HASZARD'S GAZETTE.

Wednesday, December 26, 1855.

In compliance with time-honoured custom, we with our subscribers and friends a happy Christmas. At this season, was "a peace on earth and good will to man," proclaimed, and it accordingly has always been esteemed as a fit time for conciliating old friendships and forming new ones. That we may not be disappointed in our wish, that good cheer was wonderfully promotive of good humor, and Christmas has accordingly been fully honored in the festive way of the "sweet," will not be so much to be regretted as the partiality for Christmas; it is tolerant of sirloins of beef, mince-pies, and all good things in the gastronomic line. It is the season when we remember our brethren, and we trust, that the number of those whose hearts will rebel, who will "eat of the fat and drink of the sweet," will not be so numerous as we are every year to be thankful. Our farmers are getting fair, remunerative prices for their produce—are paid in cash—and are enabled to purchase what they need at reasonable prices. And if flour and meat cost more than they have done in years past, we must still remember, that compared with other countries, the balance is in our favor. We cannot call to mind a year when the prospect of the Island looked so generally encouraging as at the close of this. Though our poor are, and we be thankful for the "bread of life" which can in any way afford it, will indulge themselves in the purchase of the luxurious trifles it may contain, certain of its being one of the most prudent methods of partaking in the luxury of doing good.

The semi-annual Examination of the Classes in the Central Academy took place on Monday last. We shall advert to it in our next.

LIVER COMPLAINT.

JAUNDICE, DYSPEPSIA, Chronic or Nervous Debility, Diseases of the Kidney, and all diseases of the Liver, such as, Catarrh, Gravel, Constipation, inflamed Piles, fullness, or blood to the head, sickness of the stomach, Nausea, Heartburn, Disagitation, flatulency, or fullness of the bowels, or eruptions, sinking, or fluttering at the pit of the stomach, swimming of the head, hurried and difficult breathing, or fullness of the chest, or suffocating sensations when in a lying posture, dimness of vision, dots or webs before the sight, fever and all the symptoms of the Liver, may be cured by the use of GERMAN BITTERS, prepared by Dr. C. M. JACKSON, of the German Medicine Store, No. 120 Arch St., one door below Sixth Philadelphia. Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States. The Bitters can be effectually used by all physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great power in the rectification of the liver and lesser glands, exercising the most searching power in wens and affections of the alimentary organs, they are widely used, and highly recommended. Testimony from Maine. CAPT. DANIEL ABROT, Brookline, Maine, July 16, 1843, says: "I was taken sick one year ago, last April, upon my passage from Exeter to Charlotteville, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, and at length an application of 'Hoodland's German Bitters' was made. I am so much improved, that I sent for some immediately, this was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. This effected me so rapidly on me, that I had a good appetite for supper, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Charlotteville and the West India islands ever since. I have now grown up to see, and reside in the place where you should have an agency, as you could sell large quantities of it."

For sale by Messrs. Geo. & Co., Agents for P. E. Island, No. 120 Arch St., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of Hoodland's German Bitters, which I had used for Mr. Clark to be a man of veracity, and have no doubt of the truth of his story." Messrs. Geo. & Co., Gentlemen—In answer to your inquiries, I will state that my daughter, aged about 16 years, had been complaining of a pain in her side, for six or seven years, and was very bad in the January last, and she had a fever. The pain in her side was aggravated, besides being troubled with pains between her shoulders and in her liver. Upon reading a number of cases performed by "Hoodland's German Bitters" I was induced to try it in her case, and sent to your store and she was cured in a few days, and she has not had a day when she began to improve, and now, after taking only one bottle, she is enjoying better health than she has for many years. I have no other child or any part of her body, and attributes her cure entirely to the German Bitters. WILLIAM CLARK, Solicitor at Law, Antwerp, Canada.

You should bear in mind that these Bitters are ENTIRELY VEGETABLE, thereby possessing advantages over most of the preparations recommended for such diseases. For sale by respectable dealers and stockeepers generally.
