JOB INTERVIEWS

This list covers all on campus interviews and information sessions as well as other job information of interest to Seniors, for the period mentioned above.

Some interviews being held on campus are reserved for those who have successfully passed the company's pre-screening process. All others are available to any graduate in the discipline or disciplines requested. Sign ups can be made in Room 102, Main Building.

For those who approach the campus interview or any job interview, with some degree of apprehension, we now have available for your use an audio tape prepared by an experienced employer representative. Comments from those who have listened to the tape have all been favorable.

You are reminded that on-campus recruiting interviews for the first semester are slowly drawing to a close. The campus interviews should only be a small but important part of your individual job search campaign. Your mailing

campaign to employers not recruiting on campus at U.P.E.I. should now be well underway. If you need assistance in this regard please feel free to drop into my office at any time.

Monday, November 20: Public Service Bio-Physical Sciences Program will interview successful applicants of their pre-screening process.

Wednesday, November 29: Maritime Tel. and Tel. will be interviewing Business and Economics graduates on this day. You must have passed the pre-screening to be eligible. Marketing positions only.
