News Notes.

Famine is causing widespread distress in Montenegro.

Louis Rubenstein, of Montreal, champion figure skater of the world, has announced his retirement.

Baron Albert Rothschild has donated $50,000 towards building an hospital for consumptives in Vienna.

Hon. John Jay Knox, who has just died after a very brief illness, was one of the most distinguished and successful financiers the United States has ever possessed.

The Telegraph demands that Mr. Blake shall "at least cease to be a marplot within the ranks of the party of which he has been the leader." And the Sun remarks that a marplot is a person who mars plots.

The Vienna correspondent of The Graphic says: The destitution that prevails here at present is greater than it has been in many years. Thousands of respectable persons of the laboring classes are idle and starving through the operation of the new American tariff. A large percentage of the mechanics here would be glad to emigrate, but are deterred from doing so by conscription. The misery of the poor people in this city is enhanced by an influx from the provinces of a large number of persons who are out of employment and are flocking to Vienna in the hope of obtaining work. The total number of unemployed persons in this city is estimated at 70,000. It is hoped that the extension of the city limits will give an impetus to building operations, and public works which the Government is inaugurating will also improve the deplorable state of affairs.

THE BIGGEST YET.—Mr. A. B. McNeill, of Little Sands, King's Co., sowed two bushels of black Tartarian oats last spring, and threshed fifty-seven and one-half bushels from this in the fall. The seed sown weighed 42 pounds to the bushel and the return weighed 40 pounds. Who can beat this?

PHOSPHOLEINE

when they became smooth and soft.

SCROFULA AND SALT RHEUM.

Dear Mr. Eagar.

I have much pleasure in giving you a record of the effect produced by the use of your PHOSPHOLEINE. The following cases have come under my particular attention while visiting the sick and poor: A case of Hereditary Scrofula.—The patient had tried most of the blood purifying remedies and Sarsaparillas in use, but for the past 19 years obtained no relief. After taking three bottles of your PHOSPHOLEINE his flesh became smooth and healthy, and he is now completely cured. A case of severe cough in the last stages of Consumption: The cough was eased, and the patient regained flesh and strength. This case is past curing, and the patient was pronounced so by physicians; but had she obtained of your medicine sooner, would no doubt have been cured. A case in which patient had given up the use of alcohol: The craving was cured, and the patient was regaining health and strength. A case of loss of flesh, great weakness, and indisposition for exertion of any kind, has been restored to health and strength by using your PHOSPHOLEINE. I have also recommended it to many who have been suffering from Dyspepsia, loss of strength and flesh, and in every case it has effected a cure. I have derived much benefit from the use of it myself. I remain yours, &c.,

E. C. NEWBERY.
