ARCHBISHOP O'BRIEN is about to visit Bermuda. The snow-drops are blooming in Judge Young's garden. I. C. HALL, Esq., U. S. Consul has rented Coun. Morris' house on the Esplanade. HON. D. DAVIES has returned from England. One Indian was in the lock-up last night for being drunk and incapable. FRESH Norway Cod Liver Oil, and Finlaysons, opened to-day at Dodd's Medical Hall. HONS. JOS. O. ARSENAULT and Jas. Clow, and Wm. A. Poole, M. L. C., are at the Osborne House. SUMMERSIDE harbor is still frozen across. The ice left Point du Chene harbor Monday. The brigantine Hattie Louise, of P. E. Island, from Baltimore for Demerara, has put into St. Thomas, leaking badly. The civil service promotion examinations of both the inside and outside services will be held Tuesday, May 28. A FULL meeting of St. George's L. O. Lodge, No. 1171 is requested tonight for initiation services. All visiting members welcome. Cured my husband of bronchitis at once, wrote a lady about Johnson's Anodyne Liniment. AMERICAN fishermen will, it is stated, be granted the same privileges by the Dominion government this year as they enjoyed last season in the maritime provinces. THE Court of Chancery meets this morning when the suit of Alex. McKinnon and others to set aside an assignment of H. T. LePage will come up for hearing. We are sorry to hear from the Moncton Times that Mr. B. Toombs, formerly of this city, has writing to receive his losses, been forced to assign to Mr. Chas. Harper of Shediac. Relief and speedy cure given for serious ailments by using Johnson's Anodyne Liniment. MR. PATRICK COYLE of Drumore settlement walked into town yesterday, a distance of at least twenty miles. This is not bad for a man of 81 summers to do at this season of the year. SHOULD our streets be encumbered as they are with empty goods boxes? The firemen complain that they may yet be the cause of damage to some shop window by diverting a hose reel or hook and ladder truck from its course. BEAN SHOWS, second show day was quite as successful as the first. There was a great rush, and everyone went away highly pleased with what they saw. Another exhibition will be given next week when new arrivals of Berlin and Paris goods will be shown. Of this due notice will be given. ABOUT 9 o'clock Tuesday morning a fire broke out in the mill of Mr. Ronald Campbell, Summerside. Mr. Campbell had placed about ten barrels of waste wool in the kiln to dry. Wet oats, it is said, burn more quickly than dry. At any rate they caught fire and were destroyed. A great smoke was raised and the engines got to work, but no other damage was done. April showers may be the forerunners of May flowers, and they are certain to bring with them cold in the head, which, if neglected, develops into catarrh, perhaps into consumption and death. Nani Bala never fails to give instant relief, and will permanently cure the worst case of catarrh if faithfully used. THE fire bell sounded about a quarter of eleven last night. The fire occurred in a stable belonging to Mr. Jas. Dorsey, on King Street. The firemen were very soon on the spot and two streams from the hose soon stamped it out. The fire is supposed to have originated in the loft, and to be caused by some one who had crawled in there to pass the night. The damage was slight, probably the damage by the water to the hay, etc., was greater than that caused by the fire. ABOUT 12.30 yesterday forenoon the St. Lawrence left the wharf and steamed out of the harbour going within a short distance of Governor's Island. There her further progress was impeded by ice. From the mast head nothing but great fields of ice was to be seen to seaward with the exception of a small pond of open water off Point Prim. After taking a careful survey of the straits, the steamer was turned about and reached the wharf again at a quarter of three. Unusually great change takes place in the wind, it will be several days yet before we will have direct communication with the outside world. It is said that with the wind as at present, Pictou harbour is likely to be again filled up with ice. FROM an early hour yesterday morning the Steamer William was gaily decorated with bunting, and the din of numerous hammers indicated that the steamer was soon to return to her proper element. By two o'clock a large crowd of spectators among whom were a number of ladies, began to gather to see the launch. By a quarter of three both sides of the dock were crowded with an expectant throng, and while all were busily chatting and many commenting on the trim and bright appearance of the steamer, a cheer from the workmen drew their attention and the William was observed to be on the move. She glided easily and majestically from her ways and was soon again on the briny deep. A hearty and ringing cheer greeted her successful launch, which all pronounced as handsome and graceful as they had ever seen. This is what might be expected from the skill and long experience of Mr. Kemble Coffin who constructed the launch ways and superintended the launching.

Obituary Notice. Mr. Archibald Kelly died at his father's residence, Ugg, April 7th, 1891, at the age of 25 years. Mr. Kelly was a young man of sterling qualities, industrious, kind, faithful and persevering. Five years ago he went to California where he was quite successful until his health became impaired, he returned to his home two years ago. At first he seemed to improve but never fully recovered. He had much to live for but was patient and resigned to God's Will, and was willing to go when the messenger came. The funeral service which was largely attended by old and young, was conducted by Rev. D. B. McLeod, of Orwell. Archibald was the last surviving member of the family of Mr. James Kelly. Much sympathy is felt for the heartbroken father and mother. May the Great Healer who has promised to bind up the brokenhearted find and comfort them in their sore bereavement. The remains were laid to rest by loving hands in the Belfast cemetery.
