THE ENGINEER'S BI•WEEKLY

FROM THE PRESIDENT

We've already held our second meeting and there was a great turnout. A lot of important issues were covered. I'll just mention some of them briefly. You're definitely going to keep seeing this page in the SUN under the editorship of Claire. Anyone interested in submitting articles can contact her. A pub in the Barn and a softball tournament at Mt. A. were planned and have already taken place. Also, the two upcoming conferences, Atlantic and National, were mentioned. Be looking for more information on these at future meetings and in this article. Hope to see as big a crowd at the next meeting, including you!!

Golf, the winning putt

THE GOLF TOURNAMENT

On Friday, October 15, the residents of First Floor Duffy took to the golf course. Stanhope Golf and Country Club fell prey to a group of swing-happy engineers. For some of us it was a harrowing experience (ha-ha!) This time I cannot point a finger of ridicule as you all know. However, the tourney did have its moments of glory such as putting from off the green - 18th hole - twenty screaming engineers - and I sank the damn thing! It was a good time for all!
