CHURCHILL CONVALESCENCE

Sir Winston Churchill, convalescing from pneumonia and pleurisy, is shown with Lady Churchill as they got some sunshine on grounds of villa where they are staying in Roquebrune, France. At left, Lady Churchill opens a folding chair for her husband. In center, the former British premier prepares to sit down. At right, the Churchills relax in the sun.

Morell H. & S. Associations Are Organized

A joint meeting of the parents and teachers of both the Grade and High Schools was held Friday night in the Morell High School. This was a third in a series of such meetings held to discuss matters of interest to both parents and teachers.

The meeting was presided over by the Principal of the schools, Miss Mabel O'Brien, and was well attended considering the present travelling conditions.

A resolution was unanimously adopted on motion of Mr. Walter Dingwell and Mrs. William Aylward to organize a Home and School association in each school and to affiliate with the Provincial Home and School Association. Nominating committees, under the Chairmanship of Mr. Louis McGuire and Mrs. Francis McAdam are to bring in a slate of officers for each association at the next meeting.

The meeting was addressed by Rev. Eric Robin, who was a delegate to the Canadian Education Conference in Ottawa. After reviewing somewhat in detail the many subjects discussed at the conference he asked: Was it a success?

CONFERENCE

It gathered together the largest number of people interested in education who focused a large and powerful microscope on the many complex problems facing Canada in the field of education, and although it left many questions unsolved, it went a long way in clearing the path for happy solutions. It set up a continuing committee that will assess its worth and lay plans for another such conference in the future.

It demonstrated how business labor and government, at all levels, and interested people can work together to solve our problems. It showed that educationists have not lost sight of the spiritual values in education and that God is the beginning and end of a child's education. It showed that educatio in Canada is not as good today as tomorrow's ought to be, but we have the means to make it better.

It reaffirmed the primary role of the parents to determine the aims of education, and to see to it that the curriculum is geared to these aims. It stressed the need of qualified teachers with a higher standard of admission to the profession.

It emphasized the pre-eminent importance of the teacher in the community, and that higher salaries must be paid if we are to attract to the profession the quality of teachers we need. It was made abundantly clear that more money was needed at all levels of education, primary, secondary and university, and this would be made available through a spirit of co-operation.

It recognized the right of every child, boths normal and handicapped, to a proper education—the right to develop his capabilities. It recognized the need for two languages in Canada, and urged that French and English be made secondary languages in respective school systems. He thought that on the whole the conference recognized that education designed for modern living must provide for man's material, social and spiritual needs.

BINGO Cardigan Parish Hall tonight 8:00 o'clock. $100.00 in prizes.

VARIETY CONCERT in Cambridge Hall tonight, 8:15. Sponsored by Cambridge Women's Institute.

Short Course Being Held At Vernon River

The second in a series of four Thursday night meetings was held in the Parish Hall, Vernon River on Thursday, March 13th with a good attendance despite the unfavorable road conditions.

This short course, sponsored by Vernon River Credit Union Ltd., and conducted by St. Dunstan's University Extension Dept., is being held to examine the problems of the farmer with the view of combining all the forces in the community that can contribute to the general welfare of all. Special emphasis is being placed on the role credit unions can play in this respect.

The first meeting held on March 6th, opened with the showing of a film entitled "The World Beneath Us", which illustrated various aspects of farm management. The audience was divided into small discussion groups who presented a number of questions on the film which were capably answered by Mr. George LaBelle of St. Dunstan's. This was followed by short addresses by Mr. Leo Doiron, Mgr. Director, P.E.I. Credit Union League and Mr. Wilfred Driscoll.

The second meeting on March 13th, opened with the showing of a film entitled "Episode in Valleydale", which dealt with "second generation" co - operators in Manitoba and proved both, interesting and educational to all. This was followed by brief addresses by Mr. Dave Rogers, Department of Agriculture, Rev. William Simpson of St. Dunstans Extension Dept., and Mr. Leo Doiron, Mgr. Director, P.E.I. Credit Union League. Mr. George LaBelle of St. Dunstan's Extension Dept led a group discussion on Credit Unions.

The course continues Thursday evening when another interesting and stimulating program on rural living will be presented. Guest speakers will include Mr. Arnold Prosser, Maritime Representative of Cuna Mutual Insurance Society.

SUMMARY

Markets At A Glance

By THE CANADIAN PRESS

Toronto—Market lower in light trading.

New York—Market lower; industrials lead decline.

Montreal — Market lower in brisk trading.

CURRENCIES

MONTREAL (CP) — The U.S. dollar closed Tuesday at a discount of 2 5-16 per cent in terms of Canadian funds, up ⅛. Pound sterling $2.75, up ⅛.

TORONTO

TORONTO (CP) — The stock market received a bit of a lift near the close of trading Tuesday but it wasn't enough to erase a moderate decline which pulled all sections down on average.

Following the pattern set by Wall Street, prices turned down at the open and continued until they reached their lows : midafternoon. A little buying, which brokers said was caused by somt investors taking advantage of the low prices, knocked some of the edge off the decline.

Base metals declined and golds lost three-quarters of a point.

In most cases losses were small but they outnumbered gains about 2½-1.

International Nickel and Falconbridge each lost at least a point among mines while McIntyre was off 2½ at 72¾.

Index losses: Golds .74 to 77.10; base metals 1.51 to 150.75; western oils .79 to 127.97.

Predicts Banner Year For Tourist Industry In P.E.I.

With the number of inquiries received daily continuing to approximately double the number received last year, with six organizations already indicating that they will hold their annual conventions in the Province this coming summer, the Director of the Travel Bureau, A. A. Nicholson, predicts a banner year for the local tourist industry.

"Only a slightly greater number of conventions were definitely booked at this time for Centennial Year (1955)," he said, adding that the Bureau was "cooperating closely" with the directors of each convention in order to make the visit of their delegates to the Province "as comfortable and as pleasant as possible."

Conventions and conferences alread scheduled to be held in the Province include: Y's Men Conference, May 17, 18, and 19-estimated attendance, 350; Canadian Press, Eastern Regional Meeting, June 7, and 8-estimated attendance, 30; Maritime Junior Board of Trade, either June 8, 9, and 10, or June 22, 23, and 24-estimated attendance, 50; Maritime Optometrists Association, June 15, 16, and 17, -estimated attendance, 35; the Canadian Freight Rates Association, June 25, 26, 27, and 28-estimated attendance, 100; and the Anglican Synod, June 3, 4, and 5, -estimated attendance, 200.

BOND OF FRIENDSHIP

All visitors coming to the Province this coming season will be presented with a "Bond of Friendship", Mr. Nicholson stated, observing that he had drawn up this document in the hope that it would serve all summer visitors as a lasting reminder of time spent on Prince Edward Island.

In form similar to an ordinary debenture, the bond certifices that "the person or persons hereon named are entitled to our genuine Island Hospitality and Good-will and as part payment please stay longer . . ."

On the face of the bond a space is provided in which to type the recipient's name and the period of his or her visit. The bond is then signed by Mr. Nicholson and the official Bureau stamp is affixed.

Delegates to the earlier conventions will be among the first to receive these unique mementoes, the director of the local Travel Bureau noted.

apparently now become a responsibility of the Province as far as hospital care is concerned. "There appears to be no obvious reason why the introduction of a hospital insurance plan should provide an opportunity for shifting this burden to the Provinces".

PLAN BENEFITS

In order to clarify misunderstandings which exist on the part of physicians, hospitals and the public the report included a broad outline of the plan benefits.

Among them are: standard ward care including meals. Where a patient occupies a semi-private or private room the hospital may make a direct charge to the patient for the preferred accommodation. Physicians' services to patients in hospital are not covered under the plan and are a direct charge to the patient.

The usual nursing service provided in general hospitals will be supported under the plan. Additional nursing care which, in the opinion of the attending physician and the hospital authority, is considered medically necessary is also an insured service.

Common drugs, biologicals and related preparations for the treatment of a patient in hospital will be included under insured services, but some special drugs will still be a charge to the patient.

FINANCING

In speaking of financing any hospital insurance plan the Committee suggested the ideal way was through the general revenue of the Province provided such revenues are sufficiently large. It noted that in British Columbia where the cost of the plan was approximately $29 million a sales tax was imposed on all purchases in the Province.

In its brief the P. E. I. Division of the Canadian Medical Association said that administration of such a plan should be taken out of the hands of government so there could not be any pressure brought to bear. It should be in the hands of a commission of three to five members one of whom should be named by the P?.E.I. Medical Society and one by the P.E.I. Hospital Association.

The P. E. I. Section of the Maritime Hospital Association stated implementation of a national health plan will result in increased hospital usage with a consequent need for more nursing and supervisory personnel and urged the Committee to give serious consideration to expansion in the field of nursing education.

RUHR STRIKE THREAT

FRANKFURT, Germany (AP) —A warning strike was ordered for 350,000 municipal employees throughout West Germany Monday. At the same time, almost 200,000 Ruhr steel workers were preparing for a walkout which could imperil the prospering economy. "Unless a new wage agreement is reached during this week, we will be forced to resort to an unlimited strike," a labor spokesman said.
