KEEPING AT IT.—Dr. Clift has another interesting letter in the Advocate regarding waterworks and sewerage for Picton.

PETER CLINCH WINS.—The match race between Peter Clinch and Ajalon took place on the K'naburn trotting park, Mahone Bay, on Tuesday. Peter Clinch won. The race was for a purse of \$200 a side, and the track was in good condition.

ABOUT A LOTTERY TICKET.—According to a Boston despatch John McKay, of St. John, is confined in jail, there pending developments in one of the most peculiar cases ever before a Massachusetts court. McKay is held on a meane process on complaint of R. S. Bonnell and others of St. John, who assert that he owes them fifteen thousand dollars due them on a Honduras lottery ticket which won a prize and which he obtained by unfair means in that city.

CHEESE MAN ASSIGNS.—The failure of Joseph C. Warrington, of Montreal, the biggest cheese man in the country this season is reported. The liabilities are over \$100,000, owing mostly to farmers throughout the country from whom he bought. Mr. Warrington's difficulties arose from trying to bear the Canadian market in England.

CHURCH IMPROVEMENTS.—The parishioners of Rollo Bay have lately improved the appearance of their hall. They have also had painted the inside of their church. The main building, as well as the vestry, is to be heated by hot air. A furnace for each is being placed in position, one flue, which is built outside the building altogether, answering for both furnaces. Father Walker and his parishioners deserve credit for these improvements.

BURNED TO DEATH.—On Friday last the three year old son of William Mallard, of New Zealand, came to his death under very distressing circumstances. While playing near the stove during the temporary absence of his mother, his clothes caught fire. The little fellow rushed to the door, and on getting outside the wind fanned the flames so as to completely envelop him. Before the fire was extinguished he was burned so severely that he lived only an hour after. He was a bright and interesting little child and much sympathy is felt for his bereaved parents.

GOLD AT McASKILL'S RIVER.—A correspondent writes as follows: "The other day while Mr. Michael McKinnon, of McAskill's River, King's Co, P. E. I., was engaged in digging mud he discovered a short distance from the surface something that at once attracted his attention. On a closer examination he thought it might possibly be gold dust. Since then he has shown samples of it to men of some experience in mining, and they pronounced it, at first sight, to be similar in appearance to that which is found in Colorado and the Klondike. Mr. McKinnon, we understand, has sent a sample on to Ottawa for analysis."

VALUABLE IMPORTATION.—There arrived by express from Ont. last week for Maple Grove Farm what is probably the best Leicester stock ram ever imported to this province. He was personally selected by Mr. John Clark at the Toronto exhibition from all the best of the breed on exhibition there. In breeding he is first class his sire being bred by Lord Balfour, and his dam by the Duke of Buccleuch, both of which gentlemen are leading breeders in Scotland. As a stock getter he is all that could be desired. Mr. Wm. Whitelaw, from whom he was purchased winning at Toronto 1st 2nd and 3rd on Leicester lambs 1st and 3rd with ewe lambs, all of which were sired by this ram. Mr. Clark evidently spares no expense in procuring sires for his herds and flocks.

SUFFOLK NOTES.
 The farmers here are now engaged in pulling their turrips and ploughing. Turrips are a good crop in this part of the country.
 Our well known friend Mr. W. Harper is erecting a new house which will be a good inducement to the fair sex.
 Mr. John Arbing, who has been laid up for the past week, has recovered, and we are glad to see him out again.
 Our sheep exporter, William Godfrey, in the space of two or three weeks intends to ship a large number of sheep to the Old Country.
 Mr. Aron Harper has returned home after a week's visit to Georgetown.
 Mr. Isaac Court, our noted poultry raiser, is now on a visit to his friends in Milcove.
 The matrimonial fever which has prevailed around here for some time, is about to cease.

STURGEON NOTES.

The grain crop this year is far below the average.

The Sturgeon cheese factory is still making cheese and will continue so until the separator arrives, which was sent to Ontario to undergo repairs, it having been damaged during last season's work. Had it not been for the vigilance and alacrity of James M. Smith, assistant butter maker, very serious damage might have occurred to the factory, and probably loss of life to a number of people who were in the factory at the time of the catastrophe. Much credit is due Mr. Smith for his presence of mind in quickly shutting off steam.

The number of cheese manufactured this year far exceeds that of the preceding year. Much praise is due to Mr. David Collings and his assistant, James M. Smith (who has completed his time in cheese and butter making), for their cheese and butter is highly praised both at home and abroad. A very serious runaway accident occurred Sunday the 9th ult. While Mr. Peacock and his wife were en route to attend religious service in St. Mary's Church, Sturgeon, their horse took fright and turning quickly capsized the buggy throwing the occupants out. He started to run and Mr. Condon, who held on to the reins with one hand, was dragged some distance along the road till he met some people going to Mass who stopped the frightened animal. Mr. Condon's arm was severely bruised but his wife was not much hurt.

Much credit is due our most talented and highly esteemed school teacher, Miss Minnie Creed, for the able manner in which she instructs the young and advanced scholars of this place. With her gentle manner and kind disposition she has won the esteem and respect of both scholars and their parents.

German Finances.

LONDON, Nov. 1.—The Standard in its city article says that between now and the end of the year many millions of pounds sterling borrowed in London and Paris for use in sustaining German industrial and commercial speculations may have to be paid back. This will put severe pressure on all German credit institutions. The end may be no break down, but the end of the year will be a trying time for Germany.

The article urges the great joint stock banks to help the Bank of England by keeping heavier balances idle than is their habit, so as to balance the money market.

MRS. WRIGHT, OF NORVAL, ONT. EXPERIENCES INTENSE SUFFERING FROM ECZEMA IN HER FEET.

Raw From Her Toes to Her Knees

Dr. Chase Makes a Wonderful Cure.

Mrs. Knight, 17 Hanover place, Toronto, makes the following statement:—

My mother, Mrs. Wright, who lives at Norval, near Doncaster, suffered a summer and winter with Eczema in her feet. She could not walk, and very seldom got any sleep. It became so bad that she was perfectly raw from the toes to the knees. After trying every available remedy without receiving any benefit, and almost hopeless of relief, she was advised to try Dr. Chase's Ointment. She has altogether used 8 boxes since commencing, but with the happiest results, for she is now completely cured. There is but one scar on one of her feet, a memento of her fearful suffering condition. Any person desiring further testimony in this case is at liberty to communicate with Mrs. Wright at her address, Norval P. O.

Mrs. Knight says after such a grand success is it any wonder we recommend Dr. Chase's Ointment?
 W. H. De Long, Civil Engineer, ex-Warden, and County Councillor, New Germany, Lunenburg Co., N. S., Oct. 28th, 1897, says:—"I had itching piles for thirty years, and have tried various kinds of pile cures, but none gave me permanent relief, until I used Dr. Chase's Ointment. I have recommended it to others with the same result."

At the Butts.

The Annual Shooting Match of No. 1 Company, 82nd Battalion, took place yesterday. Some very fine scores were made. The match was for the company's medals and prizes. Ranges, 100, 200, 300 and 400 yards, five shots at each range, highest possible score 80 points. Staff Sergt. M. Allan won the medal presented by Hon. Benj. Rogers, and Sergt. J. Walker the medal presented by Capt. Hooper. Sergt. H. W. Anderson acted as range officer to the satisfaction of the marksmen. After the shooting was ended three cheers were proposed for the Queen and were heartily given; also three cheers for the range officer. Capt. Hooper did not compete for the medals. Below are the scores:—

	Pts.
Capt Hooper, Daily Examiner and \$2.00	75
