Mr. Editor:—

LAUNCHED.

On the 16th inst., from the Shipyard of Robert Cameron, Esq., of Montague River, for the Hon. Benj. Davies, Merchant, of Charlottetown, a handsome brig called Derly, 257 tons N. M.

On account of the proportions of this vessel being highly approved of, we have taken the pains, for the benefit of our ship building friends, to ascertain her leading dimensions, which are as follows, viz:—Length from fore stem, to the inside stern post, on main-deck 112.40 feet; main breadth outside at midships 25.05; depth of hold, at midships 14.20. This vessel has been built with care to the requirements of her practical and experienced owner, under the inspection of R. Sloggett, Esq., Surveyor for Lloyd's, and we understand she reflects great credit on Mr. Cameron, who has built several vessels for Mr. Davies, all of which have commanded the highest price in the Home Market...

She is built of juniper, and the principal sticks used in her construction have been imported from New Brunswick, thus enabling the vessel to stand high in the class built to range in, viz: seven years A 1 on Lloyd's Register of British Shipping.—Ez.

The Restorer Reproduces. The Hair Dressing cultivates and beautifies. SPRING TRADE!!

The Subscriber has opened a Tailoring Establishment!

in Mr. H. J. Richardson's Old Stand, which he trusts will be the real Fashionable one of Summerside. If an accurate fit, a stylish cut, and superior workmanship can ensure custom, he flatters himself that shall not be without patronage from the many and discerning. Every trade requires brains, and none more so than the art of cutting and making up a garment to fit every variety of the human form; but some people seem to imagine that it requires no more judgment to cut a coat than to hew a log,—an erroneous idea, the effects of which are seen in the needless and ill-fitting garments we every day behold in the streets. There is no earthly reason to prevent us Provincialists from being as elegantly and fashionably dressed as the Americans, and the subscriber will use his best endeavors to reach a "consummation so devoutly to be wished."
