## ALLIES ADVANCE WITHIN ARTILLERY RANGE OF CHORWON

### Moslem Society Threatens New Crisis In Iran

By Fred Zusy  
TEHRAN, Iran, June 5 (AP)—Premier Mohammed Mossadeqh was threatened with a new crisis today from Fedayan Islam, secret Moslem society which boasts of a string of assassinations in Iran's stormy politics.  
Hundreds of fanatical supporters surrounded the Tehran jail shouting for the release of Navab Safavi, chief of Fedayan Islam. Leaflets were circulated threatening bloodshed unless he is turned loose.  
The Majlis, lower house of Parliament, convened in an extraordinary session for the reported purpose of questioning the government.  
Fedayan Islam also sent letters to the deputies demanding the dismissal of Deputy Premier Hussein Fatemi and accusing him of being a traitor.  
It was Fatemi who announced the arrest last Sunday night of Safavi, who had been the object of a two-year police search ordered by Shah Mohammed Reza Pahlavi himself. He boasted to his captors he would be free within 24 hours.  
His arrest followed the capture last month of the No. 2 man in Fedayan Islam, Abol Ghassem Rafiee.  
Deputy Premier Fatemi, one of the most uncompromising advocates of seizing the British-owned Anglo-Iranian Oil Company, was accused by Fedayan Islam of accepting the cost of his London education from the A.I.O.C.  
"The Government on the surface at least, was moving ahead implacably toward seizure of A.I.O.C. property in Iran, despite the evident satisfaction here at the billion-dollar company's offer to send a delegation from London to take up 'full and frank discussions' of the entire problem.  
In Iran's view these negotiations have nothing to do with the principle of nationalization. They are concerned with the technicalities of the take-over and operation."

### Huge Hog Hatchery Experiment In B. C.

DAWSON CREEK, B. C., June 5 (CP)—An international experiment in hog raising, a \$2,500,000 project has been started here.  
A co-operative pig hatchery, the first unit of the plant, now is under construction and when the whole project is completed it will have a capacity of 1,000 sows a month.  
American farmers hold stock in the co-operative. The plan is to market weaning pigs in the United States, especially in Minnesota, Iowa and South Dakota.  
Directed by Ted Hawley, veteran hatchery man, the plant here will dwarf many similar hatcheries now being started in the United States.  
Dawson Creek, centre of the Peace River grain belt, has plenty of inexpensive feed available from its 10 elevators.  
The plant will be made in three units. Each wing will be 44 by 30 feet and three storeys high. The central feed house and elevator will shuttle feed by conveyor belts to various sections, and an automatic gutter will carry refuse to outdoor pits.  
It will be located on a quarter-section of land, tested and found free of disease.  
**Plant Is Mechanized**  
Labor-saving devices in the new plant enable one man to handle 250 sows. Plans call for employment of four caretakers and one supervisor for the 1,000-sow unit.  
"If we weren't mechanized, it would take from 35 to 50 men to do the job," said Mr. Hawley.  
An electric air-conditioning system will control temperatures and humidity in the buildings.  
The present large-scale plant was developed by Mr. Hawley after a survey of U. S. markets, where he found a big demand for hog raisers for weaning pigs.  
Shipments will be made by air, a system similar to the marketing plans used by chick hatcheries.  
Mr. Hawley's first air shipments were made to Alaska two years ago and from this start came the idea for the co-operative.

### Threaten Violence Unless Jailed Leader Released

By Fred Zusy  
TEHRAN, Iran, June 5 (AP)—Premier Mohammed Mossadeqh was threatened with a new crisis today from Fedayan Islam, secret Moslem society which boasts of a string of assassinations in Iran's stormy politics.  
Hundreds of fanatical supporters surrounded the Tehran jail shouting for the release of Navab Safavi, chief of Fedayan Islam. Leaflets were circulated threatening bloodshed unless he is turned loose.  
The Majlis, lower house of Parliament, convened in an extraordinary session for the reported purpose of questioning the government.  
Fedayan Islam also sent letters to the deputies demanding the dismissal of Deputy Premier Hussein Fatemi and accusing him of being a traitor.  
It was Fatemi who announced the arrest last Sunday night of Safavi, who had been the object of a two-year police search ordered by Shah Mohammed Reza Pahlavi himself. He boasted to his captors he would be free within 24 hours.  
His arrest followed the capture last month of the No. 2 man in Fedayan Islam, Abol Ghassem Rafiee.

In Iran's view these negotiations have nothing to do with the principle of nationalization. They are concerned with the technicalities of the take-over and operation."

### 1-Zone Application Before Transport Commissioners

Emphasis was placed on the comparative smallness of Prince Edward Island at hearings which were opened before the Board of Transport Commissioners in the Supreme Court room in Charlottetown yesterday. The Commissioners are hearing an application from potato growers and shippers for the consolidation into one zone of the two now in existence on the island for railway freight rate purposes.  
The sittings, which will resume this morning, were presided over by Justice M. B. Archibald, Chief Commissioner. With him are associated Commissioners Armand Sylvestre, K. C. and H. B. Chase.  
Several witnesses were introduced by Mr. J. O. C. Campbell, K. C., who is appearing as counsel for the P. E. I. Potato Advisory Board. Counsel appearing yesterday for the Canadian National Railways which is opposing the proposed change were Mr. A. K. Dystart K. C. and Mr. A. H. Hart. Witnesses heard were B. Graham Rogers, Clive J. Fitch, Col. G. E.

### Red Resistance Fierce Along Most of Line

By Don Huth  
TOKYO, June 6 (Wednesday)—(AP)—An artillery duel thundered on the southern approaches to the Communists' "Iron triangle" in Red Korea Tuesday night. The Allies punched out gains of nearly two miles.  
Tank-infantry teams battling toward the triangle—the Chorwon-Kumhwa-Pyongyang bulldog area—were less than 10 miles south of Chorwon. Intermittent rain and deep mud slowed them.  
Field dispatches reported lessening Chinese resistance in that sector, north of Chail, but resistance was fierce elsewhere along the winding, 125-mile front.  
The Reds pounded Allied positions during the night with heavy artillery and mortars. Allied big guns replied and the firing ceased from Red batteries.  
A single Allied unit holding positions between Yonchon, seven miles north of the 38th parallel, and the Imjin River to the south, took 75 to 100 punishing rounds of Communist 105-millimetre shell fire. It was more artillery than the Chinese had thrown in that sector in several days.  
On this western front, tank-led U. N. columns shot 3,000 yards along the rain-swept Yonchon-Chorwon highway against spotty resistance. Chorwon is 13 miles north of Yonchon and about 18 air miles north of parallel 38.  
A pooled field dispatch reported that the advance toward Chorwon in another sector was opposed by Reds in regimental strength. That sector was not pinpointed.  
Other U. N. forces showed ahead 800 yards but were impeded by rugged terrain rather than Chinese resistance.  
Should Allied tanks reach Chorwon, they would find a wide sweep of flat country, excellent for tactics of manoeuvre. The wide valley stretches eastward to Kumhwa, 15 air miles away.

### Duplessis Threatens Newsprint Controls If Prices Out Of Line

QUEBEC, June 6 (CP)—Premier Duplessis of Quebec tonight asked newsprint companies to give special price consideration to newspapers of Canada, and especially of Quebec, and hinted that if this were not done the Province may institute controls.  
Addressing the annual dinner of the Canadian Manufacturers' Association, and speaking in English, Mr. Duplessis said that Quebec produces 51 per cent of all newsprint made in North America.  
"It is," he said, "made out of our timber, and belongs to the people. Newspapers represent the people and are an essential agent of freedom."  
When newsprint companies fix prices they should remember the vital role played by newspapers and should give to them in Canada and especially in Quebec, a treatment based on justice."  
Mr. Duplessis said the newspapers of Quebec are co-owners of the timber limits and asked that newsprint companies "be pleased" with them. He added:  
"Control is best when it is self-control. When there is no self-control there may have to be another kind of control and I don't believe in that except when it is necessary."  
Though he did not refer to it specifically, Mr. Duplessis apparently was referring to an announcement by four Canadian newsprint companies they were increasing their price by \$10, effective July 1.

### Hospital Aids Ass'n Annual Meeting Held

ST. ANDREWS, N. B., June 5 (CP)—More than \$100,000 was raised during the past year by the 53 branches of the Maritime Hospital Aids Association, it was revealed in reports presented at the Association's annual meeting today. Average amount raised by individual branches was between \$1,000 and \$2,000, with some groups going over the latter figure.  
Meeting in conjunction with the convention of the Maritime Hospital Association, the organization re-elected Mrs. James Ross, Truro, N. S., as president. About 75 delegates registered.  
Other officers named are: First vice-president, Mrs. B. L. Moran, Chatham, N.B.; second vice-president, Mrs. A. M. Hunter, Halifax; third vice-president, Mrs. J. J. Duffy, Charlottetown; fourth vice-president, Mrs. P. J. Connolly, Sydney; corresponding secretary, Mrs. G. T. Purdy, Truro; recording secretary, Mrs. Walter Carson, Moncton; treasurer, Mrs. H. A. MacQuarrie, Westville, N. S.; zone chairmen, Mrs. N. J. Doherty, Saint John; Mrs. A. W. Abraham, Halifax; Mrs. H. Ferguson, Glace Bay; Miss Margaret Wisner, Charlottetown; magazine editor, Mrs. W. A. Bellinger, Sydney.

### Red Resistance Fierce Along Most of Line

By Don Huth  
TOKYO, June 6 (Wednesday)—(AP)—An artillery duel thundered on the southern approaches to the Communists' "Iron triangle" in Red Korea Tuesday night. The Allies punched out gains of nearly two miles.  
Tank-infantry teams battling toward the triangle—the Chorwon-Kumhwa-Pyongyang bulldog area—were less than 10 miles south of Chorwon. Intermittent rain and deep mud slowed them.  
Field dispatches reported lessening Chinese resistance in that sector, north of Chail, but resistance was fierce elsewhere along the winding, 125-mile front.  
The Reds pounded Allied positions during the night with heavy artillery and mortars. Allied big guns replied and the firing ceased from Red batteries.  
A single Allied unit holding positions between Yonchon, seven miles north of the 38th parallel, and the Imjin River to the south, took 75 to 100 punishing rounds of Communist 105-millimetre shell fire. It was more artillery than the Chinese had thrown in that sector in several days.  
On this western front, tank-led U. N. columns shot 3,000 yards along the rain-swept Yonchon-Chorwon highway against spotty resistance. Chorwon is 13 miles north of Yonchon and about 18 air miles north of parallel 38.

Should Allied tanks reach Chorwon, they would find a wide sweep of flat country, excellent for tactics of manoeuvre. The wide valley stretches eastward to Kumhwa, 15 air miles away.

### House Sanctions Higher Sales Tax

OTTAWA, June 5 (CP)—By a standing committee vote of 42 to 28, the Commons today sanctioned the bitterly-opposed 25 per cent increase in the general sales tax.  
"The vote came as the chamber moved through slow clause-by-clause study of a bill implementing the budgetary changes in excise taxes. The vote, in effect, confirmed the sales tax boost which by custom, went into actual operation when it was announced in the budget April 11.  
The balloting was preceded by a repetition of opposition arguments against the increase, which lifts the tax to 10 per cent from eight per cent, and by Finance Minister Abbott's reply that he considered it preferable to another rise in income taxes.  
Progressive Conservative, Social Credit and C. C. F. members voted against the increase and won support from Matthew MacLellan (L—Cape Breton North-Victoria) and J. L. Gibson (Ind—Comox-Alberni). Other Liberals supported it.

### Local Price Wars Break Out At All Across The U. S.

NEW YORK, June 5 (AP)—Local price wars broke out across the United States today.  
Drug, department, jewelry and appliance stores slashed prices on nationally-advertised fixed-price merchandise.  
Their action apparently was touched off by New York's price battle which raged through its sixth day, bringing reductions ranging to more than 50 per cent. The war started after the U. S. Supreme Court upset "fair-grade" price-fixing.  
Affected were housewares, drugs and cosmetics, watches, pens, lighters, television sets and other articles on which manufacturers had set "fair-trade" prices for retailers to observe.  
But most of the major department stores outside of New York still held the line on these prices. Even where price cuts were made, they usually did not include all of the fixed-price items.  
In few cases were the cut prices elsewhere matching those posted in New York City's hotly-fought war.  
For example: Sunbeam Mix-masters, price-fixed at \$46.50, were reported offered in various cities today at \$29.95 to \$41.85. Last week they sold here at \$26.50 until stocks were exhausted.  
Price cuts on brand-name merchandise were in effect today in such widely-scattered centres as San Francisco, Calif.; Newark, N. J.; Denver, Colo.; Omaha, Neb.; Jackson, Miss.; Albuquerque, N. M.; Harrisburg, Pa.; Akron, O.; Oklahoma City, Okla., and Atlanta, Ga.  
Here are some of the reductions, Bulova, Longine and Longine-Wittnauer watches at 50 per cent off; Ronson lighters down to \$3.94 from \$6.50; Shaeffer pen and pencil sets to \$19.75 from \$30; Motorola television sets to \$179.50 from \$219.95.  
The hectic bargain-hunting pace in the New York stores abated slightly with many of the men's suits, mixers and toasters that were main targets last week no longer available.  
Benjamin H. Namm, chairman of a large Brooklyn store and past president of the National Retail Dry Goods Association, said that if the price war continues for long "the result will spell bankruptcy for many small merchants" and that if it continues to spread to other cities "the entire price structure will be threatened."

### Charges Red Campaign Among Ukrainians Here

TORONTO, June 5 (CP)—A Ukrainian pastor charged today that a Communist campaign is under way to gain support among Canada's 500,000 Ukrainians.  
Rev. Peter Sametz, pastor of the midtown Ukrainian Orthodox Church, said in an interview that the Ukrainian-Canadian Association is being used to stage a 60th anniversary celebration of the arrival of the first Ukrainian immigrants in Canada.  
"There they will be fed Communist propaganda," he said.  
An official of the association denied that it is a Communist organization. He said it is "cultural" and divorced from politics. He declined to give his name.  
But Father Sametz said the association is using a monument of the Ukrainian national poet, Taras Shevchenko, as "bait" to draw thousands of non-Communist Ukrainians to the rally, June 30 and July 1.  
"They are using pious and religious people to praise a government which destroyed and murdered millions of Ukrainians," he said.  
The Ukrainian-Canadian Association official said 20,000 persons are expected to attend the rally at Camp Palermo, a Ukrainian summer camp 20 miles southwest of here, where the statue is to be unveiled. The crated statue now is in an open field at the camp.  
The monument, a 20-foot bronze figure on a 70-ton granite pedestal, was cast in Russia by Wronski Kondratjewich and Olejnia Prokofjewich, who were given a 50,000-ruble Stalin Award for their work. Completion of the statue, "place of erection of which is unknown," was announced in the Moscow Literary Gazette last March.  
Father Sametz said the Ukrainian population is expected to pay for the monument and be present to give a demonstration of "Soviet-Ukrainian solidarity."

### Defence Contracts Let Without Calling Tenders

OTTAWA, June 5 (CP)—The contract for building P66E Sabre jet fighters was one among some thousands of defence contracts awarded without calling tenders in the fiscal year 1949-50—the year under review by the public accounts committee—were only five per cent of the total or about 4,000 out of 84,000 contracts.  
The statements were made by W. D. Low, head of the Canadian Commercial Corporation which did the buying for the Defence Department until the Defence Production Department was set up in the last fiscal year.  
The committee, which has spent weeks studying military spending in the fiscal year which ended March 31, 1950, three months before Korea saw these other developments:  
1. Opposition members contend the Government could save money by having one central purchasing agency for all its needs.  
2. Mr. Low said that up until March 31, 1950, no particular attempt was made to spread defence orders around just for the sake of helping certain sections of the country. The big question was where things could be produced most cheaply.  
3. Ross Thatcher (COP—Moose Jaw) charge "discrimination" when told that rail freight charges have to be considered in award of contracts. This, he said, was bound to hurt areas outside Central Canada. Mr. Thatcher also complained that Saskatchewan is dissatisfied with her share of war contracts.  
4. Mr. Low said the Government still is holding on to tin and antimony stockpiled in the year under review.

### Newcastle Disease Under Control

TORONTO, June 5 (CP)—Newcastle Disease, a virus infection of chickens, has been brought under control in Western Ontario after destroying some 10,000 birds, it was announced today. Dr. W. Moynihan, Ontario district veterinarian for the Federal Agriculture Department, said the outbreak which reached its height about 10 days ago, now is under control. The disease destroyed some 500,000 birds in British Columbia last year.

### Regional Convention Of Y's Men's Clubs At S'ide Next Year

MONCTON, N. B., June 5 (CP)—Alf Reynolds of Sydney, N. S., today was re-elected to a second term as regional director at the Maritime regional convention of Y's men's clubs. Delegates from 10 clubs in the three provinces attended the three day session. Summerside was chosen as the site of the regional convention in 1952.  
Newly elected officers installed at the closing meeting in addition to Mr. Reynolds were Art Duvar of Charlottetown, district governor Maritimes east, and Robin Kilburn of Fredericton, district governor of Maritimes west.  
Also named were four service directors, Fred Morrison of Whiteley Pier, N. S., Ross Kennedy of Summerside, P. E. I., Dr. Lloyd Rutherford of Halifax, and Claude Whitensch of Moncton.  
The award given the club showing best attendance record and improvement was presented to the Sydney club.

### Stolen Jewelry Is Recovered

MONTREAL, June 5 (CP)—Police recovered today in a 10-cent railway station locker 14 pieces of stolen jewelry valued at \$150,000 owned by a Hollywood movie producer's wife.  
Mrs. Archie L. Mayo of Malibu, Calif., reported the jewels disappeared from a hotel last Friday.  
Chief of detectives Wilfrid Bourdon said information as to the whereabouts of the jewels was received earlier today but he did not say from whom.  
The jewels were in a green leather case, in a parcel. It was forgotten on a seat in the lobby of a west-end hotel by Mrs. Mayo.

### Statement Issued By Newspaper Association

QUEBEC, June 5 (CP)—A special committee appointed by the Canadian Daily Newspapers Association to interview Postmaster-General Rinfret concerning postal rates issued a statement today declaring the new rates are "discriminatory" and "would prevent the daily newspapers from servicing a large number of their rural subscribers."  
The statement was issued by A. F. Mercier, general manager of Quebec Le Soleil and chairman of the special committee which saw Mr. Rinfret Monday in Ottawa.  
The committee urged the Postmaster-General to defer final adoption of a new Postal Act increasing mailing charges for newspapers and periodicals.  
Mr. Rinfret said the delegation wants deferment of third reading of the bill until it can present a brief containing suggestions for modification of terms. He told reporters he could not agree with the request.  
The C. D. N. A. special committee statement included text of a letter to Mr. Rinfret dated June 4 in which the Association members "trust you will find it expedient to defer this matter pending the submission of a written argument in support of the newspapers' case."  
The C. D. N. A. statement relates activities of the special committee in Ottawa Monday.  
The Minister was advised, it declared, that the Association viewed the new rates with grave concern because:  
"(A) The said rates were discriminatory;  
"(B) The said rates would prevent the daily newspapers from servicing a large number of their rural subscribers who would be unable to pay the increase in subscription rates made necessary by the substantial upward revision of the postal rate.  
"The Minister was asked to delay third reading of the bill for one week until a brief could be submitted on behalf of the Association engaging on the stand it had already taken.  
"The Minister asked the committee to state its reasons for describing the rates as discriminatory.  
"The committee advised him that it considered the proposed

Justice M. B. Archibald, of the Exchequer Court of Canada, chairman of the Board of Transport Commissioners, who is presiding at the hearings of the Board now in progress in Charlottetown.

On this western front, tank-led U. N. columns shot 3,000 yards along the rain-swept Yonchon-Chorwon highway against spotty resistance. Chorwon is 13 miles north of Yonchon and about 18 air miles north of parallel 38.  
A pooled field dispatch reported that the advance toward Chorwon in another sector was opposed by Reds in regimental strength. That sector was not pinpointed.  
Other U. N. forces showed ahead 800 yards but were impeded by rugged terrain rather than Chinese resistance.  
Should Allied tanks reach Chorwon, they would find a wide sweep of flat country, excellent for tactics of manoeuvre. The wide valley stretches eastward to Kumhwa, 15 air miles away.

Moynihan, Ontario district veterinarian for the Federal Agriculture Department, said the outbreak which reached its height about 10 days ago, now is under control. The disease destroyed some 500,000 birds in British Columbia last year.

### Regional Convention Of Y's Men's Clubs At S'ide Next Year

MONCTON, N. B., June 5 (CP)—Alf Reynolds of Sydney, N. S., today was re-elected to a second term as regional director at the Maritime regional convention of Y's men's clubs. Delegates from 10 clubs in the three provinces attended the three day session. Summerside was chosen as the site of the regional convention in 1952.  
Newly elected officers installed at the closing meeting in addition to Mr. Reynolds were Art Duvar of Charlottetown, district governor Maritimes east, and Robin Kilburn of Fredericton, district governor of Maritimes west.  
Also named were four service directors, Fred Morrison of Whiteley Pier, N. S., Ross Kennedy of Summerside, P. E. I., Dr. Lloyd Rutherford of Halifax, and Claude Whitensch of Moncton.  
The award given the club showing best attendance record and improvement was presented to the Sydney club.

1951-52

HALIFAX, June 5 (CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Wednesday.

A disturbance south of Sable Island is moving away from the Maritimes and an area of high pressure is approaching from the west. As a result fine weather is expected in all sections on Wednesday.
