PARNELL,
SIRED BY
Abdallah Messenger, 4869, Sire of Bijou, 2.23 1-4, Grandsire of Alcyone, 2.25.
DAM
Dolly, by a son of Saladin, Grand dam by Saladin, he by Ray Middleton.
—THE PROPERTY OF—
P. P. GILLIS, CHARLOTTETOWN, P. E. I.

PARNELL is a rich dark bay in color, with black points. He stands 16 hands high, and weighs 1150 pounds. He is a magnificently built and perfectly proportioned animal, having a finely shaped head and neck, the throat being clearly cut; the chest is broad and deep, giving grand lung power; the shoulders slope well back; the barrel is well rounded and springly ribbed, with strong loins and coupling; the quarters are shapely and heavily muscled; his bone is firm and clean, and his legs and feet all that can be desired. He is a splendidly gaited animal, having a free, open, natural trotting action that is greatly admired by all who have seen him moving in harness. He is good tempered and level headed, and very intelligent looking.
At the Provincial Exhibition, 1892, he showed his license to trot. Being started three lengths behind, and he pole horse, he drove the winner home in 2 40½, which is equal to 2.35 had he got fair play. Parnell has to his credit some of the best looking colts on the Island, and before the snow flies next fall he will have some of the fastest.
In Parnell's veins is mingled the blood of performers and producers—the blood of Black Hawk, of Abdallah I., of Justin Morgan, of Sambo, of Saladin, and of many others that are renowned in the equine history of the United States and of Prince Edward Island. In style, action, speed, courage, energy, pluck and intelligence he is worthy of his breeding, and breeders can make no mistake in uniting their best mares to this handsome Stallion. If you want speed you must breed for it, and in Parnell you have it. If you want fine carriage horses you must breed for them, and in Parnell you have concentrated the strains that have produced hundreds of our best roadsters. His inheritance is such as to justify expectations of the best results.
Parnell will stand at the owner's stables during the season of 1892 at the service fee of $15 00 for a foal. As I expect Parnell to trot below 2.30 this fall, I cannot allow the usual return privileges. Mares from a distance will be kept free of charge for two days.

THE DAILY EXAMINER
MAY 13, 1892

Notes and Comments.

—The Press of New York reports that the Russian war court is about to resume the business of "looming" up at the old stand. It seems to be the Czar's idea that if his subjects can be got into a fight they may forget their hunger.

—In connection with the recent resolution of the House of Commons and The Times' article, it is interesting to note that as far back as December, 1885, Sir John Macdonald said:

"Commercially, British federation may be achieved upon a basis of give and take. If you will give colonial produce such immunities as you give to no foreign nations I will commit myself to the expression of a belief that the colonies will give British goods, and only British goods, preferential treatment."

—British Africa now includes the best portions of the Dark Continent. Egypt is practically British; the central portions of South Africa are being developed by the South African Company; the richest part of the Niger basin is administered by the Royal Niger Company; north of Zanzibar, with a sphere of influence from the Great Lakes to Egypt, lies the country of the British East African Company, and the new Protectorate of Zanzibar is another important portion of territory and source of influence. The South African Colonies at and around the cape are daily growing in power, commerce and unity, and the map of Africa now reveals one-third of the Continent under British control.

—Trade with Bermuda and the other West India Islands is rapidly developing into very large proportions. One large flour mill alone has orders to forward 500 barrels of flour by every steamer leaving Halifax. Large lots of bacon, split peas, carriages, and innumerable other articles, are piled up on the docks at Halifax, the steamers being unable to carry all the freight offering. The well-known manufacturing house, W. E. Sanford Manufacturing Company, are in receipt of letters from some of the largest firms of the Island to the following effect: "We are more and more of the opinion that the Canadian market will shortly be the one from which we shall purchase our entire stock of clothing. A member of our firm will be visiting Canada the coming season for the purpose of purchasing winter goods." Undoubtedly, says the Empire, this country will be greatly benefited by the efforts made by the Government in developing trade in these Islands.

—The Monetary Times says that "It is tolerably evident that the farming community in Canada have not as a whole deteriorated in any respect. Our farms have as good a producing value as they ever had, and in all the appliances of comfort, intelligence and solid progress they are, as a whole, undoubtedly getting better and better every year." The times has evidently not read the speech made by Hon. David Mills in Hamilton a short time ago, when he said: "Trade is stagnant. Stocks of many kinds have diminished in price. Agriculture is greatly depressed. Lands have fallen in value. The farmer is overwhelmed with debt. He is no longer the free man that he once was. To many there is nothing left but the air and light. The fences are going to decay, and the buildings are out of repair, for the occupier is giving up the struggle—the land cannot be redeemed." Before our commercial journals venture to give hopeful opinions of the condition of any portion of our population they should consult the Grit oracles

The Markets.

IN Charlottetown there is little change to note in the price of oats, potatoes, etc., and as every farmer is now busily engaged in planting, nothing is moving.

In Montreal a good enquiry is reported for oats, which sells in small lots at from 32 cents to 33 cents per bushel. In Toronto, farmers' market, the prices of oats are quoted at from 33½ to 34½ cents. Here the prices of oats are from 33 to 34 cents.

Potatoes are a drug everywhere. The price here is 18 cents per bushel.

A Chicago despatch says with but one exception less pork was packed in the last winter than during any previous winter season for sixteen year.

Personal.

Miss Mary Gwendolin Caldwell, who is reputed to be the wealthiest unmarried woman in America is very ill with typhoid fever in New York. Miss Caldwell's fortune is estimated to be about $10,000,000. She is a devout Catholic, has given liberally to Catholic charities, and endowed the Catholic University in Washington to the extent of $500,000. She has been decorated by the Pope with the Order of the Golden Rose. Miss Caldwell was engaged at one time to Prince Murat of France, but the engagement was broken off.

The Duke of Newcastle, who is now in New York, is to visit Montreal.

"Pew-Holder" Again.

SIR,—This morning's Guardian contains two criticisms on myself, and not on my remarks published in your issue of yesterday. "Fair Play" takes up 2½ inches of the Guardian's valuable space in suggesting that I keep my name quiet. "Charity" takes 3½ inches in accusing me of doing the very thing he does himself. If "Charity" cannot see eye to eye with my ideas on this subject, he should, according to himself, respect my honesty and sincerity and agree with me—for it is possible He should also omit to call my letter unchristian, for this is not charity.

Neither "Fair Play," the suggester, or "Charity," the scribbler, have contradicted my statements nor produced any arguments whatever in opposition to views.

SKODA'S GERMAN SOAP, "Soft as Velvet," "Pure as Gold," that tells the whole story. Most highly medicated soap ever made. Try one cake. It is elegant. At all Druggists. Price, 25 cts.

A VALUABLE ANIMAL.—The shipment of horses to St. John's, Newfoundland, in the Cobequid, made by Mr. Wheatley, and referred to yesterday, included the well-known and fashionably bred stallion All Right, Junior, purchased from Mr William Miller, of Marshfield. All Right, Junior is a splendid specimen of horse flesh, and will no doubt be duly appreciated by breeders in the ancient colony.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c. and $1 at Charlottetown drug stores. ....

THE COLD WEATHER EXPLAINED.—Captains of steamers arriving at Halifax report icebergs moving east this year, instead of south as formerly. The officers of the Caspian saw no field of ice, but 100 miles they saw bergs, nearly all large, some of immense size, while one of them was crumbling away as they passed in the distance. Never before have they met bergs so far to the eastward, and they had clear weather while they were passing and met no fog.—Herald.

SKODA'S LITTLE TABLETS, Mild, Safe, Efficient. Far superior to any pill. For Headache and Liver Complaint nothing can equal these Tablets. With the DISCOVERY they cure Rheumatism. 50 in a box only 35 cts.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr

MANY people are not aware that it is the wrapper of the tobacco which gives the color to the plug, and are therefore often deceived by a handsome outside appearance. The wrapper is a single film of leaf wrapped around the plug and is never good smoking tobacco. It is costly only because of its fine color. In the "Myrtle Navy" brand the chief attention is paid to the "filler," that is, the inside of the plug. It is this which determines the smoking quality of any tobacco. A tobacco can be made to look as well as the "Myrtle Navy" without much trouble or expense, but it may at the same time be a very inferior article.

NICE KETTLE OF FISH.—According to a late Ottawa despatch an amusing altercation occurred at the last meeting of the vestry of Trinity Church, Billings Bridge. An account was presented by a Mrs. Stoke, residing in the village, who, it appears had the contract of scrubbing and cleaning out the church once a week at the rate of a dollar per scrub. Mrs. Stoke's bill amounted to $31, and exception was taken to this claim by a member of the vestry, who presented a contra account of $11 against Mrs. Stoke as a payment of a cow said cow being accused of eating $11 worth of hay belonging to the church. This contra account was in its turn disputed by Mrs. Stokes, who protested that her cow had been assisted in its raid by a heifer belonging to a member of the vestry. After some discussion it was voted that $20 be allowed Mrs. Stokes for services. This amount the indignant lady declined to accept, and as no understanding could be arrived at, the matter remains in statu quo with the bill still unsettled.

EXPERIENCE is the best teacher, and it is wise to learn from the past; even our failures should benefit us for the future. Some men profit by the experience of others—this is wise—others must or will experiment for themselves. None of us are too wise to learn, and our good judgment prompts us to place confidence in men who have carried through a business successfully for years. "Let us reason together." Men cultivating Vegetables, Flowers and Plants, experimenting and testing in the most practical way those best suited to our Island climate, are the men you confidently can buy seeds from. We invite you to call when in Charlottetown at our Stalls in the Market. Our Seeds are the same as we plant ourselves. If not in town, send your order by mail or telephone. List of prices sent on application. Address J. J. GAY & SON, Pownal, P. E. I. m10 dw2i

We have had several cheap lots of goods this season which our buyer was successful in picking up in the old country, but the cheapest lot we received is the job line of tapestrys and Brussels carpets. The prices we are quoting on all tapestries are very low. Imagine us giving you a tapestry carpet at 24c, usually sold at 34c; and Brussels at 70c, worth at least $1.20; and a beautiful line at 85c, worth $1 35; and your choice of five frame Brussels at $1 15, regular $1 55 and $1.65 qualities. Don't fail to attend and get first choice.—James Paton & Co., Market Sq m12 3i

MARCUS LITTLEFIELD.
Rheumatism of the Joints
AND
INHERITED HUMOR of the BLOOD
Banished by Skoda's,
AFTER PHYSICIANS HAD PRONOUNCED THEM INCURABLE!
MARCUS LITTLEFIELD LIVES AT WEST WINTERPORT, ME. A FARMER BY OCCUPATION, HE ENJOYS THE RESPECT OF ALL WHO KNOW HIM. IN CONVERSATION WITH A REPRESENTATIVE OF THE SKODA DISCOVERY CO., NOT LONG SINCE HE RELATED THE FOLLOWING STORY:
"Ever since I was born, I have been troubled at times, more or less, with a RUMOR on my hands, face and neck. For fifteen years it has been on the increase, I have been gradually failing in health, and for three years past it has itched and burned so badly, that all the way I could get any rest at night, was to bathe in strong carbolic acid, and this only relieved me for a few hours. In addition to this, eight months ago, Rheumatism in my neck and shoulders set in, drawing my shoulders so out of place, that for three weeks I did not have my clothes off. Physicians said I could never get well. I was unable to do any work, and was a great sufferer. I doctored with several Physicians, including Specialists in Boston, and took nearly all the advertised sarsaparillas and blood purifiers, but received no benefit whatever. I had given up all hopes, and my friends thought I could live but a few months. I began the use of SKODA'S DISCOVERY and TABLETS, according to directions, and also used SKODA'S OINTMENT externally. After using them but one week, there was a visible change in appearance. My skin that was literally covered with pimples and blotches began to clear up. My appetite became good, less pain in my shoulders, and I gained rapidly. I have now used less than two courses of these REMEDIES, and my Rheumatism has entirely disappeared. SHOULDERS THAT WERE DRAWN OUT OF PLACE AND WHICH THE DOCTORS SAID COULD NEVER BE GOT BACK AGAIN ARE AS GOOD AS NEW AND IN PERFECT POSITION. My skin is free from blotches and pimples. I have gained twenty pounds in flesh, can go into the woods at sunrise, and chop cord wood until dark, and not get tired, a thing I could never do before in all my life, and am able to work all the time. My friends are astonished at the results, and not more so than myself. They consider it almost miraculous."
