Explosive Iranian Oil Issue Before U. N. Today

Doctors Report King Continues To Improve

LONDON, Sept. 30 — (AP) — Palace doctors reported today that the King, who underwent a serious lung operation a week ago, continues to improve.

The medical bulletin said: "The King's progress continues." It was the briefest of 11 bulletins issued since the King lost all or part of a lung last Sunday.

A crowd of about 2,000 persons pressed against the high fences in front of Buckingham Palace when the bulletin was posted just before noon.

Earlier, the Queen, with Princess Elizabeth and the Duke of Edinburgh, had driven through a heavy fog to the Lambeth Palace chapel where the Archbishop of Canterbury, Dr. Geoffrey Fisher, celebrated holy communion.

British subjects cluster at all hours about the ornate iron fence enclosing the forecourt of Buckingham Palace.

All sorts of persons, humble and distinguished, gather in a sponta-

Coming Events

- Buying Timothy Seed daily. G. C. Green, Emerald.
- Dance, Forest Hill Hall, Wednesday, Oct. 3rd.
- Hot chicken supper and dance, Kelly's Cross Hall, Wednesday, Oct. 3.
- Reserve October 24th for Hot Chicken Supper, Bingo and Dance at Tracadie Hall.
- Store closed Wednesday. Stock taking. W. T. Ling, Wheatley River.
- Ladies Aid chicken supper, New Glasgow hall postponed until further notice.
- Kinkora Hall, come to the dance Kinkora Hall, Monday night, October 8th.
- Hot turkey dinner at Fredrickson Friday evening, Oct. 5. Please note change of date.
- Dance at the home of Alphonse Peters, Bedford Station, Monday, October 1st. Burke's Orchestra.
- Shur-Gain Amateur Cavalcade, Harrington Hall, Brackley Point Road, Thursday, October 4, 3 p.m.
- Dance, St. Peter's Legion Hall every Monday night from 9:30-1:00. Webster's Orchestra. Admission 50 cents.

- Old Time Fiddling and Step Dancing Contest in St. Peter's Bay Holy Name Hall Wednesday, Oct. 3rd, with masquerading contestants. Entries received at the door. Time 8:30.
- Poultry Wanted. Loading live fowl and chickens weekly for best Canadian and American markets. We give you a pick up service and weigh and pay on farm. Paving best market prices. Write or Phone 2526 day, 1574-32 night. Central Egg and Poultry Station, 230 1/2 Grafton Street, Charlottetown.

Officials See Grave Danger Of Armed Clash

By Norman Alstedler
UNITED NATIONS, N. Y., Sept. 30 — (CP) — United Nations mediation of the explosive Iranian oil dispute was discussed by worried U. N. diplomats at urgent conferences today as a new way to settle the problem which Britain calls a threat to world peace.

Sir Gladwyn Jebb, Britain's top delegate to the U. N., cut short a vacation and flew today from London, expecting to arrive here in time for an urgently-convened session of the U. N. Security Council at 3 p. m. EDT Monday.

Britain requested the session to hear her demand that the council over-rule Iran's order expelling by Oct. 4, 350 British technicians from the Abadan refinery area of the 1,400,000 Anglo-Iranian Oil Company.

Iran's acting Prime Minister, Mohammed Mossadegh, will fly to New York to argue Iran's case if the council decides it is competent to deal with the problem. Officials in Tehran said today that Mossadegh—who faints and weeps in the midst of parliamentary speeches but displays an iron will on the oil issue—will make his final decision on the trip after Monday's council session.

In the face of Britain's complaint to the U. N., opposition deputies in the Iranian Majlis (parliament) today threw their support behind Mossadegh in a solid patriotic front—for the duration of the U. N. debate. For the first time in three weeks, opposition deputies attended the Majlis, dropping the boycott which prevented Mossadegh's getting a vote of confidence.

Officials here expressed belief that Britain's move to bring the dispute before the U. N. narrowly—and perhaps only temporarily—averted an Anglo-Iranian clash which might set off a war in the Middle East.

Truce Talks Remain Stalled

TOKYO, Oct. 1 — (Monday) — (AP) — Gen. Omar Bradley, preparing for a flying visit to Korea, expressed hope Sunday that an armistice still could be achieved but conceded that it depends on the Communists.

The Reds remained silent on the Allied proposal of last Thursday to move the truce talks from Communist-held Kaesong to noman's land, near the village of Songhyon six miles to the southeast.

Whether negotiations will end if the Reds reject that proposal "will depend on the nature of their answer," Bradley said.

The chairman of the United States Joint Chiefs of Staff, here for conferences with Gen. Matthew B. Ridgway, made his remarks at a press conference. The Reds suspended the truce talks Aug. 23, charging Allied violation of the Kaesong neutral zone.

Customs, Excise Ass'n Meeting

SAINT JOHN, N. B., Sept. 30 — (CP) — F. T. Dorey, St. Stephen, N. B., was elected president of the New Brunswick and Prince Edward Island branch of the Customs and Excise Officers' Association at its annual meeting here Saturday. He succeeded W. L. McPhee, Saint John. About 125 members attended the one-day session.

Other officers are first vice-president, J. A. Neilson, Saint John; second vice-president C. F. McKinley, Moncton; third vice-president W. N. Stafford, Fredericton; secretary Leo J. Garey, Saint John, and treasurer F. F. Dykeman, Saint John. Executive members include G. A. MacDonald, Charlottetown.

Mock Air War Tests U.K. Atom Bomb Defences

LONDON, Sept. 30 — (AP) — Royal Air Force fighters battled American heavy bombers today all across the industrial English Midlands in a mock air war testing Britain's defences against atom bomb planes.

This was the second phase of the nine-day "Exercise Pinnacle," the largest air manoeuvres of this type ever staged in Britain. No results of the day's tests will be known until the umpires have worked out what would have been the losses on both sides if the battle had been real.

Across the Channel, fog delayed another aspect of the Western Allies' mock air war, "Exercise Circus."

The biggest air battle was over Brussels, which was twice "attacked" from high level by 120 Redland bombers in successive waves. Jet fighters rose to head them off. Paris also was "attacked," but headquarters described the defence as particularly good.

Other phases of the exercises were carried out over Germany, the Netherlands, and Northwestern France.

In the "raids" on the English Midlands the American bombers, screened by diversionary "attacks," burst through the outer screen of defences but were hotly engaged by the fighter craft. Earlier a force of R.A.F. heavy bombers had staged an assault on London.

NEWSTADT, Germany, Sept. 30 — (AP) — Allied troops today tested their ability to press an attack against a mock foe who had seized the French east of the Rhine.

The French-directed exercise lasted up more than 100,000 American and French soldiers with supporting elements from the Belgians and Dutch in a mythical assault across West Europe's great river barrier against the east.

German labor service units manned amphibious "ducks" which carried troops in assault crossings of the broad and busy Rhine.

Six Drowned While En Route To Church

CEDARS, Que., Sept. 30 — (CP) — Six persons, including five members of one family, were drowned today when their automobile was sideswiped by another car and plunged into the Soulanges Canal.

Drowned were: Alcide Marier, 45-year-old farmer from nearby St. Ferol. His children, Pierrette, 18, Germain, 17, Monique, 12, and Louise, 7.

Antonin Dault, 60, a neighbor of the Mariers.

It was feared at first that Mrs. Marier also was in the car, but she had remained home with two other children.

All passengers in the car were on their way to church here when the accident occurred about 9 a. m.

Cedars is 41 miles west of Montreal.

The Marier car was just clearing the St. Ferol bridge when it was sideswiped by Arthur Sparks' auto. The latter, from Galt, Ont., was riding with his wife. Neither was injured.

Labor Platform For Election Announced

SCARBOROUGH, Yorkshire, England, Sept. 30 — (AP) — The Labor Party pledged tonight it would work for world peace, cut the cost of living and carry forward socialism in Britain.

In its platform for the Oct. 25 general election campaign, the party's 27-member executive committee headed its recent split over Britain's rearmament and unambiguously approved this program:

1. "To secure peace."
2. "To maintain full employment and increase production."
3. "To bring down the cost of living."
4. "To build a just society."

"Only with a Labor Government can these aims," the platform said.

The 1,800-word document was released here on the eve of the party's annual conference of some 1,500 delegates and party leaders.

The platform was roughed out during the last two days by party leaders, including Aneurin Bevan, who quit Prime Minister Attlee's cabinet last spring. Bevan protested that the United States was dragging Britain into an arms program so big that it would hurt the welfare state.

Three Killed In Truck-Car Accident

WAKEFIELD, Que., Sept. 30 — (CP) — Three persons, including a four-year-old boy, were killed and six others escaped with minor injuries Saturday night in a spectacular triple car-truck crash in the Maniwaki Highway just north of here.

Dead are Roy McCooney, four-year-old son of Mr. and Mrs. Roy McCooney of Ottawa, who was killed instantly and Mr. and Mrs. Sylvio LePage of Eastview, Ont., who died in hospital.

All were passengers in a sedan driven by Sylvio LePage. Only other person in the car, six-year-old Diane LePage, escaped unhurt though the car was demolished.

Shocking shock were William Moore, brother of Mrs. LePage, and Mrs. Vincent Lascelle, sister of Mr. LePage, who were in a truck following the car at the time of the crash. Shaken up but otherwise unhurt were Ernest LePage of Lac St. Marie, Que., driver of the second truck and Mr. and Mrs. Henry Chausse of Lac St. Marie, passengers in his truck.

Wakefield is about 20 miles north of Ottawa.

Peron Tightens Grip On Argentina

BUENOS AIRES, Argentina, Sept. 30 — (AP) — President Peron tightened his grip on the country Saturday, six weeks in advance of the presidential election, as a result of the ill-starred military revolt announced by the government Friday.

The presidential press office disclosed without explanation the resignation of the Navy Minister, Admiral Enrique B. Garcia, 59, and his replacement by a navy captain, Anibal O. Olivieri, the former under-secretary.

It was not known whether the Minister quit under pressure or as a gesture of self-blame because some naval air officers were reported to have joined in the revolt—a revolt which the newspaper El Laborista said resulted in one killed and seven wounded.

The socialist and radical parties, chief political opposition, reported several of their prominent members were under arrest. Peron described the plotters as traitors and cowards.

Heavy guards were placed around all embassy offices and residences to prevent rebellious officers from taking refuge under diplomatic immunity.

The plot, which Peron said aimed at the assassination of himself and his glamorous wife, Eva, seemed to have strengthened his hand for re-election Nov. 14.

Two Priests Killed In Quebec Crash

QUEBEC, Sept. 30 — (CP) — Two prominent Roman Catholic priests and a 15-year-old Quebecer died today after their automobile smashed into a tree on the outskirts of Quebec.

The dead: Abbe Jules Roy, 57, pastor of Quebec's Sacre Coeur parish. Father Marc Lussier, superior of Quebec community of the Order of St. Vincent De Paul. Jean-Marc Gingras, 15, a passenger in Abbe Roy's car.

Allies Seize Two Heartbreak Ridge Peaks

By John Randolph
U. S. EIGHTH ARMY HEAD-QUARTERS, Korea, Oct. 1 — (Monday) — (AP) — Fanatical bands of Korean Reds slashed into Allied lines Sunday night during a howling windstorm on the Eastern Korean front. They were hurled back in sharp local actions. The Communist probing attacks on the slopes of "Heartbreak Ridge" following Allied seizure of two strategic peaks on the central and eastern fronts earlier Sunday.

The Allied drive was the initial phase of an autumn offensive.

AP correspondent Stan Carter reported from the eastern front that the Korean Reds struck at American and French positions on the bloody slopes north of Yangu in a continuing struggle for "Heartbreak Ridge."

Communist artillery and mortar fire on "Heartbreak Ridge" increased Sunday night after slackening off for several days.

The R.O.K.S. hit the peak from two sides and battled most of the day. Carter placed the action west of "Heartbreak Ridge" where fighting had slackened during the last four days. The peak overlooks a Communist supply and troop concentration point.

Communist traffic into the buildup areas was evidently increasing. The Far East air forces reported some 1,400 Communist vehicles were spotted in North Korea Saturday night after more than 5,000 had been destroyed or damaged during the last week. The air force also listed seven locomotives destroyed, 14 damaged; 55 railroad cars destroyed and 420 damaged.

The North Korean communists, broadcast by Moscow radio, asserted that the Chinese and Korean Reds "on all fronts continue to repel the fierce attacks of the enemy, inflicting heavy losses on"

German Linder Holds Aces In Peace Talks

BONN, Germany, Sept. 30 — (AP) — Talks on a German peace contract resume here tomorrow with Chancellor Konrad Adenauer holding a hand full of aces.

The three Western high commissioners and the Chancellor are to have their second conference since the Washington Big-Three decision to negotiate an agreement that will remove most occupation controls from West Germany.

Since the foreign ministers told their high commissioners to go ahead with the negotiations, several important new factors have come up which have strengthened Adenauer's hand and may lead to long delays unless the three Allies are ready to make some big concessions.

Last Monday Adenauer was told the Western terms, which included the provision of German soldiers for the European army.

In the intervening week, the Germans and the Allies have, by mutual agreement, been tight-lipped about the sovereignty-decision contribution deal which is being arranged.

But it has become evident that the Allies are not being as gen-

Alberta Cannery Corn Crop Reported Failure

LETHBRIDGE, Alta., Sept. 30 — (CP) — Southern Alberta's crop of cannery corn is a \$200,000 failure, cannery operators said today.

Three thousand of the 3,600 acres in cannery corn this crop year have been written off as unfit for canning following last week's snowstorm and killing frost.

Operators said the failure of the Southern Alberta crop is certain to produce a shortage of canned corn in Western Canada. They said the price likely will rise sharply when canned corn is shipped in from Ontario to fill gaps in grocers' shelves.

Operators of the four canneries in the Lethbridge district said they got in from five to 20 per cent of their scheduled pack from corn harvested before the storm struck.

The crop failure is a hard blow to Southern Alberta growers who had banked on a record yield of high-quality corn. The canneries had contracted for the corn at \$18 a ton and the crop had promised to yield four tons to the acre.

Many farmers did not even get a start on harvesting their crop. Although the crops had been lush prior to the turn in the weather, they had been backward because of the wet summer.

Most fortunate of the three canneries was the Cornwall plant at Taber, where a more advanced crop enabled it to start packing four days ahead of its competitors. It managed to get in about 20 per cent of its anticipated pack. The cannery will close Monday or Tuesday, its season's work completed.

The Broder Canning Company cannery and quick-freeze plant in Lethbridge ended its run Saturday after processing only between five and 10 per cent of its scheduled pack. More than 90 per cent of its contracted crop was lost in last week's storm.

Hardest hit was the Alberta Canning Company, with canneries at MacGrath and Brooks. Manager T. C. Peterson said the company is writing off 96 per cent of its allocated 1,400 acres as unfit for canning. It will close down tomorrow or Tuesday.

Paving Contract Let At RCAF Slemmon Park

A contract valued at approximately \$140,000 has been awarded to L. G. Rawling Ltd. of Berwick, N. S., for the paving of the streets of Slemmon Park at R. C. A. F. Station, Summerside. An asphalt mix will be used similar to that used on provincial highways and work is expected to get under way in about a week.

This contract also includes sidewalks and driveways to be laid on two miles of paving. The company will set up its own mixing plant in the vicinity of the airport and as soon as this is done the work will be proceeded with. This is the same company which was earlier given a contract for landscaping and building walks and drives about the Slemmon Park school.

This latter job is just about completed. The hard surfacing of the streets in Slemmon Park along with the laying of sidewalks and driveways will be a great improvement to the area and will mean much next spring to the people living there. Last spring all of them got much too well acquainted with Island mud so the announcement of the paving contract will be welcomed by all the married personnel and their families.—S.

Use Synthetic Radium In Cancer Treatment

THE HAGUE, Sept. 30 — (Reuters) — Netherlands scientists have perfected a synthetic radium system of cancer treatment by the use of radio-active cobalt, it was reported Saturday night.

The new method will soon replace radium treatment at Dutch hospitals.

Radioactive cobalt possesses all the qualities of radium and is an improvement on it, said Dr. G. J. Van der Plaats, Dutch atom scientist.

One gram of radium costs about \$22,000. The same amount of the new substance will cost about \$30, Van Der Plaats said.

27th Brigade Gets Ready To Leave For West Germany

OTTAWA, Sept. 30 — (CP) — The advance guard of Canada's 27th Brigade Force is getting ready to move to West Germany, to the Hannover area, about 150 miles west of Berlin.

This was indicated by Defence Minister Claxton Saturday in a statement announcing that Canadian army "exploratory reconnaissance parties" are going to leave shortly to "inspect possible locations for the 27th Brigade Group."

"Inspections will be carried out in the Hannover area," Mr. Claxton said.

Previous reports were that the 6,000-man force likely will start moving overseas in November, with the whole brigade established in Europe by December.

It will be linked with British troops in Germany to serve as part of Gen. Eisenhower's Western European forces.

In addition, Canada is sending 11 sabre jet fighter squadrons for a Canadian air division to be grouped with American forces in Europe. The first of these divisions will leave for England within the next few weeks.
