

YANKEE SMARTNESS.—It has been remarked that if a Yankee were shipwrecked overnight on an unknown Island, he would be going round the first thing in the morning trying to sell maps to the inhabitants. "Put him," says Lowell, "on Juan Fernandez, and he would make a spelling-book first and a salt-pan afterwards." A long, hard warfare with necessity has made him one of the handiest, shiftest, thriftiest of mortals. In trading he is the very incarnation of the keenest shrewdness. He will be sure to do business under the most adverse circumstances and secure a profit also. This propensity is portrayed in the story of Sam Jones. That worthy, we are told, called at the store of a Mr. Brown, with an egg in his hand, and wanted to "dicker" it for a darning-needle. This done, he asks Mr. Brown if he isn't going to treat? "What, on that trade?" "Certainly; a trade is a trade, big or little." "Well, what will you have?" "A glass of wine," said Jones. The wine was poured out, and Jones remarked that he preferred his wine with an egg in it. The store-keeper handed to him the identical egg which he had just changed for the darning-needle. On breaking it Jones discovered that the egg had two yolks. Says he, "Look here; you must give me another darning needle."—*Quarterly Review*.

HOLLOWAY'S PILLS.—Diarrhœa and Bowel Complaints.—These maladies are ever present, and if left unattended frequently terminate fatally. It should be everywhere known that both cholera and diarrhœa depend on the presence of some undigested substance in the stomach or bowels, or some deleterious matter in the blood, and that Holloway's Pills can expel either with ease and expedition. They concentrate in a surprising degree purifying, alterative, regulating and strengthening qualities, and thus exert over every internal organ the wholesomely, controlling influence so necessary for subduing excessive action in the human frame. Holloway's medicine may be advantageously taken as a means of keeping the blood pure and the body cool—the only practicable plan of maintaining health in youth, manhood, and old age.

Some 35 years ago, a young man of good family left his home in Northern Ohio, and settled in Meade County, Kentucky. Shortly afterwards he made the acquaintance of a wealthy and highly respectable young lady in a border town of Indiana. The result of this acquaintance was a happy marriage and a family of five children—all girls. Ten years ago the man died, leaving to his widow and heirs property valued at \$50,000. The daughters all married respectably, and up to within the last year had no intimation that a sad piece of romance was coupled with their existence. The spell was broken last winter by the appearance of a young man—hailing from Northern Ohio—who claimed to be the son of the hero of this story, by a wife he had left in Ohio when he went South; and, as the right of his sonship, he claimed the entire estate of \$50,000. His claims were so well established that an equitable compromise was made.

THE MOST RELIABLE FRIEND!

Holloway's Ointment.

Its Searching and Healing Properties are known and recognized throughout the World.

The number of years this invaluable Ointment has stood the test of public opinion (and the longer known the better appreciated) is a testimony of itself more convincing than anything that could be written in praise of its truly wonderful healing properties. In the cure of bad legs, bad breasts, sores, wounds, and ulcers, its effect is marvellous. For ring-worm, scald head, scrofula, and diseases of the skin generally, there is no remedy to be compared to it. When assiduously rubbed upon the skin (previously well bathed in warm water) this Ointment is quickly absorbed into the system, and cleanses, in its passage, every part to which it is applied.

Glandular Swellings, Mumps, Bronchitis, Quinsey, Sore Throats and Diphtheria.

In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment, twice a day, upon the neck, chest and back. It acts upon the very mainsprings of life; for through the glands pass all new matter required for the the body's reparation and all old particles detrimental to its preservation. The Ointment, used conjointly with Holloway's Pills, will act so searchingly and certainly as to effect cures in the most hopeless cases.

Rheumatism, Lumbago, Contracted and Stiff Joints.

Many thousands of martyrs from the above complaints have found life almost unsupportable; yet if Holloway's Ointment be briskly and perseveringly rubbed upon the parts affected, ease may be safely guaranteed, especially if the pores of the skin be previously opened by fomentations with warm water. The gross humors require expulsion from the system; it is therefore necessary to have recourse to Holloway's admirable Pills, which by purifying and strengthening the system, greatly assist the operation of the Ointment and facilitate and confirm the cure.

Bad Legs, Bad Breasts, and Ulcerations of all kinds.

There is no medicinal preparation in the world which may be so thoroughly relied upon, in the treatment of the above ailments, as Holloway's Ointment. Nothing can be so simple or safe as the manner in which it is applied, or its action on the body, both locally and constitutionally. The Ointment, rubbed around the part affected, enters the pores just as salt enters meat. It quickly penetrates to the source of the evil and drives it from the system.

Erysipelas and Scrofulous Sores.

In all irritations of the skin, sores, ulcers, burns or scrofulous enlargements of any kind, Holloway's Ointment presents a ready and easy means of cure. It manifests a peculiar power in restraining inflammation, removing stagnation, cooling the heated blood, and checking all acrimonious and unhealthy discharge.

Diseases attendant on Childhood.

Diseases incident to early life fall more under the management of the mother than the medical man. Holloway's Ointment should therefore be regarded by her as a "Household Treasure," as it never fails in bringing out the rash in measles and scarlatina; and for the removal of all skin diseases its effect is miraculous. In cases of whooping cough and croup, this invaluable Ointment should be rubbed twice a day upon the throat and chest, and the youngest invalid will derive therefrom the most soothing relief. Two or three of Holloway's famous Pills reduced to a powder, will augment the curative powers of the Unguent.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Gout	Sore Throats
Bad Breasts	Chapped Hands	Glandular Swellings	Skin Diseases
Burns	Corns (soft)	Lumbago	Scurvy
Bunions	Cancers	Piles	Sore Heads
Bite of Moschetoes and Sand Flies	Contracted & Stiff Joints	Rheumatism	Tumours
Coco bay	Elephantiasis	Scald Heads	Ulcers
Chiego-foot	Fistulas	Sore Nipples	Wounds
			Yaws
