A Penny Saved

In the purchase of a Watch there is cast many a valuable dollar in the end. There is only one quality to consider, that is the best, and only one price to pay, that is the moderate and fair one. A good watch cannot be bought for less than I ask for mine. If you pay less you will surely get one worth very much less than the difference. To add to the value of my watches, I have them thoroughly tested and tested, before offering them for sale. My guarantee with every watch, you take no risks when you buy a watch at

Tenders.

Tenders, addressed to William W. Wellner, President of the New Glasgow Dairymaking Company, will be received until 12 o'clock on Saturday, April 9th, 1898, by cheese-makers willing to engage by month to manufacture cheese at the New Glasgow dairymaking station, tenders to be received per month, company finding

Directors do not bind themselves to the lowest or any tender.
C. A. STEVENSON,
Secretary.

Local and Other Items.

A DYING HERO.—"Never mind me, lads; go on," were Captain Urquhart's last words to his men as they advanced to the attack in the Sudan. Captain Urquhart had many personal friends in Canada. He was one of Lord Aberdeen's Aide-de-Camps and, if we mistake not, visited this Province in that capacity.

A TROTTER BULL.—The latest novelty in the way of a trotter is said to be a yearling bull in training at Garrettsford, Pa. This phenomenon goes on a trot, makes no break and can stay quarters in fifty-five and fifty-six seconds. He has shown a mile in harness over a half-mile track in four minutes.

SILENCE IS GOLDEN.—Benjamin Harrison declares that he can serve his country best just now by keeping silent. If there were more people of the same sensible opinion in the land, Uncle Sam would occupy a more comfortable position than that in which he finds himself today. Some persons in Canada might also follow the ex-President's example with advantage to themselves and their country.

CHINESE AND RUSSIANS.—Numerous indications are reported of a growing Chinese distrust of Russia. This feeling is shown by the recent totally unprecedented demand of the students in Peking for their examination for admission to the final degrees. They have memorized the throne urging vigorous action against Russian aggression and stating that all were convinced of the enmity of Russia, while on the other hand they recognize the friendliness of England.

SCURVY IN THE YUKON.—Dr. W. S. Richardson, son of James H. Richardson, of Toronto, who went to the Yukon district in August last, has written a letter to his father in which he says: "There will be a great deal of fever and scurvy here next summer. Scurvy is already very prevalent and will increase considerably, because of the utter absence of the proper food to check it. There will not be so much want and starvation as was predicted, because so many have gone out and sold their outfits, and men are using their grub up carefully, but there is no spot in the world that needs the services of a few nurses and supplies of food so urgently as this district does. If assistance is coming it must come quickly."

A PROPHECY.—A magazine writer has made the prophecy that 300 years from now the world will only know three languages—English, Russian and Chinese. The English language will be spoken all over North and South America, in Australia, India, Africa, New Zealand and the islands of Australia and the Pacific. The Russian tongue will have conquered all Europe, except Great Britain, and all Asia, except India. Chinese will hold sway over the rest of the world. If present indications go for anything, it is just possible that in 300 years China as a nation will have ceased to exist.

Largest stock of picture mouldings in the city, and at the lowest prices, at F. J. Hornsby's, Queen Street.

TO RETURN THE COMPLIMENT.

English Artillery Team For Canada.

The Earl of Standbrooke, speaking at the annual meeting of the National Artillery Association, held at the United Service Institute, Whitehall, on Thursday last, says the London Canadian Gazette, of April 2, said that a proposal had been made that a competing team should be sent to Canada from that association to meet the Canadian Artillery. They all remembered with very great pleasure the success which attended the visit of the Canadian Artillery here, and we had no doubt that there were many volunteers in this country who wished to emulate their success by winning prizes in Canada. There was one great difficulty in the road—that of ways and means. There would necessarily be a heavy expense; but it was suggested that the public should be invited to support the project, and he understood that facilities would be afforded to the public for sending in their subscriptions. He hoped that suggestion would be met in the right spirit, and that funds would be forthcoming generously. (Hear, hear.) He strongly hoped that the visit would take place, because it would conduce to promote still more that good feeling which now existed between us and Canada. (Hear, hear.)

The British Ambassador at Paris, Sir Edmund Monson, on behalf of Queen Victoria, has presented President Faure with an oil painted portrait of Her Majesty executed at his request. The President, surrounded by his private household, received the gift.

—A non-political board of management for our penitentiaries is again suggested. The evils of political interference and the spoils system, are apparent under Liberal's management.

—Montreal Gazette: That French expedition making for the Upper Nile is in the way of soon hearing something for its information if not for its advantage. The mastery of the Sudan will not now be changed by half-a-dozen men with a flag.

Hood's Pills
Cure all liver ills, biliousness, headache, sour stomach, indigestion, constipation. They act easily, without pain or gripe. Sold by all druggists. 25 cents. The only Pills to take with Hood's Sarsaparilla.
