Grain

WINNIPEG, Nov. 24 (CP) - July rise hit a seasonal low in coarse grains futures trading on Winnipeg Grain Exchange today. Prices generally were down from yesterday. The Winnipeg trend was in line with price drops at Chicago, where the market reopened after the Thanksgiving Day holiday. Reports of prospects for an early end of the Korean war were believed responsible for much of the decline. Selling was expanded and commercial support was not aggressive. However, some fair buying of barley was credited to American account and shippers were taking up some oats and barley. Close: Oats: Dec 87 1-4B; May 84B; July 80. Barley: Dec 1.29; May 1.22-1.22 1-8; July 1.16 7-8-1.17. Rye: Dec 1.46 3-4; May 1.52 3-4; July 3.68 1-2A.

Carloadings

OTTAWA, Nov. 24 (CP) - Carloadings on Canadian railways rose to a new record for the week ended Nov. 18 to 85,384 cars, compared with 85,170 cars for the previous week, and 82,950 cars for the corresponding week a year ago. The Bureau of Statistics reported today that increased loadings over the similar week last year were shown in livestock, cres, grain, coal, building materials, pulpwood and woodpulp and paper. Merchandise registered the only decline. WINDSOR, Ont., Nov. 24 (CP) - A shutdown of Ford of Canada manufacturing operations, stemming from an isolated dispute on the assembly line today, made idle all four of the company's sprawling production plants here. Some 7,000 men on the day shift were temporarily made idle and another 3,500 on the afternoon and late-night shifts joined them when the 4 p.m. shift failed to enter the plants. No settlement of the dispute was reached in a two-hour meeting of the company and union negotiating committees and there appeared little hope of the men returning to work until after the union and company meet again tomorrow.
