MISCELLANEOUS.

PARSON BROWNLOW ON THE SITUATION.

The notorious Parson Brownlow, Governor of Tennessee, is one of the deputation of loyal Southerners who have been holding a convention at Philadelphia. At Trenton he made a speech, in which, alluding to the present aspect of affairs in the United States, he spoke as follows:—

Now, gentlemen, I am before you, not as an alarmist—not as a sensational man. I am before you to predict what you do not want to hear—that is, that you are to have another war. I know something of the temper and the spirit of the Southern mind. The devil is in them, gentlemen, and the devil is particularly in the man at their head—now the occupant of the White House. [Cheers and laughter] I shall say nothing without mature and deliberate reflection, and I shall say nothing in New Jersey that I would not say at home—in any of the towns, or in the capital of Tennessee. I say to you if the rebels of the South, with Andy Johnson at their head, shall plunge this country into another war, and you are forced again to leave your homes and go down into the South to subdue and put down the rebellion, I have something to say about the arrangements that are to follow. I want to have a finger in that pie. I advise that you divide the great army of the North into three divisions; the first shall go armed with small arms and heavy artillery, and do the killing; the second division shall go with spirits of turpentine and pine-knot torches, and do the burning, and the third and last shall go with a surveyor's compass and survey the land into small parcels and sell them to pay the expenses of the war to the men that fight to uphold the honor of the flag. [applause; and cries of "That's good doctrine—that's what they deserve."]

BEAUTY AND VIGOUR.

For the sex to wish to be beautiful is reasonable and natural. With what rapture do we gaze upon a lovely countenance, on every feature of which sits the calmness of content—the radiance of a happy, guileless mind, spotless in its eyes. With what admiration do we look on a blooming complexion. That delicately wonderful texture inhaling, exhaling, untiringly, with unconceivable elasticity and strength, and covering us with a garment lighter than gossomer—those invisible points more sensitive than electric wires that join the outer to the inner world, bearing on its surface a blush more evanescent than the bloom on a flower—Yes, beauty is charming. But it may vanish in a moment, for it is but an aureole around the brow of health—the sign like the fragrance of the flower of perfect vitality.

Beauty is strength, and strength and health depend on the order of the animal functions. For regulating these, Holloway's discoveries have proved the most potent ever known. His Pills, stimulators of the stomach, and secreting organs, separating the deleterous deposits in the various fluids, and evacuating by the skin and bowels, those particles which by irritating the vessels excite disease, are indeed unequalled in the catalogue of medicines.

The Ointment arrests either recent or chronic ulceration, helps the discharge, and, at the same time, by its peculiarly softening qualities, soothes and reduces inflammation at the edges of the tender vessels, and thus inducing them to reunite not only rapidly, but so as not to bear those hard and unsightly scars which so often remain witnesses of the past disease, and despoilers of personal appearance through life. Nothing can compare with health, its preservation is our chief duty and highest interest. Impair this either by excess or neglect, and beauty so becoming is distorted. The happy countenance well nigh transparent is discoloured by disease. Unsightly sores break out and fester on the skin. As the lava from a burning mountain, so the eruption, evidence of inner malady goes on, corrupting as it goes. Life itself would soon be extinguished. But science steps in. The hand of the skilful gardener is at hand, ready to heal and re-invigorate. We are not saying more than what is known to all the world when we assert that Holloway's Pills and Ointment are equal to their celebrity, which has been well and nobly earned. Professor Holloway is a fortunate man to be able to offer such genuine remedies, and sufferers are indeed fortunate in having them so near at hand.—*Temperance Freethinker.*

DANGER OF A NEW REVOLUTION.—The New York *Times*, in an article replying to a Republican paper in Pittsburg, makes the following suggestive remaks:—

"By law Congress consists of 241 members, and by law also, a majority of the whole number or 121 members, constitute a quorum. Suppose that members elected from the Southern States should meet in December, 1867, and be enough, added to the Northern members who believe in their right of representation, and who would meet them to constitute a quorum; and suppose the Northern members who do not believe the South entitled to representation, and who would not meet them, should meet by themselves, constitute less than a quorum of the whole number. The Pittsburgh *Chronicle* begins to see the possibility of such an occurrence, and it also sees that the President will be under the necessity of recognizing one or the other of these bodies as the valid constitutional House of Representatives. He must send his message to one or the other. He must sign bills passed by one or the other. He must treat one or the other as a branch of Congress, clothed with the power of making laws, and the other as having no such authority. And under the circumstances assumed, there can be very little doubt, in view of his known opinions, on the subject, that President Johnson will recognize the numerical quorum—the body which contains the majority of all the members—as the only body authorized by the constitution to make laws for the United States. He will probably send his message to that body; he will sign the bills they pass, if concurred in by the Senate, and he will not recognize the acts of the other as valid in any respect. The Senate, on the contrary, will recognize a majority from all the States but ten, even if they are a minority of the whole, as a real Congress, and as clothed with all the powers of legislation. Here, certainly, is danger of a collision of authority. We have foreseen it, and warned the country of it. The Radicals have foreseen it, and are preparing for it. They have not cocealed their purpose, in such an event, to appeal to force, and rouse the country to another conflict of arms."

ARTIFICIAL FLOWERS.—Ladies who deck their hair with mimic bloom have in general little idea of the way in which these false flowers grow. They wear them light-heartedly in the gayest scenes, and think not that they are transplanted from the saddest. They put forth their leaves and delicate hues in stifling garrets, in fetid back kitchens, or in hot over-crowded factories, where the health of those who made them was withering away, where the gas-burners are often without glass or shade, and gas stoves are set on the tables to heat the tools, while a hundred women and girls from nine years old and upwards bend over their hot-house plants. Some hold the hand-stamp which cuts through sixteen folds at a time of the muslin or silk that is to make the leaves and flowers. Others vein the leaves by pressing them between dies, or paint the petals separately with a brush when the centre is to be left white. Most of them are busy with the finer work of constructing the flowers. The gum and wax, dust for bloom with potatoe flour, or with blown glass powder for frost; they twist paper or silk thread to the stalk, and make the foundation on which the petals may stick. Slender wires are run through the blossoms, and a small goffering iron gives them their curl. All this is straining and fidgety work, especially by gas light, with blistered fingers, thumbnails worn to the quick, and the dust of paints and other materials inflaming the eyes and preparing patients for the Opthalmic Hospital. The bright blues and carmines try the sight sadly, and the latter causes heaviness in the head. Arsenic green and verdigris blue are now seldom used; but enough is left to poison the poor 'flower girl's' existence. She works in London fourteen or fifteen hours a day, and some times longer. After thirteen hours' work, girls often take home sufficient for two hours more. About six thous-

A Sarnia (Canada) paper, says that five men were drowned at the mouth of the Sauble river a few nights ago, by the upsetting of a boat. It appears two small boats, containing seven men in all, had been across to Forestville, Mich., leaving that place for the Sauble, on the day mentioned. The weather getting stormy as they approached the Canada shore, one of the boats struck on the bar near the mouth of the Sauble, and upset, the consequence being, that five out of the seven met with a watery grave.

Judson's Worm Tea!

THE MOST RELIABLE FRIEND!

Holloway's Ointment.

Its Searching & Healing Properties are known and recognized throughout the World.

The number of years this invaluable Ointment has stood the test of public opinion, (and the longer known the better appreciated) is a testimony of it self more convincing than anything that could be written in praise of its truly wonderful healing properties. In the cure of bad legs, bad breasts, sores, wounds, and ulcers, its effect is marvellous. For ring-worm, scald head, scrofula, and diseases of the skin generally, there is no remedy to be compared to it. When assiduously rubbed upon the skin (previously well bathed in warm water) this Ointment is quickly absorbed into the system, and cleanses, in its passage, every part to which it is applied.

Glandular Swellings, Mumps, Bronchitis, Quinsey, Sore Throats and Diptheria.

In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment, twice a day, upon the neck, chest and back. Its acts upon the very mainsprings of life; for through the glands pass all new matter required for the body's reparation and all old particles detrimental to its preservation. The Ointment, used conjointly with Holloway's Pills, will act so searchingly and certainly as to effect cures in the most hopeless cases.

Rheumatism, Lumbago, Contracted and Stiff Joints.

Many thousands of martyrs from the above complaints have found life almost unsupportable; yet, if Holloway's Ointment be briskly and perseveringly rubbed upon the parts affected, ease may be safely guaranteed, especially it the pores of the skin be previously opened by fomentations with warm water. The gross humors require expulsion from the system; it is therefore necessary to have recourse to Holloway's admirable Pills, which, by purifying and strengthening the system, greatly assist the operation of the Ointment and facilitate and confirm the cure.

Bad Legs, Bad Breasts, and Ulcerations of all kinds.

There is no medicinal preparation in the world which may be so thoroughly relied upon, in the treatment of the above ailments, as Holloway's Ointment. Nothing can be so simple or safe as the manner in which it is applied, or its action on the body, both locally and constitutionally. The Ointment, rubbed around the part affected, enters the pores just as salt enters meat. It quickly penetrates to the source of the evil and drives it from the system.

Erysipelas and Scrofulous Sores.

In all irritations of the skin, sores, ulcers, burns or scrofulous enlargements of any kind, Holloway's Ointment presents a ready and easy means of cure. It manifests a peculiar power in restraining inflammation, removing stagnation, cooling the heated blood, and checking all acrimonious and unhealthy discharge.

Diseases attendant on Childhood.

Diseases incident to early life fail more under the management of the mother than the medical man. Holloway's Ointment should therefore be regarded by her as a "Household Treasure," as it never fails in bringing out the rash in measles and scarlatina; and for the removal of all skin diseases its effect is miraculous. In cases of whooping cough and croup, this invaluable Ointment should be rubbed twice a day upon the throat and chest, and the youngest invalid will derive therefrom the most soothing relief. Two or three of Holloways's famous Pills, reduced to a powder, will augment the curative powers of the Unguent.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (soft)	Rheumatism
Bad Breasts	Cancers	Scald Heads
Burns	Contracted and Stiff Joints	Sore Nipples
Bunions	Elephantiasis	Sore Throats
Bite of Moschetoes and Sand Flies	Fistulas	Skin Diseases
	Gout	Scurvy
Coco-bay	Glandular Swellings	Sore Heads
Chiego-foot		Tumours
Chilblains	Lumbago	Ulcers

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence, by DR. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

DR. KNIGHT'S ORIENTAL HAIR RESTORER,

Is the only preparation in use which invariably CHANGES GRAY AND FADED HAIR TO ITS ORIGINAL COLOR. Its effects are so UNIFORM AND SPEEDY, as to be regarded almost MIRACULOUS.

It gives UNIVERSAL SATISFACTION, a single trial proving its superiority over all other articles offered to the public under similar names.

LIEUT. E G. WHITE, writes from Eastport, Me., April 17, 1866: "Though but twenty-six years of age, my hair had become quite gray, when, at the suggestion of Dr. Carpenter, I gave your *Oriental Hair Restorer* a trial. In TEN DAYS from the first application my hair was dark and soft as in childhood. I believe no other preparation can boast of such remarkable effects."

REV. EDWARD ORR, writing from Alexandria, Va., February 5, 1866, says: "I am too old to regret that the frosts of winter should glint perpetually in my hair, but to gratify my daughter, I have used your *Oriental Hair Restorer*, and with the happiest results. My hair, which two weeks since was white as silver, is COMPLETELY RESTORED TO THE COLOR AND TEXTURE OF FORTY YEARS AGO. In my daughter's behalf, I thank you heartily."

CAPT. C C. COWAN, of the "Sea Queen," dates at Bermuda, December 27, 1865: "Your *Oriental Hair Restorer* is looked upon as something miraculous by the people here. Such uniform, speedy, and satisfactory effects have never followed the use of any other preparation."

MRS. OLIVER, of Carl ton, N. Y., says in her letter, dated May 9, 1866: 'I won't say that I have used your *Oriental Hair Restorer*, for what use can a person of my age have for such things? But my friends have used it, and I have witnessed its wonderful effects. If I ever should get gray, I shall know what to resort to"

Columns might be filled with testimonials like the above, but their publication is not considered necessary. In the preparation of the *Oriental Hair Restorer* the most costly material is used, and no pains are spared to make it an article which shall STAND THE TEST OF ALL TIME.

The verdict of the people is in its favor.

Letter from Hon. D. W. Gooch, Member of Congress from Massachusetts.

MELROSE, July 19, 1865.

DR. E. R. KNIGHTS—Dear Sir;

I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throats and all consumptive complaints, &c. I have recommended it to several friends, who have received great benefit from its use.

Letter from a well known Boston Druggist of twenty years experience, and Steward Hanover Street M. E. Church.

BOSTON, March 9, 1865.

DR. E. R. KNIGHTS: Having used LAROOKAH'S PULMONIC SYRUP myself and in my family for the past six years, I am prepared to say that it is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat and all similar complaints. As I take cold very easy, I have had great opportunity to test the VIRTUES of this valuable remedy, and it has never FAILED me yet, however violent the disease. Having been in the Drug business for over 20 years, I have had good opportunities of knowing the virtues of the various medicines sold, and pronounce "LAROOKAH'S SYRUP" THE BEST of any article EVER presented to the public.

Yours, W. R. BOWEN, 86 Hanover St.

Space will permit the publication of but a tithe of the certificates which are constantly coming in from all quarters of the globe. Patients will find the most conclusive evidence of the value of this remedy in a trial of it, which will cost but a trifle, and which may yield priceless results.

Read the following commendation from DR ABBOT of Boston, widely known as one of the most successful practitioners in the country:—

BOSTON, Dec. 6, 1863.

DR. E. R. KNIGHTS, MELROSE, MASS.;

DEAR SIR; I have used DR. LAROOKAH's Sarsaparilla Compound in my practice for several years, and after a careful observation of its effects, I do not hesitate to say that it is, in my opinion, the SUREST, SAFEST, and CHEAPEST REMEDY for SCROFULOUS and SYPHILITIC DISEASES that has ever been made avaible to the medical profession.

Fraternally yours,
S. Y. ABBOTT, M D.

From an eminent Druggist of Lowell:

C. R. KIMBALL, Esq., of Lowell, says that he regards LAROOKAH'S SARSAPARILLA COMPOUND as the BEST SPRING MEDICINE AND BLOOD PURIFIER THAT HE HAS EVER SOLD. The demand for it is increasing with great rapidity, and its good effects are remarkable.

DR. F. A D VOE, of New Orleans La., writes that he has found LAROOKAH'S SARSAPARILLA COMPOUND a powerful alterative of uniform strength—especially efficacious in Scrofula and all cutaneous diseases, and eminently worthy of adoption by physicians generally in their practice.

As a PURIFIER OF THE COMPLEXION LAROOKAH'S SARSAPARILLA COMPOUND is unrivalled. Thousands of Ladies are indebted to this preparation for the marvellous purity of their complexions.

IN BRIEF, NO REMEDY HAS EVER BEEN DEVISED SO POWERFUL TO COMBAT AND ERADICATE THAT CLASS OF DISEASES WHICH ARISES FROM A DISORDERED CONDITION OF THE DIGESTIVE OR ASSIMILATIVE ORGANS, OR FROM IMPURE BLOOD, AS

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

Soothing Syrup,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay **all pain** and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and **can say, in confidence and truth of it**, what we have never been able to say of any other medicine—**never has it failed, in a single instance, to effect a cure**, when timely used. Never did we know an instance of dissatisfaction by any one who used it; on the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter **"what we do know,"** after thirty years' experience, **and pledge our reputation for the fulfilment of what we here declare.** In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most **experienced and skillful nurses** in New England, and has been used with **never-failing success** in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcomes convulsions, which, if not speedily remedied, end in death. We believe it the **best and surest remedy in the world**, in all cases of **Dysentery and Diarrhœa in Children**, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—**do not let your prejudices, nor the prejudices of others**, stand between your suffering child and the relief that will be **sure—yes, absolutely sure**—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the facsimile of **CURTIS & PERKINS, New York**, is on the outside wrapper.

☞ Sold by Druggists throughout the world.

Certificate from a Physician 20 years ago, Before the Medical College, Glasgow.

I do hereby certify, that by request of scores of my patients and others, I have analyzed what is known as old Dr. Judson's Worm Candy Sticks; on analysis, I find it to contain nothing that is the least injurious to the youngest infant. I find that the Medicine used, acts specifically on the Worms, and is a perfect regulator of the debilitated system—knowing this to be the fact, and the medicine so pleasantly disguised in a candy stick, I strongly recommend to this Board of Physicians to prescribe *Dr. Judson's Dead Shot Worm Candy* to all their patients that are troubled with the common or Tape Worm.

[SIGNED] C. H. MACPHERSON, M. D.,
