HOW TO TREAT A COLD.

Don't stuff a cold, as the old adage advises, if you do you will have a fever to starve. A genuine cold is a shock received by the many million nerves which approach near the surface of the human body, and which control the nearly seven million pores of the skin. This shock closes the pores of the skin, is transmitted to the nerve centre and back to the mucous membranes, forcing a great amount of blood to these membranes, creating more or less irritation and consequent fever, inflammation, dryness, then watery discharge and catarrh. The shock may have its cause from a chill, from improper eating, a nervous fright and various other causes which irritate the nerves of the skin and mucous membranes of the nose, throat and bronchial tubes. Excess of blood in the stomach still more clogs the system and pores of the skin, so that effete matter, which should be carried off by the natural courses is retarded; which is ample reason for not stuffing a cold. Experimenting with a severe cold is a dangerous custom, as most persons try one remedy until some friend suggests another "sure cure." When slight hoarseness or tightening of the nasal membranes warns one of a skin exposure or chill from whatever cause, act promptly, delays are dangerous; with children it may mean croup and strangulation; with adults, catarrh, bronchitis, perhaps pneumonia. Scores of mothers would as soon go to bed without matches in the house as without that old-fashioned remedy, Johnson's Anodyne Liniment near at hand for colds and croupy children. The proprietors, I. S. Johnson & Co., Boston, Mass., will send their new illustrated book entitled "Treatment for Diseases," free to any person for the asking.

Mrs Houser—Have you any idea what 'speaking terms' means, Mr Houser?

Mr Houser—Certainly, madam. Anywhere from $20 to $300 per night, according to the prominence of the speaker.—Buffalo Courier.

CAUSE AND EFFECT.

Death the Invariable Result of Neglected Kidney Disease.

LOWER JORDAN BAY, N. S. Jan. 21—The majority of human ailments can be traced, either directly or indirectly, to a diseased condition of the kidneys. Kidney disease may not be suspected for the reason that these organs have few nerves of sensation, and may be even in a codition of advanced disease before the true condition is discovered. Ninety per cent. of all diseases may be prevented by using Dodd's Kidney Pills. Samuel Locke's case, which caused such wide-spread interest throughout this province, is a case in point. The price at which Dood's Kidney Pills are sold places them within the reach of all. They may be procured from all dealers at fifty cents per box or six boxes for $2.50. Take no imitations.

'Talk is cheap,' observed the man who believes in proverbs.

'Humph!' replied the man who doesn't. 'That remark shown that you never hired a lawyer or rented a telephone.—Washington Star.

Hands and Ankles Raw.

For years I have been a great sufferer from itchy skin trouble and salt rheum. My hands and ankles were literally raw. The first application of Dr. Chase's Ointment allayed the burning, itching sensation. One box and a half entirely cured me. It is also instant relief for chilblains. Henry A. Parmenter, St. Catharines, Ont.

'Are you writing any mord stories?'

'No, I've given it up. Too much friction.'

'Worried you too much you mean?'

'No, my manuscript was worn out going through the mails so much.—Atlanta Journal.

No one need pity you if you die of consumption, without having tried Miller's Emulsion of Cod Liver Oil, "the kind that cures" coughs, colds, bronchitis and all pulmonary diseases Every bottle warranted. No oily taste like others. In big bottles, 50c. and $1.00, at druggists.

"I have spent thousands of dollars and been in the best hospitals of Europe and America under treatment for catarrh." said a gentleman recently, "and have never received so much genuine relief as I have from a twenty-five cent box of Hawker's catarrah cure."

For Over Fifty Years.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures the colic, and is the best remedy for Diarrhœa. Is pleasnt to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.—m. w. f. wkly—1 y

He read his doom in her face ere she spoke. She did not love him.

What is
CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

Castoria.
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ar.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

THE RED CROSS IN JAPAN.

(From Harper's Weekly.)

Some forty governments in all are bound together by the compact known as the Red Cross, or the International Convention of Geneva, of 1864.

The one word "neutical" signifies the whole essence of this treaty; it defines the condition of all sick and wounded soldiers, all surgeons, nurses and attendants, all hospitals, ambulances, and other appliances while they display the Red Cross arm badge, or flag duly authorized and inscribed by the military power of the army to which they are attached; and furthermore, all inhabitants of a country in the vicinity of where a battle is raging, as well as their buildings, are sacredly regarded as neutral while they are administering to the wants of the wounded and disabled, or being employed for hospital purposes.

Wounded soldiers falling into the enemy's hands are *neutral*, and *must* be sent to the frontier for delivery to their own army as soon as possible, provided, of course, that the country to which they belong is an adherent to the Red Cross treaty.

By applying the foregoing principles one will readily grasp the reason why Japan is doing such effective and commendable work as a humanitarian nation. She is carrying out to the letter the spirit and the obligations of the Geneva Red Cross Treaty, to which she gave her adhesion in 1886, while her Emperor stands at the head of of her civil Red Cross Society.

In six great wars the Red Cross has been conspicuous. Written history records the beneficent work it has done, but only unwritten history can relate the prevention of untold misery and suffering on every field,

In the present war Japan, as a Red Cross nation, meets difficulties and dangers unknown in any former war where the Red Cross has worked, from the fact that her enemy, China, is not a nation signatory to the Treaty of Geneva, hence humanity is shown on one side in the treatment of sick and wounded, while inhumanity runs riot on the other.

All About Phosphorous.

Phosphorous is one of the most potent life giving principles, and is found abundantly in the Norwegian Cod Liver. Combined with hypophosphites of lime and soda, it forms the wonderful blood creator known in science. Miller's Emulsion of Cod Liver Oil produced from the Norwegian fish is the finest preparation of this oil in the world. Its flesh and blood producing qualities enables the sufferer to gain the mastery over consumption and commence a new life under higher physical conditions. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all Lung affections. In Big Bottles, 50c. and $1, at all Drug Stores.

With Invalids.

Yes! with invalids the appetite is capricuous and needs coaxing, that is just the reason they improve so rapidly under Scott's Emulsion, which is as palatable as cream.

A remarkable cure.—J. W. Jennison Gilford spent between $200 and $300 in consulting Doctors: tried Dixon's and all other treatments but got no benefit. One box of Chase's Catarrh Cure did me more good than all other remedies, *in fact* I consider myself cured, and with a 25 cent box at that.

Harper's Weekly
IN 1895.

HARPER'S WEEKLY is a pictorial history of the times. It presents every important event promptly, accurately and exhaustively in illustration and descriptive text of the highest order.

The manner in which during 1894, it has treated the Chicago Railway Strikes and the Chino-Japanese War, and the amount of light it was able to throw on Korea the instant attention was directed to that little known country, are examples of its almost boundless resources. Julian Ralph, the distinguished writer and correspondent, has been sent to the seat of war, and there joined by C. D. Weldon, the well-known American artist, now for many years resident in Japan, who has been engaged to co-operate with Mr. Ralph in sending to HARPER'S WEEKLY exclusive information and illustration.

During 1895 every vital question will be discussed with vigor and without prejudice in the editorial columns, and also in special articles by the highest authorities in each department. Portraits of the men and women who are making history, and powerful and caustic political cartoons, will continue to be characteristic features. This Busy World, with its keen and kindly comment on the lesser doings of the day, will remain a regular department.

FICTION.—There will be two powerful serials, both handsomely illustrated—"The Red Cockade," a stirring romance of olden days by Stanley J. Weyman, and a novel of New York, entitled "The Son of His Father," by Brander Matthews—several novelettes, and many short stories by popular writers.

Send for Illustrated Prospectus.

The Volumes of the WEEKLY begin with the first number for January of each year. When no time is mentioned, subscriptions will begin with the Number current at the time of receipt of order.

Cloth Cases for each volume, suitable for binding, will be sent by mail, postpaid, on receipt of $1.00 each. Title-page and Index sent on application.

Remittances should be made by Post office Money Order or Draft, to avoid chance of loss.
