IN MEMORIAM

MRS. GEORGE WALTER STEVENSON

On the 17th of October, 1956, the community of Fredericton lost one of its oldest and most respected citizens with the passing of Mrs. George Walter Stevenson, after a long and painful illness. The deceased was born in Hampshire on the tenth of September, 1878, the youngest daughter of the late Enock Ackland and his wife, Mary Cummings. She received her education at Hampshire School and later at Prince of Wales College, from which institution she obtained her teacher's certificate in 1897. She taught school until August of 1907 when she became the wife of the late George Walter Stevenson of Fredericton. Their home became a haven of hospitality and a true example of Christian life to all who entered.

Montreal Mayor Backs Up Slum Program With Call For Election

MONTREAL (CP)—Mayor Jean Drapeau Thursday called for a municipal election to back up his housing policy which has been angrily criticized by some city council members. The executive committee backed by a vote of 4 to 1 the mayor's proposal that the 99-member city council and the provincial legislature be asked to allow a municipal election as soon as possible. The legislature would have to amend the city charter to permit the vote, which normally would come almost a year from now. Mayor Drapeau and Pierre Desmarais, executive committee chairman, declared that the so-called Dozois Plan for slum clearance and low-rental housing will not be put into effect while they are in office. Mr. Drapeau said Montrealers should be given the chance to decide regarding the project which would change the face of an old area of Montreal, near the centre of the city. Next session of the city council is Dec. 3. The committee meeting was open to reporters, the second time committee deliberations were open to the press, the first being only a few days ago. At Quebec, observers noted that Premier Duplessis said Wednesday Montreal did not plan to introduce its usual private bill during the current legislative session but "this does not mean that there will not be one." It led to speculation that the government itself may introduce legislation to implement the plan. Last April, the city council by a vote of 77-4 gave its approval to the Dozois Plan and this was followed by approval from the federal and provincial governments, both of which would contribute financially under the National Housing Act.
