From One Cook to Another

MEALS THAT PLEASE MEN Most of us cook to please the men in our lives. We'd love to serve them steaks and roasts every day. But alas, we must be realistic. Well, you can be realistic so far as your food budget is concerned — yet serve really interesting meals — if you use Carnation Evaporated Milk. For instance, here's a dish that men applaud — but only when you count on double-rich Carnation to give it eye-appeal and heavenly flavor.

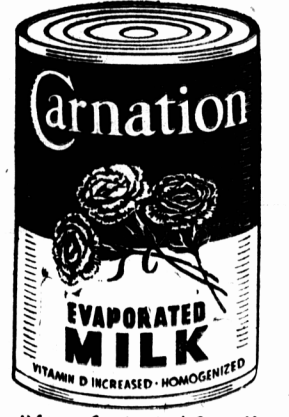

DESSERTS RATE HIGH with men — especially lemon-flavored men — I've found. And you'll discover that desserts made with Carnation Evaporated Milk are great favorites with men because of their creamy-smoothness and rich flavor. Here's a quick, easy and wonderful dessert that combines Carnation and lemon — a sure winner.

LEMON CAKE-PUDDING (5 servings) 1 1/2 tbsps. soft butter 2 tbsps. flour 1/2 cup sugar 2 eggs, separated 1 cup undiluted Carnation Evaporated Milk Grated rind and juice of 2 lemons Blend butter and flour. Add sugar, then unbeaten egg yolks. Mix in Carnation, lemon rind and juice. Beat egg whites until stiff, not dry; fold into lemon mixture. Turn into baking dish. Set in pan of hot water. Bake about 35 minutes in rather slow oven (325 deg.), until set.

WHEN YOU USE Carnation, be prepared for the day friend husband says doubtfully — "Honey, that was a very special meal. But can we afford such rich-tasting food?" That's the time to be ready with Carnation's economy story! Tell him that the reason Carnation makes food so delicious is that it is specially heat-refined. That heat-refinement means richer flavor and consistency — even when Carnation is mixed with an equal amount of water, for whole milk purposes. Tell him that undiluted Carnation can be used in cream recipes and in coffee — at half the price of cream. So with Carnation, you serve better meals — yet save on your cream and milk bill. Meals are much more interesting when you use Carnation instead of bottled milk. Have you tried Carnation?

YORKSHIRE PUDDING (6 servings) 1 cup once-sifted flour 1/2 tsp. salt 1/2 cup Carnation Evaporated Milk 2 eggs beaten light Have oven very hot, 425° to 450°. Mix flour and salt. Combine Carnation and water and stir gradually in flour. Beat smooth with spoon. Add eggs. Have all the drippings from the roast very hot in roasting pan. Beat flour mixture with rotary beater for 2 minutes. Pour at once into fat. Bake about 25 minutes at 425° to 450°, until puffy and golden brown. Serve immediately.

Serve coffee at its best — "creamed" with Carnation. Coffee-lovers everywhere agree that nothing makes coffee look or taste so good, as Carnation. Yet Carnation costs only half as much as cream.
