MUNYON HAS A CURE FOR EACH DISEASE

With Munyon's Improved Homoeopathic Remedies in the House, Mothers Can Become the Family Physician.

Professor Munyon is honored today as the leading authority in the medical world. His new and human methods of treatment have swept away all the old fashioned ideas of doctoring with poisonous drugs that create a dozen diseases in the effort to get rid of one. He does not claim that he has one remedy that will cure all complaints, but that he has a specific cure for nearly every disease. He does not claim that Munyon's Rheumatism Cure will cure consumption, dyspepsia or any other complaint, but he does assert that it will cure rheumatism. Munyon's Dyspepsia Cure is prepared expressly to cure dyspepsia; Munyon's Cough Cure to cure coughs; Munyon's Kidney Cure to cure kidney troubles. The same may be said of all Munyon's different remedies. They may be obtained at all drug stores, mostly at 25c a bottle.

Personal letters to Prof. Munyon, 11 and 13 Albert street, Toronto, answered, with free medical advice for any disease.

The hagfish, or myxine, has a custom of getting inside the cod and similar fishes and entirely consuming the interior, leaving only the skin and the skeleton.

Gray horses are usually the longest lived. Creams are decidedly delicate and are seriously affected by very warm weather.

Canadian Women Are Too Often Deceived.

It is of vast importance that every woman should exercise the greatest caution when buying package dye for home dyeing.

The Diamond Dyes have attained such immense popularity that unscrupulous people have gone into the color business and are manufacturing dyes that pay them tremendous profits. The material employed in the competition of these imitation package dyes are so poor and cheap that the women who buy them can never get the results she desires.

When package dyes are required for home dyeing, ask for the Diamond Dyes and accept no substitute in the way of imitation package dyes or dyes that are three-fourths soap and one-fourth coloring matter.

If your merchant does not sell the Diamond Dyes, send direct to Wells & Richardson Co., Montreal, for the color required, stating whether you wish to color all-wool cotton or mixed goods. All dyes sold at ten cents per packages.

PORTO RICO Molasses and Sugar

OF CHOICE QUALITY

Ex Schooner Edna S.

Will be sold low while landing.

FOR SALE. RARE CHANCE

The property occupied by J. J. Gay and son situate in the village of Pownan, 7 miles from Charlottetown, is offered for sale. The proprietors have secured for a large market garden nursery, and seed business for thirty years, and the purchaser will no doubt retain a large share of the local trade. The premises comprise a large dwelling house, store, warehouse, barn, shed, orchard, and about 15 acres of the most fertile land on the island.

This land has been manured year after year, for so long that as an old man said the other day, "It is all a bed of manure and could be hauled for top-dressing." This would be an ideal spot for a country merchant or it would be admirable for a summer resort. The situation is one of the most beautiful on the island. Good bathing, fishing, boating, shooting and within easy distance; churches, post office school telephone and shops all at the door.

For terms and further particulars, apply to Ven Clure Gay, J. J. Gay & son or to

A VIRTUE OF OLIVE OIL.

Man-of-war's Men Say That It Will Prevent Intoxication.

The glasses were going round when the man who had been in the navy spoke: "Wait a minute, boys. We've had several. Let me give you a tip that I learned when I was on the China station. You are pretty good drinkers, you Kentucky boys, and you can hold your own with anybody, east, west or north, who tries to put you under the table. But unless you carry out my plan don't you ever stack yourself up against an Englishman, and especially an army or a naval officer. You could knock him out on whisky, but he doesn't drink it, except in the shape of smoky Scotch and Irish abominations. But champagne, burgundy, claret, ale, sherry, madeira, port, pulque in Mexico, saki in China, palm liquor in Africa, bamboos and shandygaff in India, steer clear of them—that is, unless you have the good luck to meet a certain little, yellow faced, wizened creole from Louisiana whose recipe is passed around the mess table of United States men-of-war to this day.

"It started in the old days when the British officers always had the pleasure of outstaying their American guests or hosts whenever two ships met on foreign stations. Then that little yellow devil came along with his trick, and the Englishman has never since come out better than second in any drinking bout. The secret? Olive oil. One wine-glassful before the fun begins, and, if possible, another later on, and you can keep your wit and legs throughout the dampest evening. I suppose one of two things happens. Either the oil coats the stomach and keeps the alcohol from being absorbed by the system, or else it floats on top and keeps the fumes from rising to the brain. But you'll have to ask the medicine men about that. All I know is its practical result, and that has enabled us Yankee Doodles to go home cheerful and clear headed many an evening when our foreign cousins were speechless."—Louisville Courier-Journal.

STAGE GLINTS.

William H. Crane has been on the stage 33 years.

Ernst Possart is to give a Shakespearean festival at Munich next summer.

Detroit may get two new theaters in place of the opera house that was burned.

George Alexander will shortly make a fine revival of Shakespeare's "Henry V."

Beebohm Tree is going to Berlin this winter to act Hamlet and Falstaff in English.

Douglas Lloyd, now with "The Proper Caper," has been engaged for "The White Heather."

Adele Ritchie has made a genuine hit in London as a comic opera singer, and will proceed to Paris to study for an operatic career.

Beryl Hope has been engaged to play the leading role, originated by Katharine Grey, in "A Southern Romance." She will be featured.

Mrs. Fiske is planning her arrangement of "Vanity Fair" for the stage. The play may be called "Becky Sharp," and consists of a prologue and four acts.

A new operetta and a one act musical farce, said to be almost completed, have been found among the possessions of Franz von Suppe, who died three years ago.

The preparation for the debut in America of the Polish actress Alexandra Viarda, at the Fifth Avenue theater, New York, is fast approaching completion. It is intended that she shall be supported by an exceptionally fine American company.

DO YOU WANT CONSUMPTION?

Are you really looking for it? Inviting it? Then pay no attention to your hacking cough, and your weak throat. You can prevent it, though. Take Scott's Emulsion early, when the cough first begins.

SAVED HER LIFE.

Was Weak. Run-down and Almost Helpless

PHYSICAL AILMENTS THREATENED LOSS OF EYESIGHT.

Paine's Celery Compound Does Wonders for a Lady Advanced in Years

When sickness and disease threaten life, the young, middle aged and those advanced in years have a trusty and faithful friend in Paine's Celery Compound. The work of life saving accomplished by this medicine in the past has commanded the admiration of all medical men, and has drawn forth voluntary testimonials full of gratitude and praise from all ranks of the people.

The weak, nervous, dyspeptic, rheumatic, neuralgic and all biddened with kidney disease, liver troubles and diseases arising from impure blood, have been made sound and well through the virtues of Paine's Celery Compound, earth's greatest medicine.

Mrs. Catherine Benoit, Montr' a', declares that Paine's Celery Compound saved her life. She writes as follows:

"About seven months ago I found myself in a very weak condition physically, and completely run down. I was attended by four city doctors, but their treatment did not in any way improve my health. My condition was so bad that my eyesight was affected, and I thought blindness would be the result. A lady friend just in time recommended me to use Paine's Celery Compound; as she had been cured by it. I used several bottles of the Compound with grand results. Today I find myself a different woman. My appetite is good, my sleep is sound and natural, and my strength for one advanced in years, is all I could hope for. I can say truthfully that Paine's Celery Compound saved my life. I urge every sufferer to use it."

The Cost of It.

A juror returned as dead before a London magistrate was fined \$10 the other day for nonattendance, that being the only way the judge could think of to remove the name from the jury list. This will have a tendency to put a stop to the practice of being dead.—Rochester Union.

DOES IT PAY TO TIPPLE.

You know it don't. Then why do you do it? I know why. It requires too much self-denial to quit. The Dixon Cure, which is taken privately, is purely vegetable, is pleasant to the taste, and will cure you of all desire for liquor in two or three days, so that you would pay five cents for a barrel of beer or whiskey. You can eat heartily and sleep soundly from the start, and be better in every way, in both health and pocket, and without interfering with business duties. Write in confidence for particulars. Mr. A. Hutton Dixon, No. 40 Park Avenue, Montreal. 3
