Summer Arrangements.

By the summer arrangement of our railway—which goes into operation on Monday—passengers from the mainland will be able to reach all parts of this Province on the evening of their arrival. A person leaving St. John in the morning may be in Tignish or Souris or Georgetown on the same evening—though rather late in the evening. Trains will leave Summerside, going east and west, after the arrival of the steamer from Point du Chene. The train going east will arrive in Charlottetown at 7 25 o'clock, (local time) at Georgetown at 9 20 and at Souris at 10 15; and the train going west will arrive at Alberton at 11 10 o'clock, (local time) and at Tignish at 12 00. By these means the mails will, (with the co-operation of the Postal Department) be delivered at all the principal points along the whole line on the night of their arrival; and the business men of Tignish and Souris, Alberton and Georgetown, will wake up in the morning to their correspondence and their newspapers. Passengers in haste to reach any (even the furthest) given point on the evening of arrival will also be enabled to do so. But it may be assumed that the ordinary traveller and tourist will, as heretofore, rest at Summerside or Charlottetown rather than, after travelling all day and crossing the Strait, go on into the night in an ordinary car. The connections on leaving the Island are not so close. Only passengers taking the cars between Charlottetown and Summerside can go to the mainland on the same day; for the steamer leaves Summerside at 9 15 a. m. (local time) and the train from Tignish will not reach there until 10 50, while the train from Souris and Georgetown will not arrive until the afternoon. Two trains will traverse the line each way each day—except the Cape Traverse branch, over which there will only be communication every other day. The results of the new arrangement will be watched with interest. It will, without doubt, effect a quicker delivery of the mails. Experience only can show whether or not it will satisfy the demands of our local way traffic. We fear that it will be found somewhat wanting in this respect. But we await the issue.

A Good Move.

THE Canadian Pacific Railway Company has been endeavoring to induce those of our farmers who feel constrained to move from this Province to go in and take up the lands of our Canadian Northwest. Being anxious to impress upon all the bona fide character of their representations as to the capabilities of that great territory, they recently resolved to extend invitations to some of our most prominent citizens to visit the Northwest at their expense and see for themselves the country as it really is. No better means of securing an honest report could be hit upon. The men chosen belong to the class of our worthiest and most wide-awake citizens. They have the interests of our people at heart and can be depended upon to thoroughly consider the question of emigration. They will, without doubt, take into account every condition of the country to be examined by them—favorable and unfavorable. The result of their observations will, we have no doubt, very materially effect the attempt to direct our young men to our own country and its attainableness as a future happy home for our surplus population. The excursion will be made up of representative men from Nova Scotia and New Brunswick as well as Prince Edward Island. The train will leave St. John on Tuesday night. We understand that for this Province Messrs. Donald Ferguson, P. Blake, Alexander Laird, R. B. Stewart and A. M. Wright, and the Revs. A. E. Burke and J. A. Gordon, have been invited. Our readers will at once see that the selection is a good one. The laymen are among our ablest citizens—men not only in the front rank of public affairs but skilled husbandmen and business men capable of pronouncing upon the Northwest as a farming country; while the Rev. Mr. Gordon and Father Burke have long stood in the front rank of our clergy as eloquent preachers and able writers—zealous and successful clergymen, and public-spirited and broad-minded citizens. We congratulate the Canada Pacific Railway on this feature of its abundant enterprise, and heartily wish the whole party bon voyage. We hope to be able to record the impressions of some of the excursionists in the columns of THE EXAMINER.

—The Montreal Gazette remarks that "it will be time enough for Sir John Thompson to notice his defamers when they attempt to put their finger on a single public act of his that will in the remotest degree justify their aspersions." —Commenting upon Mr. Blake's acceptance of the offer of the Irish Home Rulers, the Montreal Gazette says: "Canada will, in all likelihood, soon have to bid adieu to a great son, who, if he has not always been a successful leader, has ever been a respected one. Whatever fortune attends his venture on a new and stormier political sea than he has yet had experience of, Mr. Blake's career will be watched with friendly interest by men of all parties in his native land."

MEETING AT BOARD OF TRADE ROOMS.

A meeting of citizens was held at the Board of Trade room this forenoon. Among the gentlemen present we noticed Hon. David Laird, Hon. Donald Farquharson, M. P. P., Councillors Hughes, McKay, Crabbe, Beer and Hooper, Messrs F. W. Hales, H. A. Aitken, George Stanley, J. M. McLeod, C. D. Rankin, L. L. Beer, G. F. Beer, P. P. Archibald, J. J. Davies, James Paton, H. Haszard, B. Higgs and others. Mr. Warburton was called to the chair. After the meeting had been addressed by Mr. Plaine, and there had been a general discussion of the matter, it was "resolved that a committee consisting of the chairman, Hon. D. Farquharson, Councillor Crabbe and Mr. L. L. Beer be appointed to ascertain whether the Press party visiting Nova Scotia could come to this Province and the number of persons composing it, as well as other information, and report to a subsequent meeting."

Convent de Notre Dame.

Quite a number of persons visited the hall of the Convent de Notre Dame last evening to inspect the various pieces of handwork made during the school year, which will close with a review on Monday evening next. On passing through the spacious hall we noticed many fine pieces of art work, in oil, fuzin and crayon. Among the numerous collection we noted three fire screens, which were much admired. One of these was of canvass and two of glass, the former being the work of Miss Mary Carroll and the latter two of Misses Monie Burke and M. Y. Benoit, the painting on all three being done in oil. They are handsome in design and show much taste and careful training. An oil painting on canvass, by Miss Barbara McDonald, and an oil painting on glass by Mrs. D. Montgomery are very artistically executed and show much skill in handling the brush. Among the collection done in fuzin and crayon are "The Ruins of Weissenau," by Miss Josie Handrahan, "Resting," by Miss Anderson, "The U. S. S. Weehawkin," by Miss Barbara McDonald, "A Well Filled Dish of Fruit," by Miss Monie Burke, "A Rural Scene," by Miss McAulley, and "In a Light Breeze," by Miss F. Sullivan, all of which are highly creditable, particularly that done by Miss Burke. We must also compliment the Misses Lewis, Doyle and Gallant for their fine showing as pupils of a few months. Two photo cases, one by Miss J. Handrahan, and the other by Miss Angelina Doyle are splendid pieces of handwork. Numerous pieces of needle work of a high class in table scarfs, cushions, slippers, smoking caps, wall pockets, and various useful articles are also to be seen in every direction, some of which is the work of children of tender age. Taking altogether it is a beautiful display well worth seeing, creditable to the pupils and particularly so to the institution.

Personal.

Mr. J. B. Hegan, C. E., St. John, N. B., is registered at the Hotel Davies. J. D. Chipman, Esq., Mayor of St. Stephen, N. B., and Mrs. Chipman arrived here last evening. They are stopping at the Hotel Davies. James C. Shaw, B. A., who graduated at Dalhousie in 1885, winning first rank honors in classics and the Governor-General's gold medal, and who was subsequently tutor of classics in Dalhousie for two years, is in this city on his way to his home in P. E. Island. Mr. Shaw spent last year at Harvard doing post graduate work in his chosen subject.—Halifax Herald. We are pleased to be informed that James A. McInnis, Esq., Mayor of St. John's, P. E. Island, has been appointed a Justice of the Peace as well as a commissioner for taking acknowledgments to deeds and a commissioner for taking affidavits in the Supreme or County courts. This appointment has been made by the present Government, and although not approving of many of their acts, still we are pleased to see such commissions given to one capable of fulfilling the duties connected with them. We offer Mr. McInnis our congratulations.

—It is the intention of the Irish leaders to provide a perfectly safe seat which Mr. Blake need not fight personally, even should the Parnellites or Unionists contest it. The Pall Mall Gazette suggests that other leading colonists be invited to stand for seats in the Imperial Parliament.

—Probably the best course was, under the circumstances, adopted by the meeting held this forenoon. Nothing definite could be done until something definite is learned concerning the movements of the visiting president. Whatever may be the result of the committee's enquiry, Mr. Plaine deserves the thanks of the community for the interest he has evinced.

—The Concert of the Philharmonic Society, which takes place on Tuesday first, bids fair to be a most enjoyable event. The choruses of the first part of the Concert are selections from the operas of Tanhauser, La Figlia del Reggimento, and Massimiliano. Dudley Buck's cantata of the Golden Legend forms the second part of the entertainment, in compliance with the request of many of our citizens, who wished to hear again that musical gem.

Written for the Examiner.

The Huntsman.

'Twas in the lone, uncultured wilds Of far Assinobia, Ere comrade took its giant stride From east to western sea. From grasp of lordly tyranny Came brave and sturdy band; The sons of sire who framed the old, To build this fair, new land.

The red men tracked the hunter's path Through miles of gloomy wood, And now, with whoop and foudish yell, Before their victim stood, With rifle shot he kept his ground And held the foe at bay; Yet, what avail his single strength! Ten times his number they.

He leaped upon a rocky ledge Which overhung the wave; Far kindlier fate than scalping-knife The risk of watery grave. He glared towards his precious haven Upon its path of green; He saw his loved ones by the door, But—the river rolled between.

Another saw; love prompted wit; Upon the grassy floor She laid her babe, then fleetly sought The wherry by the shore. With strong, young arm she plied the oar; The waters twined and toss; 'Tis vain! beneath that cataract No human power may cross.

List! through the noise, seething surge A voice of hope and cheer; "Leap in, and swim down the stream! I'll meet you—never fear." The current bears the slight skiff on; The Indians' arrows fly; But the hunters' farm is seen no more Against that lurid sky.

For he hath planged into the foam And borne upon the tide, Is now beyond all chance of harm; His brave wife by his side. Saved by that fair-inspiring Love Which glorifies the heart; Whom amply fills with choice drawn wealth, And crowns the loves of earth.

Should be Exposed.

SIR,—When will the self-constituted champions of Protestantism learn that the cause of truth cannot be furthered by misrepresentation? What could be more revolting to all religious people, of whatever faith, than the deliberate lies which appeared in yesterday's Guardian about the Church of England at Cherry Valley? The correspondent says there were only three people at the last service Mr. Simpson held there. Two answers in to-day's Guardian assert there were seventy. Surely such a barefaced slander as "Cherry Valley" should be exposed and his name held up to public scorn. If Christians must fight with each other, by all means let them fight fair, and not fall back on the "Father of Lies" for assistance.

INDIGNANT.

The Silsby Hose Co

SIR,—It has been reported around town for the past few days that the captain and five or six of the oldest firemen of the Silsby Hose Company have been dismissed by Chief Engineer Large. If this report is true, I think the public are entitled to know the reason for their dismissal. I have been told that the reason the men were dismissed was because they would not donate their year's pay for the benefit of the firemen's tournament. The men had a perfect right to do what they pleased with their own money; and because they did not see fit to give it to the tournament committee is no reason why they should be dealt with in an unwarranted manner. We all know that the Silsby fire engine was the only dependence we had in case of fire previous to the introduction of the waterworks a few years ago, and I have often known these men to work during the whole night in cold and stormy weather, for which they at that time received little or no remuneration. Some of the men have been in the Fire Department for a quarter of a century, and have always performed their duty as firemen without a murmur when occasion required, and have been the means of saving hundreds of thousands of dollars worth of valuable property to citizens. To dismiss them now without any reason given to keep the fact from the public is an outrage, and I take this opportunity of entering a protest through the columns of THE EXAMINER against this action of the Chief Engineer, and call upon those in authority to give the men fair play, and let an investigation be held at once.

Canada and the Empire.

SIR CHARLES TUPPER MAKES A VIGOROUS SPEECH IN CANADA AND TO SUPPLY THE WHOLE EMPIRE WITH FOOD. LORD SALISBURY SYMPATHIZES WITH THE REFERENTIAL TRADE IDEA.

The Montreal Star has a cable from London, England, stating that the conference of colonial delegates to the convention of the Chambers of Commerce of the Empire, which all day and many leading colonists were present, including all of the Canadian delegates. The Right Hon. James Lowther, president, said Salisbury sympathized with the desire of the league that preferential rates be established, but he wanted the constituents educated before undertaking to legislate on the matter. One of the features of the sitting to-day was an address by Sir Charles Tupper in which he painted in glowing terms the capacity of Canada as a food producing country. He said that even if Great Britain by her trade policy antagonized all of the other food producing countries in the world the mother country need not be short of the amplest supply of food. Canada was quite capable of supplying the empire with food. Sir Charles Tupper warmly urged the adoption of a preferential tariff within the empire. He also urged that the government should place a duty of five shillings per quarter on American grain and that Canadian wheat should be admitted free. Sir Donald Smith spoke very much in the same strain.

MAKES FISH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat. In fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c, and \$1 at Charlottetown drug stores.

MISSIONARY MEETING. In the evening a large and stirring missionary meeting was held. The meeting was addressed by Rev Dr Carman, Rev Mr Dobson and Dr Allison.

SATURDAY, JUNE 25.

FORENOON SESSION.

After devotional exercises, the Rev W J Kirby presented the report of the Sunday School committee, together with the programme of to-morrow afternoon's services. The report showed a gratifying increase in the number of scholars, officers and teachers, as well as of amounts received for Sunday School purposes.

Dr Luthern then ascended the platform and brought Book-room affairs before the conference. He showed that the last year had been a prosperous one, both as regards the Book-room and the Wesleyan. After hearing from him, and from others who congratulated him upon the satisfactory position of affairs, the Rev J Read was appointed to draw up a resolution expressing the feeling of the conference. This he did, and the resolution was unanimously passed. On motion of Rev J Shenton, thanks were tendered to the Rev T Marshall, secretary, for his efficient services during the past year, and also to the assistant secretaries. Mr Marshall suitably acknowledged this action of the conference. The Rev J A Clarke presented a further report from the nominating committee, which was adopted.
