The Hambletonian family has raised the Trotting Horse of America to the highest point of perfection.

The Registered Standard Bred Trotting Stallion

HERNANDO,

2891.

BEAUTIFUL dark bay stallion, 16 hands high, bred by General W. T. Withers, Fair-lawn Farm, Kentucky, and imported to this Island when two years old, at a cost of about \$2000.

BLOOD LINES OF PEDIGREE:

Sired by Almont 33, 'The Great Sire of Trotters,' he by Alexander's Abdallah, (sire of Goldsmith Maid, 2:14, &c.), son of Rysdyk's Hambletonian, (sire of Dexter, 2:17; Nettie, 2:18, &c.)

Remember that in Hernando is richly combined and concentrated the blood of the three greatest trotting families ever known—the Hambletonians, the Mambrinos, and the Clays—and note that he is duly registered and STANDARD bred, his number being 2891.

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes: 'AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief.'

W. L. PAGE, of W. L. Page & Bro., Franklin St., Richmond, Va., June 3, 1882.

The REV. FRANCIS B. HARLOWE, writing from Atlanta, Ga., says: 'For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the constive habit, and have vastly improved my general health.'

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

ALL experience the wonderful beneficial effects of Ayer's Sarsaparilla. Children with Sore Eyes, Sore Ears, or any other ailment, sybillic taint, may be made healthy and strong by its use.

an old schoolmaster with him. Now goodbye; I wish you success.

'Farewell, sir. I am grateful to you.' As Dinah crossed the prison court with the turnkey, the solemn evening light seemed to make the walls higher than they were by day, and the sweet pale face in the cap was more than ever like a white flower on this background of gloom.

The turnkey looked askance at her all the while, but never spoke; he somehow felt that the sound of his own rude voice would be grating just then.

He struck a light as they entered the dark corridor leading to the condemned cell, and then said in his most civil tone, 'It'll be pretty nigh dark in the cell a'ready; but I can stop with my light a bit, if you like.'

'Nay, friend, thank you,' said Dinah. 'I wish to go in alone.'

'As you like,' said the jailor, turning the harsh key in the lock, and opening the door wide enough to admit Dinah. A jet of light from his lantern fell on the opposite corner of the cell, where Hetty was sitting on her straw pallet with her face buried in her knees.

It seemed as if she were asleep, and yet the grating of the lock would have been likely to waken her. (To be continued.)

Cardigan Notes.

Spring work has commenced. The plough has been started and some wheat sown. The snow of Monday will delay operations considerably, but most of the land is getting dry enough to work.

Hauling marsh mud from Cardigan River and mussel mud from Brudenell has kept the majority of the farmers occupied during the past two months. Large quantities of these valuable manures have been secured.

Cardigan will soon be able to show as good farms as any part of the Province. There is no reason why this part of the Island should not take a first place in agricultural productions.

Near here several farms have changed hands this spring. New men are coming in every year, who, having capital, are in a position to make rapid advancement. We are pleased to learn that Mr. Minto, late of the firm of Sinclair, Minto and Stewart, of Summerside, has purchased considerable property in this vicinity, and that he intends making this place his future residence.

Energetic men with capital are all that is necessary to place Cardigan Bridge in a front place as a business centre.

There is a splendid opening for tradesmen, such as carriage makers and saddlers. The new school building has been furnished in an excellent manner, and two teachers are now employed.

The furniture of the room for the younger scholars, consisting of 15 desks, and seats for 36 pupils, was obtained from the proceeds of the ball held last winter. The furniture was made by Mr. D. S. McLaren, and artistically painted by Mr. James Lewis, both enterprising and excellent tradesmen.

Each desk seats two pupils, and the model on which they were built is highly recommended. The design is not patented.

Much sympathy is felt for Mr. Hugh McCormack, of this place, who has been very unwell for some time past. It is feared that his mind is unsettled. Dr. Walker is attending him.

It is rumored that James E. McDonald, Esq., intends opening a general store about the 1st of May. Men have been working for some time past putting in a new glass front in the building formerly occupied by Mr. McDonald. When completed, this will be one of the finest stores in the village.

Last week, Mr. McKie, from Charlottetown, took away two very fine horses from the neighborhood. One of them (bred by Mr. Alex. McLeod, of Lorne Valley) was a beauty. The other was sold by Mr. Thomas Revel, of Grand River Road, who is celebrated for the fine horses he always keeps. Handsome prices were received in both cases.

Georgetown Notes.

Our harbor is now quite open and ice has also disappeared. Ferry boat commenced running on Saturday last.

The bark Lucy Pope having undergone extensive repairs and re-classing during the winter, is now ready for sea, and will be towed to Pictou this week to go on the Marine Railway to be re-cooped. The Lucy Pope looks as well now as when first launched. Good luck to her.

The brig New Era is loading oats by the owner, Hon. D. Gordon, and the bark G. H. Gordon is preparing to sail in a few days for a deal port.

The schooner Azulea, Halcyon, Zebra and several others, are loading produce for ports in Nova Scotia and Cape Breton.

The Northern Light which has been hugging a big ice cake down Boughton Island for the last three or four weeks, parted with it on Saturday and came up to the Railway wharf for coals. Whilst at the wharf a southeaster broke up the cake, and the track is now clear.

We understand the Captain is telegraphing for orders if he may be permitted to risk her in the Gulf, &c. His instructions will, no doubt, caution him to run no undue risk, and to be very careful of the boat.

A fine new brig of about two hundred tons, built by McDonald & Westaway, will launch in a few days. She is a handsome well finished craft, and reflects credit on Mr. Fairchild, her master builder.

The deck-work and houses were done by Mr. John Renton, who deserves equal praise for the manner in which he did his work.

Go to John Newson's new building for all kinds of house furnishing goods, upholstery, window furniture, picture frames, for your spring fixings. Done promptly and well.
