CAPT. GEORGE IRVING. jan17-1m

On the Use of Campbell's Wine of Beech-Tree Creosote, in Diseases of the Lungs and Throat.

IN the South of France, where all persons threatened by Phthisis are to be treated; where Doctors Bonchard and Ginoart, the two specialists so highly recommended by public opinion, have experimented with all the proposed medicinal agents, it is the only one that has been found to be successful.

When instead of confirmed Phthisis, Catarrh or Chronic Bronchitis have to be dealt with, the different forms of which may sometimes give rise to an uncertain diagnosis, they have always been cured. Those excellent results need not astonish us, if we consider the lucky natural associations of complete rest, and Balsamic principles in the compound we now describe.

When our Wine shall have restored health, it will be well not to discontinue its use at once, and at all events to use it about a fortnight before winter sets in, and at every change of season followed by damp weather.

DIRECTIONS.-A small dessert spoonful three times a day, after each meal, gradually increased to a large dessert spoonful.

N. B.-The use of Cod Liver Oil, as a powerful resistant to the remedial properties of the Wine is recommended. Campbell's "Skret" Oil being the best, is the kind which should be taken.

AT LAST!

A Wonderful Vegetable Discovery That Removes the Terrible Results of Overwork.

A True Invigorator.

Weakness and prostration of the nervous system surely follow that overwork and worry which brings sorrow and suffering to so many Canadian homes. The terrible results of nervous weakness, are seen on every hand. Pains in the back, poor and unrefreshing sleep, lack of appetite, dyspepsia, and loss of energy and strength, are the first symptoms of more serious and danger.

ous trouble. This is the way that Paralysis, Paresis and Insanity begin. Do not delay a moment longer, for some time it will be too late to regain your lost health and vitality. Use Pain's Celery Compound now, and the dull eyes will regain their brilliancy, the cheeks will grow rosy, the brain become clear, the nerves strong and steady, your sleep restful and refreshing, appetite good, and health and happiness will take the place of misery and suffering.

A. Sabiston, the well known lithographer of Montreal, writes: "In the summer of 1888 I had to work very hard, and was troubled considerably with insomnia (sleeplessness). I resolved to try your Pain's Celery Compound, and after taking the contents of two bottles, felt like a new man. A good night's rest gave me strength for the duties of the day, and instead of starting out to business in the morning feeling as if I had completed a day's work instead of being about to commence one I started out in good spirits, feeling fresh and strong. My wife and various friends, to whom I recommended the medicine, have been benefited greatly, and in fact 'Pain's Celery Compound is a household word in our family.'"
