Entertainment at Emerald.

The postponed celebration at Emerald which took place on Tuesday morning (March 21) was a great success. Despite the cold weather and rough roads a large crowd from the adjoining settlements assembled in the hall while the trains from Summerside and Cape Traverse were well filled with excursionists. It was to be regretted that, owing to sickness, R. v. Dr. Doyle, was unable to attend. In his absence Mr. P. J. Trainor, of Charlottetown delivered an oration suitable to the occasion, which, notwithstanding the short time afforded him for preparation, was an able effort. The instrumental selections, "Irish Airs" by the orchestra, composed of Mr. Henry Dempsey, guitar, Miss Annie B. Fraser, violin, Miss Jennie Mcdonald, mandolin, Miss Birdie Moynagh, autoharp, and Miss Alice Bryenton, organ, were excellent and were heartily applauded. It is pleasing to know that their first appearance was attended with such success.

Messrs. Jas. R. Kenny, John A. Murphy, Thos. N. Donahoe and George Larkin sang two comic solos each, and were heartily encored. The character songs were well taken and elicited great applause. Miss Regina Flood's solo, "Kathleen Aroon," was well received. Miss Maggie McMahon delivered the declamation, "St. Patrick's Day," in a very praiseworthy manner. A. C. Rogers, Esq., S. Side, at the request of the chairman, President Mullin, recited with good effect, "How Baliste Came Home." While all the performers acquitted themselves in such an efficient manner that it is hardly necessary to particularize still, the declamations of Miss Flo McKenzie and the solos of Master Victor Anderson are worthy of more than passing notice. Miss McKenzie recited with pleasing effect, "It takes the Ace to beat the King," and Sanders McGlashan's Courtship." She was heartily applauded and responded to the encores. Master Anderson sang in excellent style, "Mavourneen," and "Remember Boy You're Irish." He was loudly applauded and encored. The selections from the graphophone, under the management of Mr. J. M. Noonan, were very pleasing.

The accompanists were Mr. Dempsey and Misses A. Bryenton, Birdy Kenny, Florrie Trainor and Miss Anderson. Notwithstanding the postponement the entertainment was highly successful. It is needless to say that its success is due principally to the untiring zeal of Mr. Geo. R. McMahon, the life and spirit of Emerald Branch, B. I. S., whose gratuitous labors and constant interest in its welfare have tended materially to elevate the society to its present good standing.

News Items From Crapaud.

The dedication of the Orange Hall, Crapaud, will take place on Friday evening the 31st of March. Grand Lodge officers will be present and officiate. There will also be a pie social in the lower flat of the same building the same evening. Admission to dedication and entertainment only 10c. Ladies bringing pies free. Doors open at 7 p. m.

Dr. Robertson has been confined to the house since Saturday with neuralgia. Notwithstanding this fact, the Dr. always ready to relieve his suffering neighbors when called upon, can still manipulate the forceps with comparative ease.

The heavy rain last night has caused quite a flood of water with the result that the tannery at Crapaud will be run with water power instead of steam.

Preparations are in progress for a large output of maple sugar this spring; and of course the best grades of brown will advance in price.

Obituary.

It becomes our sad duty to record the death of Ronald N. McDonald, who departed this life at East Point, on the 14th March inst., after an illness of three months. The deceased gentleman, was widely known by tourists and pleasure seekers, from all parts of the Island, and from abroad. His hospitality was ever ready to be extended to friend and stranger alike.

As a man, as a friend, as a true christian gentleman, he stood in the very front rank. This was evidenced by the very large number of people who escorted his remains to St. Columbia on the day of his burial.

To Mrs. McDonald and the Messrs. McDonald we extend our heartfelt sympathy in their sad bereavement. He was our friend, and we knew none more true.

It is with feelings of regret that we announce the death of one of Elmira's most respected farmers, Mr. Wm. H. Mellick,

who died on March 7th, after a brief illness of two weeks. His kindly disposition, generosity and obliging manner won the admiration of and endeared him to all who had the pleasure of his acquaintance. Mr. Mellick was fifty-six years of age, and left a sorrowing widow, seven children, six brothers, two sisters, and a father who is over ninety years. He was also a brother of Rev. H. G. Mellick, who resides in Emerson, Manitoba. The usual funeral service was performed at the home of the deceased by Rev. Mr. McPher, after which the body, followed by a large concourse of friends and acquaintances, was carried to South Lake cemetery for interment. Much sympathy is due his sorrowing widow and children, who mourn the loss of an affectionate husband and father.—Com.

A Protest From Sturgeon.

Sir,—In the last WEEKLY EXAMINER there appears a letter signed by J. R. Kaley, of Murry Harbor South, in which he makes some very harsh and unjust references to the people of Sturgeon, in which he thinks some one has been telling lies about him. His letter conveys the impression that the people of Sturgeon are noted for circulating false stories.

There may be some idle gossippers here, as in every other locality, but the residents of Sturgeon are respectable and upright, and will compare very favorably with those of any other community on the Island.

If Mr. Kaley thinks he has been slandered he should have recourse to law instead of slandering a whole community.

If on the contrary, as is probably the case, some one has been "backbiting" him he should pay no attention to such falsehoods. False stories are generally harmless and are disregarded by all sensible men.

TO BLOW UP A MAGAZINE.

Plot Exposed in Time to Avert a Disaster Like that at Toulon.

LONDON, March 18.—The Vienna correspondent of the Daily Chronicle says he has learned "from an absolutely trustworthy source in St. Petersburg" that the recent disaster at La Goubran, near Toulon, where a magazine was blown up, causing the loss of sixty lives; was partly a diabolical scheme which originally included the destruction of a magazine at St. Petersburg.

Early in the morning of the day on which the La Goubran explosion occurred Gen. Kouropatkin, the Russian Minister of War, received a cipher telegram informing him that both magazines would be blown up within twenty-four hours. Gen. Kouropatkin immediately drove to the magazine, roused the guards and had the workmen make a close examination of the magazine and its surroundings. It was reported to him that the inspection was extremely satisfactory. He gave all the guards and workmen a three days' turlough and then telephoned for new guards and two companies of sappers. The latter dug a trench around the magazine to a depth sufficient to insure the cutting of any wires that might have been placed to cause an explosion. Cordons of troops were placed around the magazine and grenades were posted in all directions.

The inference is that Gen. Kouropatkin, by taking these precautions, averted a disaster similar to that which occurred in France a few hours later. The correspondent adds that the Russian intelligence service is the best in the world, agents being maintained in every town of Europe at an enormous annual cost.

A man's health is the rope which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition, it makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia—kidney disease—rheumatism—consumption—skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood.
