determined. Pending a settlement of these conflicting views, the Government have decided to issue an order that in case the Allans refuse to act, the mails this week will be sent via New York. The House resumed consideration of supply to-night, and sat till a late hour.

NOTES.

The Banking and Commerce Committee this morning adopted the principal of Mr. Wallace's anti-combine bill by a vote of 33 to 22. Strong Toronto and Montreal delegations were present in opposition. If the Bill passes the Commons it will be slaughtered in the Senate.

The supporters of the Government from Ontario do not take kindly to the proposition to spend several millions to build the Harvey-Salisbury Short Line, and the Opposition are a unit against it. If treated on its present merits the scheme would find scant favor in the House. It is argued that the refusal of the Canadian Pacific to build the road according to the terms of the Subsidy Act under which they constructed the Short Line through Maine, absolves the Government and the country from the pledges then made. As intimated in the despatches some days ago, the Short Line debate may be one of the session.

Tunnel at the Falls.

TORONTO, April 12.

The Government are constructing a tunnel under the falls at Queen Victoria Niagara Falls Park, and are blasting a passage way 300 feet long. At the end of the tunnel there will be a large room affording a magnificent view of the immense volume of falling water from the other side.

The Jesuit Question Again.

TORONTO, April 12.

Mr. C. W. Bunting, of the Toronto Mail, said to-day, speaking on the Jesuit question: "We certainly are to hold our position, and have no intention of backing out. There have been no new developments as yet, but we are preparing to hold our own."

Pushing the Work.

WINDSOR, Ont., April 12.

The Canadian Pacific railway put 100 extra men at work on the Windsor end of their line this morning; also large forces all along the line. The slip dock of the company will run to the edge of the channel further than the slips of either of the present companies.

Personal.

Mr. A. W. Sterns, of Perkins and Sterns, arrived home from the old country on Thursday evening. During his absence he selected a complete stock of new goods for his firm.

The Halifax Herald says: George M. Brown, of Blomidon, has arrived home from Riverside, California. He has been engaged on a stock ranch for the last three years and was doing well, but at the same time thinks there is as much money to be made at home.

The Rev. Mr. Fisher, formerly of Tignish, Prince Edward Island, was inducted into the Presbyterian congregation of Dalhousie, on the 9th inst., by the Presbytery of Miramichi. The settlement is very cordial, and the pastor has a large field of usefulness before him. Mr Fisher has an excellent record, will doubtless be an acquisition to the Presbytery, and prove to be a worthy successor to the late Rev. Alex. Russell, who was so highly esteemed by all who had the pleasure of knowing him. We congratulate the congregation on their good prospects.—Advocate.

Scott's Emulsion of Cod Liver Oil and Hypophosphites

Is sold all over the world. It is far superior to plain Cod Liver Oil, palatable and easily digested. Dr. Martin Miles Stanton, Bury Bucks, London, England, says: "I have prescribed Scott's Emulsion and taken it myself. It is palatable, efficient, and can be tolerated by almost anyone, especially where cod liver oil itself cannot be borne. Sold by all druggists, 50c and \$1.
