## House Briefs

OTTAWA (CP) — Improvements to the Trenton, N.S., airport are under review and there does not appear to be any need for immediate expansion there, Transport Minister McIlraith said in a Commons reply to H. Russell MacEwan (PC—Pictou).

Justice Minister Chevrier said tenders for a penal institution for young offenders at Springhill, N.S., probably will be called in October. He was replying to Robert C. Coates (PC—Cumberland).

A bill to legalize raffles and bingos when sponsored by religious or service institutions for charitable purposes was introduced by Herb Gray (L—Essex West).

When the bill was given routine first reading, so it can be printed and distributed to members, Social Credit Quebec members shouted for immediate second reading, or approval in principle.

Speaker Alan Macnaughton, however, imposed the rule that a bill cannot be advanced two stages in one sitting of the house.

Labor Minister MacEachen informed Michael Starr, former labor minister, that government municipal development loans will be available to communities which participate in the winter works program.

Works Minister Deschatelets said in reply to Louis-Joseph Pigeon (PC — Joliette - l'Assomption-Montcalm) that there will be a meeting in the next few days with Quebec authorities on Quebec's proposal for extension of the Trans-Canada Highway.
