

Salmon Fishing Concern Shown

VANCOUVER (CP) — Clarence Pautzke, chairman of the U.S. section of the International North Pacific Fisheries Commission, expressed concern here over Japanese salmon fishing off the north coast of Alaska.

He told the commission's annual meeting here that a new Japanese high seas fishery could threaten "the very existence" of the people of northern Alaska.

He called for a commission review "to prevent a potentially serious problem from developing."

Delegates from Canada, the U.S. and Japan—member-nations of the North Pacific Fisheries Convention—are attending the meeting here.

Canadian Fisheries Minister Rebecqhaud has suggested that Russia be included in any new fishing treaty, but U.S. officials have opposed this.

About 100 delegates are attending the convention.

TICKLING RULED CRUEL

LONDON (AP)—A husband was cruel to tickle his wife's feet, a divorce court judge has ruled, even if she laughed while he was doing it.

"The tickling put her in real distress and made her scream," said Judge Sir David Cairns.

George Cecil Nicholson had claimed it was "just a bit of fun" when he tickled the feet of his wife, Doreen.

"I don't accept that," the judge said. "It may well be that she laughed when he did it, because laughter is an automatic reaction to tickling. I think she is right when she says it was something which was painful to her and that her husband knew it."

He granted a decree to Mrs. Nicholson on the ground of her husband's cruelty.
