Fisheries Exhibit At Carnival May Be Record For Its Type

SUMMERSIDE — The P.E.I. Department of Fisheries exhibit at the Summerside Lobster Carnival attracted a good deal of attention yesterday and is perhaps the largest display of its type ever seen in the Atlantic Provinces. The department is receiving much commendation for their interest in the carnival and livestock exhibits.

Longer Training Period For Teachers Urged

By JEAN MACISAAC
 Guardian-Patriot Staff Writer
 "In my opinion, one year's training for any teacher in any

part of the world is totally inadequate, so is two" John England, president of the National Union of Teachers of England and Wales, told The Guardian-Patriot yesterday.

14 Girls Vie For Title Of 'Miss P.E.I.'

SUMMERSIDE — The preliminary judging of the 14 pretty island girls vying for the title of "Miss P.E.I." was completed last evening before a large audience at Civic Stadium.

 "The people will still have to accept the fact that real estate must bear its share of secondary education expense, and not expect the government to try to do it all." Dr. M. E. LaZerte, noted educator who prepared the LaZerte Report on education in this province, said yesterday.

TO BEAR SHORTAGE

Speaking of the new three-year training period in this country, the president of the Union of Teachers stated that they are prepared to put up with the shortage of teachers caused by the innovation, noting that there will be a desperate shortage for the next 10 years.

Important-Governor Opens At Carnival

SUMMERSIDE BUREAU OF THE GUARDIAN
 Highlights of the annual Summerside Lobster Carnival and livestock exhibition open last evening after being introduced to a large audience in attendance by the president, Arthur Johnston.

In his remarks Mr. Johnston said he was grateful for the large turnout and thanked all the firms and individuals who entered floats in the parade, and thanked the many other units that participated in the opening day parade.

Mr. Johnston also introduced the other dignitaries. Mayor J. Ernest Morrison extended a cordial welcome, especially to visitors to the town, and also gave a brief history of the carnival since its inception in 1956.

President of the Summerside Board of Trade Richard J. Hesterton told the audience the fisheries display would be greatly expanded for next year's carnival and a special day will be known as "fisheries day."

Dr. Orville Phillips, M.P., said he was very pleased with the enlargement of the fisheries display this year and added he would like to see more emphasis placed on fisheries and livestock in the opening day parade.

Premier Walter R. Shaw also expressed his delight to see the great development in the carnival which it commenced six years ago.

Mr. Carnegie introduced the other stage guests which included a large number of government and civic officials.

Mr. Schurman also introduced a large number of platform guests, presided over by past president Dan Carnegie, who introduced the other dignitaries.

Equalization Of Rates Seen Prime Need Here

By RALPH CAMERON
 Guardian-Patriot Staff Writer
 "The people will still have to accept the fact that real estate must bear its share of secondary education expense, and not expect the government to try to do it all." Dr. M. E. LaZerte, noted educator who prepared the LaZerte Report on education in this province, said yesterday.

The education which is here attending the Canadian Teachers Federation convention, recalled he had advocated the setting up of three composite high schools — "and that is all this province can support" — and the regional high schools were only intended by him as an intermediate step.

Dr. LaZerte cannot see success for a separation of academic and technical education. He still believes that three schools, preferably located in Montague, Charlottetown and Summerside, are the most the island requires.

In his famous report, he stressed the equalization of assessments to provide for every school district paying a fair share of the cost of secondary education.

He said that equalization of assessments, a 40-60 equalization of tax rates, and a reduction of the provincial rate in the foundation program he had originally outlined for the convention.

THE DOCTOR STILL MAINTAINS that the academic and technical education which is here attending the Canadian Teachers Federation convention, recalled he had advocated the setting up of three composite high schools — "and that is all this province can support" — and the regional high schools were only intended by him as an intermediate step.
