Crops and Prospects.

A few weeks ago our farmers were grumbling about the want of rain. Now they are praying for dry weather. In four and half days, beginning on Thursday, the 11th inst., six inches of rain fell,—a sixth of the average rainfall of a whole year! On Wednesday night there was another heavy shower, and the weather continues to be unsettled. The result is that, throughout the length and breadth of the Province, thousands of tons of hay have been either completely ruined or very much damaged, that the crops on low-lying lands have had too much of a good thing, and that our farmers are not in such high spirits as they were a week ago. Hay apart, not much damage has yet been done to the crops. Harvest has begun. The yield of early wheat and oats is, apparently, heavy, and if the weather become settled and fine, there will yet be abundant crops. Our farmers have received still another lesson that it is wise to "make hay while the sun shines." We had a long spell of fine weather during which, in all but exceptional cases, all the hay might, and could, and ought to have been cut. But for the sake of an inch or two in the growth, or for some other reason, farmers permitted the fine weather to pass by—with the result that many of them have lost heavily. Hay-making is usually too late in this Province; and when too late, the gain in quantity is more than counterbalanced by the loss in quality.

The Liberal Programme.

Now that Mr. Gladstone is again at the head of affairs, let us recall the leading principles of his policy as outlined in his Newcastle programme. These were:—1, one man, one vote. 2, payment of election charges from the rates. At present no one can be nominated for a seat in the Commons unless he pays down £125 to £200 to the returning officer to meet the official expenses of the poll. 3, Payment of members of Parliament. 4, Peace and conciliation with Ireland. 5, Taxation of ground values. 6, Small holdings by compulsory purchase. 7, Repeal of the laws of primogeniture. 8, Popular control of the liquor traffic. 9, Equal death duties upon land-owners and other people. 10, Taxation of mining royalties. 11, Reform of the House of Lords. It will be interesting to note the progress made by the Liberal party in the carrying out of these reforms.

Notes and Comments.

—The Montreal Gazette:—"A good deal of the speech from the throne at the opening of the Newfoundland legislature was devoted to expressions of thanks to those who had helped St. John's in its distress. Canada was second in the list of places especially praised. At the opening of the preceding session it was first among the places especially condemned. There is nothing like a family affliction for reconciling a family quarrel.

—Winnipeg despatch says:—"Premier Greenway has issued the Manitoba crop bulletin which says that a good crop is now assured. The total yield is estimated: wheat, 20,000,000 bush.; oats, 15,000,000; barley, 4,000,000. Wheat will run in most sections 25 bushels to the acre, the greater part of it of high grades; oats 45 to the acre and barley 35. The potato crop will be the largest and best ever known."

Personal.

Sir Arthur Sullivan has about completed his new opera.

Ald. Ayer and Miss Ayer, of Moncton, are at the Hotel Davies.

Mr. and Mrs. J. C. Woodside of Roxbury, Mass, who are spending a short vacation on this Island, are registered at the Davies.

Mr. W. A. Brennan, of the Summerside Journal, and Mr. Mollison, of the Pioneer, were in the city yesterday taking in the races.

Mr. Joseph F. Roche, of the Boston Transcript, who has been spending his vacation in this city, leaves on return in the Britannia this evening,

Ex-Mayor Dunbar of Halifax, upwards of 80 years old, has just taken a wife of about 30. Mr. and Mrs. Dunbar are taking their wedding trip and are now at the Queen Hotel in this city.

Richard Hunt, Esq., chairman of the Summerside Town Council, was in the city yesterday attending the flower show and horse races. He left for home last evening.

William K. Vanderbilt and Mr. Webb of New York, the millionaire railway men, came yesterday in a special car over the Intercolonial and are at Halifax.

Mr. Wm. McKie, shipbuilder and contractor, of East Boston, and wife, are at present visiting friends at Souris and Bay Fortune. Mr. McKie left the Island some twenty odd years ago, and we are pleased to hear that he has prospered well in the land of his adoption.

Wm McKenzie, Esq., of San Francisco, California, who has been on the Island during the past few weeks, leaves for his home this evening by the S. S. Britannia. The gentleman made the trip to Canada for the purpose of visiting his aunt, Mrs. E. Whelan, his mother being a sister of the late Hon. Edward Whelan of Charlottetown. He is much pleased with the kind reception he has received from many of those who were personal and political friends of his uncle, and delighted to meet his aunt in good health and comfortable. Mr. McKenzie is interested in ranches and mining in California, and a shareholder in several enterprises. He is charmed with the rich appearance of our country which he has seen at its best, and hopes to pay the "garden of the Gulf" another pleasant visit in the near future.

PICNIC.—Everybody should attend the grand tea party to be held at St. Ann's, Lot 65, on Monday, 22nd August. A good time is assured, as no pains are being spared by the committee in charge to make it the tea of the season. Remember the date, Monday, 22nd August. Come! tfs

A publisher of Dickens' novels in London says that the sale of these works in 1891 was four times as large as in the last year of the great novelist's life.

The Races.

The races yesterday afternoon were all well contested, and greatly enjoyed. It is to be regretted that they were not more largely attended. Following is a synopsis of the proceedings after THE EXAMINER went to press yesterday afternoon:—

FREE FOR ALL.

In this race the starters were Sir Charles by Peter Blair, Peter Carroll, Pictou; Lucy Derrick, by All Right, N. Lee, Truro; Harry G., by Black Pilot, P. P. Gillis, Ch'town; Benny, by Fearnaught, jr., W. F. Robins, Ch'town; Loafer, by French Sporter, Messrs. Dawson, North Tryon.

First Heat—The horses were sent off on the fourth score. Harry G. had a slight lead at the start, with Loafer second, Sir Charles third, Benny fourth and Lucy Derrick fifth. Harry G, kept ahead until the three-quarter pole was reached, when he was passed by Loafer, who held first position for a short time only having to give place to Benny who had been getting along in excellent form and who had just given Sir Charles and Harry G. the "go by." Benny kept his lead to the finish coming under the wire the winner, with Harry G. second, Sir Charles third, Loafer fourth, and Lucy Derrick fifth. Time 2 34.

Second Heat—A start was effected on the sixth score. Soon after getting the word "go," Benny and Harry G. broke and Sir Charles took the lead, which he maintained to the three-quarter pole. Here he was passed by Benny, who had regained his feet and was doing splendid work. Loafer and Lucy Derrick had also been doing good work, and there was not much daylight between them at the three-quarters. Harry G had fallen back to fifth position. Benny kept ahead to the finish winning the heat in 2.34 Sir Charles took second place, with Loafer third, Lucy Derrick fourth and Harry G. fifth.

Third heat—This was one of the best contested heats in the race. The send-off, however, was a poor one for Lucy Derrick. Benny took the lead at the first turn and kept it to the finish. Sir Charles and Loafer pressed him very hard between the half and three-quarters. Lucy Derrick, who had been behaving nobly throughout this heat, came up neck and neck with Benny on the last quarter and worked hard for first place, but failed to secure it. At the finish the order was as follows: Benny first, Lucy Derrick second, Sir Charles third, Loafer fourth, Harry G fifth. Time 2.34.

Summary:

THREE-MINUTE CLASS.

Second Heat.—The horses were sent off on the fourth score. Just as they came up under the wire the bell rung, and almost directly afterwards the word "go" was given. This gave rise to a misunderstanding amongst the drivers, and only two of the horses—Sam Slick and Yellow Bird—went the full mile, the others dropping out. Sam Slick came in ahead of Yellow Bird at the finish, and Carroll claimed the heat. The other drivers claimed that as the bell had been rung it was "no heat." The judges took time to consider, and decided that it was a heat, and awarded it to Sam Slick, giving Yellow Bird second place, Sim third, Ilderim fourth, Birdie Patchen fifth, and Parnell sixth. Time, 2.43.

[A protest was entered against the decision of the judges by the owner of Sim, but it was subsequently withdrawn]

Third Heat—A start was made on the sixth score. Sam Slick led at the turn with Ilderim second, Parnell third, Birdie Patchen fourth, Yellow Bird fifth and Sim sixth. This order was maintained to the three-quarter pole, excepting that Birdie Patchen had been passed by Sim. Sam Slick kept his lead to the finish coming in the winner in 2.42½. Ilderim came in second, but was put back to third place for running. Parnell, who came in third, was given second place, with Yellow Bird fourth, Birdie Patchen fifth and Sim sixth.

Fourth Heat—Sam Slick had a slight advantage at the start which was effected on the fifth score, but went off his feet at the first turn, as also did Sim. Both, however, soon settled down to work again. At the half Sam Slick had a good lead which he kept to the finish, capturing the heat and race in 2.43. Parnell came in second, Yellow Bird third, Sim fourth and Ilderim fifth. Birdie Patchen did not start in this heat.

The Circus.

SIR,—It is a pity that managers and attendants at circus performances are so uncouth and repulsive. The show at present exhibiting here has, in addition to this objectionable feature, the faculty for not doing what they profess by their handbills. Outside of a few acrobatic feats, the time is wasted. Much indignation was felt by the audience last night in the exacting of twenty-five cents extra for cushioned seats (which were only rough boards with old pieces of carpet thrown over them). When a "circus" advertises "everything" for twenty-five cents, and then adds additional charges for various attractions included in the first announcement, we must, in common honesty, pronounce the affair a "fake."

ONE OF THE VICTIMS.

Aug. 18, 1892.

SIR,—It is to be hoped that you will give a true report of the so-called circus, which humbugged the people last night. Look at the bills and posters, and then think of last night's farce, fraud and deception. They advertise elephants, performing dogs, horses, bare back riders and lots of other things performing in the ring, and "25 cents admits to all." There is no ring, no performing horses, no dogs, no bare back riding; and if you want to see the elephant you have to pay an extra 10 cents. The acrobats, contortionists and western ponies did their part well, but beyond that there is nothing. It is about time that such humbugs were taught that the people of Prince Edward Island were not to be gulled.
