ACRES OF CRANBERRIES.

A Visit to Mr C R Dickie's Farm at Muddy Creek

There are many fine fields of grain to be seen in Prince Edward Island this year and many more splendid fields of potatoes and other root crops. But it is an unusual sight to see a two-acre field, even in this "Garden of the Gulf," the crop of which, if all goes well, will be worth probably at least two hundred dollars. Such a sight was seen the other day by an EXAMINER representative on the farm of Mr C R Dickie, Muddy Creek. And the crop was cranberries—a field completely covered with cranberry vines and all the vines loaded with smooth white cranberries not yet half grown. A pretty sight to be sure, but not nearly as pretty as this field will be a little later on. Mr Dickie estimates the crop of this two-acre patch at anywhere from sixty to one hundred bushels. Mr. Dickie's cranberries are not confined to one field by any means. He has eight or more acres, some of which are now as good as the two-acre piece, and the others will be in the course of a year or two. Then he has thirty more acres fenced in which he intends to set out plants by degrees. The idea of forthwared, one crop off which would be worth upwards of four thousand dollars, is apt to make one almost desire to get into the cranberry business right away, and calculate what the value of P. E. Island converted from a million acre farm into a million acre cranberry bed would be. In addition to growing cranberries Mr. Dickie does a large amount of general farming and orcharding. He has just been adding to his barn an immense manure shed ninety feet long with a four foot stone wall all around. Mr. Dickie has done a wonderful amount of work about his place since his store and dwelling house were completely destroyed by fire a little more than a year ago. He is a firm believer in the future of Prince Edward Island—a good enough place for those who are good enough for it.

THIRTY-TWO TAKE VOWS.

Impressive Ceremony Performed at St. Joseph's Academy.

Thirty two young women took the vows of the Sisterhood of St. Joseph at St. Joseph's Academy, on Nelson avenue, yesterday morning. Rev. J. T. Harrison, rector of St. Joseph's church, said mass, and Rev. Thomas Gibbons rector of St. Mary's church, assisted at the services. The ceremony was in private, only a few relatives of those taking the vows and the Sisters being present. The chapel of the academy where the ceremony took place was decorated for the solemn occasion, and a musical programme of rare excellence was rendered. Rev. Father Robert, rector of the Monastery of the Passionist Brothers, St. Louis, delivered the sermon and interrogated the young women seeking to enter the Sisterhood.

Seventeen took perpetual vows yesterday. Four took the annual vows and eleven postulants took their first vows and were given their church names. The original names of the postulants and their names in religion are as follows: Miss Susanna Brenner, Sister Mary Norbertine; Miss Florence McDonald, Sister Mary Carmel; Miss Flora Shaw, Sister Mary Fabian; Miss Sarah Devine, Sister Mary de Chantal; Miss Agnes Hogan, Sister Annie Olivia; Miss Teresa Wallace, Sister Mary Agnetta; Miss Marie Poirier, Sister Amadeuse; Miss Albina Arsenaull, Sister Mary Hortensia; Miss Jane McDonald, Sister Mary Borgia; Miss Gertrude Haggarty, Sister Mary Maura; Miss Mary Doucette, Sister Mary Devota.—St Paul Pioneer Press, Aug. 16

[The last five ladies named above are natives of Prince Edward Island. The Misses Poirier and Arsenaull belong to Fifteen Point, Miss McDonald to Kensington, Miss Haggarty to Fort Augustus, and Miss Doucette to Tignish,

LIBERAL EXPENDITURES.

(Montreal Star.)

The burden placed upon the country by the Liberal Government is much greater than indicated by the annual expenditure. Take for example the year 1899, the last year for which complete returns are available. The total expenditure was \$51,542,635, but the Liberal majority in Parliament committed the country to future expenditure which must be taken into consideration. The railway subsidies voted that year amounted to \$6,540,000. These subsidies were not included in the expenditure because they did not have to be paid at once, but the country was made responsible for payment, and the money will have to come out of the pockets of the people in the near future. Then the deal with the Drummond County and Grand Trunk Railways involving the country in a very large expenditure, for which the Liberals must be held accountable. For 99 years the country will have to pay the Grand Trunk Railway \$140,000 a year in monthly instalments. Moreover, the Government is bound to pay a share of the cost of maintenance of the Grand Trunk Railway between St. Basile and Montreal, including the Victoria Bridge and the Montreal terminal facilities, and a share of the cost of extensions, improvements or double tracking during that long period of 99 years.]

DELCASSE'S STRATEGY.

Outcome of Concentration of French Troops at Tonquin.

PARIS, August 24.—The new plan for the concentration of French troops under Gen. Voyron in Tonquin, is believed to have been brought about through the Government's desire not to allow an opportunity to certain persons to attack the Ministry for making the French general subservient to a German. Now that Peking has fallen, the French troops under Gen. Rey in China will answer for all purposes in the country. Meantime Gen Voyron will be able to concentrate all the fresh troops in French territory very close to China, and will be in such a position as to be well able to direct the movements of his men according to the developments.

M. Delcasse, the Minister of Foreign Affairs, is highly praised on all sides for having discovered the strategic outlet from an awkward situation. The new plan combines the maintenance by France of harmonious relations with the allies, while at the same time this country is accumulating an effective force on the spot ready to meet all eventualities.

The taking of this step by the government however, shows the nervousness that is felt as to what these eventualities may be. The impassioned speeches of Emperor William, in which he suggested that desperate measures should be taken against China, have created a feeling of uneasiness lest France should be entrapped in a policy of adventure, which she in no wise desires.

THE JUDGE DECIDED IT.

Too Much Milk at One Time Caused Illness.

In Omaha a police judge had a number of milk vendors before him, charged with using chemicals to keep their milk from souring. The counsel of one who had used a chemical, contended it was harmless, and asked the judge to try some of the milk as a test. The court at once consented, ordered a quart, drank it off, and adjourned the case till next day, to decide according to the test. Next morning that judge was still too sick to appear and a substitute fined the milkmen \$2 a head for using dangerous chemicals. The test can hardly be deemed convincing, however, as any Nebraska judge who drank, all at a gulp, a whole quart of anything stronger than beer was trifling with his health. Still a judge who will swallow a quart of embalmed milk to see if it will kill, deserves public thanks for his good intentions.

MARRIED.

At Cardigan, on August 22nd, by Rev A Gunn, Jonathan E Birt, of Pisquid, East, to Margaret Ella Docherty, of Cardigan.

At St Joseph's Church, Kelly's Cross, on the 14th inst, by Rev DB Reid, John P McQuaid, to Miss Gertrude Costello, daughter of John Costello, both of St Ann's

At St. Peter's Harbor, on the 28th ult, Maggie, aged 14 years, daughter of Wallace Macdonald.

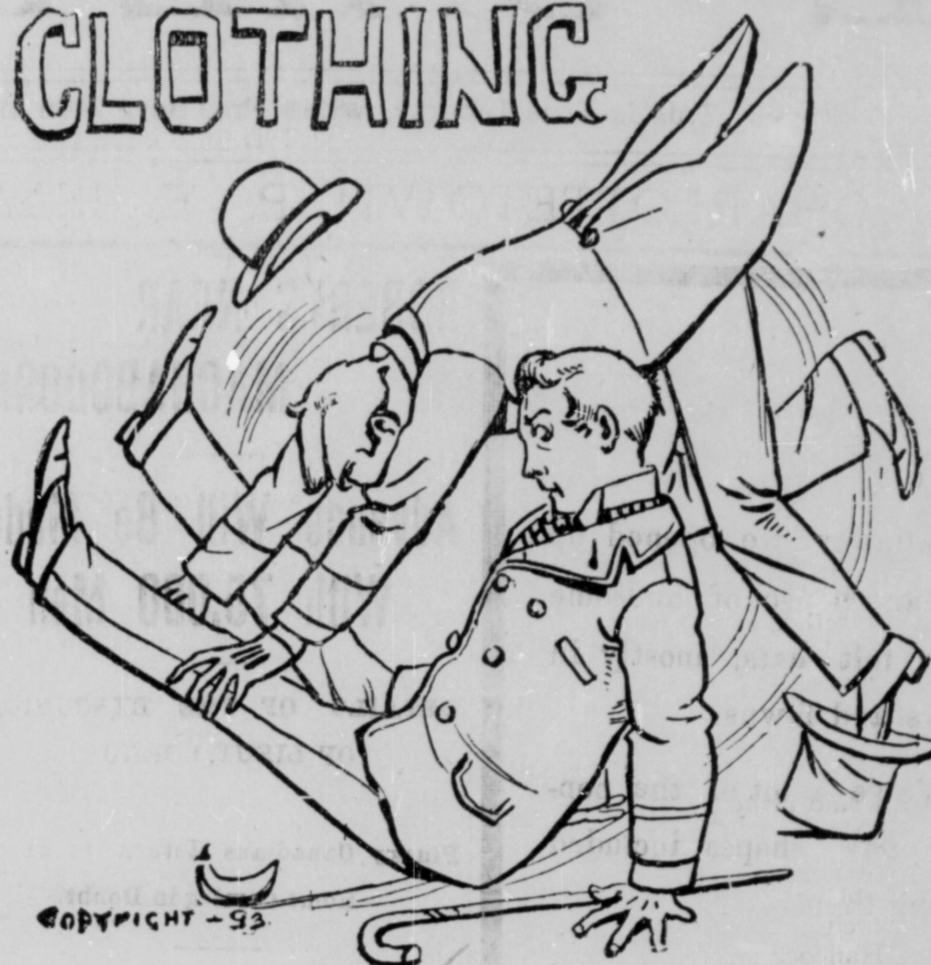

At Kildare Central, on the 19th inst, William Whalen, an old and respected resident, at the age of 66 years.

Russia's Mighty Army.

LONDON, August 24.—Three hundred and seventy-five thousand Russian troops are already in the Far East, or on the way there by land and sea, or under orders to embark. This statement is made by the Moscow correspondent of the Daily Graphic, who adds that mobilization is in progress all over European Russia, and that there are now at Odessa fourteen steamers chartered to take troops.

Do you read what people say about Hood's Sarsaparilla? It is curing all forms of disease caused or promoted by impure blood.

CLOTHING

Tumble to The Fact

That during the month of August we are selling Men's and Boy's clothing at the

Tiniest of Prices

ever seen for our class of goods.

All our Summer Suits for Men.
All our Summer Suits for Boys.
All our Summer Trousers for both.
Must be cleared out during this month: The prices are "mere remnants" of the marked figures.

Ladies - Tailored - Suits

Are good stock to get clear of this time of year and no one knows that fact better than we do ourselves. Hence the prices are where a ladder is not needed to reach them, all skirts and summer suits at about

Half Price

while they last.

- Crash Caps, Crash Hats,
- Crash Tams, Crash Skirts,
- Crash Shirts, and Crash Itself.

with the prices Crashed all to pieces during August.
Hot Stuff, for Hot weather, at Hot Prices, at:
