FIRE SWEEPS HUGE OIL REFINERY

Two Dead, 84 Injured; Loss In Millions

WHITING, Ind., (AP)—A multi-million dollar fire which has raged more than a day and a half still flared savagely Sunday in the badly-stricken refinery of the Standard Oil Co. (Ind.).

The blaze has been brought under control, but the weary fire-fighters said it probably will continue for at least another 24 hours.

The west central area of the plant was turned into a brood, puffing torch Saturday morning by the explosion of a 26-storey hydroformer cracking unit. The blast hurled a fragment of steel more than a block into a house, killing a three-year-old boy. The blast also caused the death of a refinery foreman.

STAGGERING LOSS
The loss in property damage was expected to far exceed the \$10,000,000 estimated as a minimum by Robert E. Elison, chairman of Standard. An early estimate by the American Red Cross was \$100,000,000.

Company officials said 14 persons remained in hospital with burns and other injuries, three of them in serious condition. Red Cross reports showed that at least 70 others were treated for minor hurts during the first 24 hours.

More than 1,000 families living in the area just west of the refinery remained away from their homes Saturday night under orders of police and National Guard officials. Most of them stayed with friends and relatives in the area.

SOARING FLAMES

The big hydroformer which blew up was completed last March at a cost of about \$23,000,000.

The fire was caused by the company's 1,600-acre refinery some 16 miles southeast of Chicago's Loop.

The blaze, which churned a black column of smoke 25,000 feet over Lake Michigan, sent flames 200 to 400 feet into the air. As additional storage tanks caught fire, there were flashing blasts of flames and floods of burning oil fanned out.

Top priority in the firefighting went to hundreds of small dump trucks which raced into the flaming area carrying sand which was formed into dikes to contain the and relatives in the area.

Tents Dismantled As 8th World Jamboree Ends And 11,000 Scouts Start Home

By BILL BOSS
Canadian Press Staff Writer
NIAGARA ON - THE LAKE, Ont. (CP)—As efficiently as they had appeared, 5,000 tents—which 10 days ago mushroomed in this mile-square camping ground—were dismantled during the week-end.

The eighth World Scout Jamboree had closed and 11,000 scouts from 68 countries were dispersing to the corners of the globe, thrilled by the brief impact of Lady Baden-Powell, widow of world scouting's founder.

Dark brown eyes smiling, this slight, grey-haired woman stole the show at Saturday's ceremonies when Maj.-Gen. Dan Spry, a Canadian who directs scouting's international bureau in London, officially closed the jamboree.

Her part was spontaneous and unscheduled. She won their hearts when they were barely in the arena. After one look at the 40-minute program and a glance at the 10,000 scouts packed before

her under an 85-degree sky, she asked that they be told to sit down.

As the order went out, in English and French, she smilingly made the scout gesture—order meaning "sit down"—to scouts from non-English-speaking countries. After Jackson Dodds, deputy Canadian chief scout, and Gen. Spry had spoken, she asked permission to speak.

In short, vigorous and emotional phrases she urged the boys to realize the significance of the parting moment and to hold it in (Continued on page 2, col. 3)

ELECTRICAL STORMS' IS MERELY HIGH BROW FOR 'MINNER SHOWERS'

WINS AWARD

Officer Cadet K. A. Reardon, of Charlottetown, above, has won the RCOG sword of honour as outstanding graduate cadet when 56 officer cadets of the Royal Canadian Ordnance Corps graduated at Longue Pointe depot near Montreal on Friday.

Officer Cadet Reardon, who is a son of Mr. and Mrs. J. A. Reardon, 50 Green St., is about to enter his third and final year in commerce at the University of Alberta at Edmonton. He will be 23 years old in December. He received his primary education at West Kent School where he won the Governor General's Medal and concluded his academic career in this province by attending Prince of Wales College, graduating as an honour student and a consistent prize-winner.

Top honours among the RCOG graduates were shared with Officer Cadet Reardon by J. A. Stark of Winnipeg who was named winner of a swagger stick as outstanding first-year cadet and Officer Cadet D. W. Thibault, of Yarmouth, N.S., captain of a St. Francis Xavier team of Antigonish, N.S.

Killed in Car Accident In N. S.
YARMOUTH, N.S. (CP)—One man died and two were injured Saturday when their car burst into flames after careening off the road and into a ditch 10 miles from here.

Dead is Rodney Charles Allen, 23, of Yarmouth. In hospital in satisfactory condition are Camille Parise, 22, of Gaspe, Que., and George Ryan, 19, of New Glasgow.

Jap. Mothers Given New Jolt In Baby Poisoning
TOKYO (Reuters)—Japanese mothers, already frantic with fear that they may have given their babies powdered milk containing arsenic, received a fresh shock Saturday after a report that the suspected product also is radioactive.

FOUND ARSENIC
The National Hygienic Laboratory said it had found a "considerable amount of arsenic" in the powdered milk.

Government officials were working overtime to try and determine how the deadly poison got into the product of one of Japan's biggest milk-powder makers.

Health authorities speculated it may have entered through an accidental mix-up with limestone from which calcium is extracted to fortify the milk. There is a mine producing an arsenic compound close to the limestone quarry from which the calcium comes.

SEEK YU CHINS MURDERERS
HONG KONG (Reuters)—Police offered a \$3,500 reward Saturday for information leading to the arrest and conviction of the murderers of Yu Ching man, a retired Chinese nationalist general. Yu was shot dead by three armed Chinese attempting to abduct him from his farm at Ping Shan, five miles from the Chinese Communist border.

Medical Association In Annual Convention Today

The annual meeting of the Prince Edward Island Medical Association will be held in Charlottetown today and tomorrow and among the guest speakers will be Dr. T.C. Routley, President of the Canadian Medical Association.

Dr. Routley will speak at a luncheon to be held at the Charlottetown Hospital today. Dr. W.J. P. MacMillan will preside over the luncheon.

The two day convention will be held at Prince of Wales College and will open this morning at 9:30 with registration followed by a business session at ten o'clock and an official opening of exhibits at twelve.

Clinical speakers from Montreal and Toronto along with delegates from the Canadian Medical Association arrived in the City last night.

The clinical speakers include Dr. Edward F. Brooks, Assistant Professor of Medicine at the University of Toronto and Chief of Medicine at St. Michael's Hospital, Toronto; Dr. J. Gordon Petrie, Assistant Professor of Surgery, McGill University, an Orthopaedic Surgeon at the Royal Victoria Hospital, Montreal.

Dr. Brooks will speak on "The Comatose Patient" and "Vertigo" while Dr. Petrie will speak on "The Use of Hydrocortone in Orthopaedics" and "Hip Conditions from Infancy to Old Age."

Delegates from the Canadian Medical Association in addition to Dr. Routley include Dr. A.F.W. Pearl, Toronto, Assistant General Secretary of C.M.A. and Dr. S.S.B. Gilder, Toronto, Editor of the C.M.A. Journal.

The afternoon session today will be devoted to discussion periods with Drs. Brooks, Petrie and Drs. J.W. MacKenzie and T.A. Laidlaw being the discussants.

Following a business session on Tuesday morning there will be an open forum on "Health Insurance" presided over by Dr. J.H. Maloney. Luncheon on Tuesday will be held at the Prince Edward Island Hospital with Dr. Arthur Pearl as guest speaker and Dr. E.S. Giddings presiding.

Dr. Petrie and Dr. Brooks will speak during the afternoon sessions Tuesday while Dr. T. Gendall and Dr. J.P. Lantz will lead the discussions.

This evening at 8:30 there will be a reception at Dr. J.H. Shaw's summer cottage, Stanhope Beach for all doctors and their wives. On Tuesday evening at 9 o'clock the annual medical ball of the P.E.I. Medical Society will be held at Dalvay-by-the-Sea.

Critical Hole In Radar Line

LAKE STEVENS, Wash. (AP)—A critical hole has been found in the outer radar warning line between Greenland and Alaska and the defence department is taking rapid steps to plug it, Senator Henry Jackson (Dem. Wash.) said Sunday.

He did not specify where the gap had been found or how soon it would be closed.

The senator, member of a three-man, Senate committee which authorizes military construction, has just returned from a flight over the warning network in the Far North.

He did not specify where the gap had been found or how soon it would be closed.

New Egyptian-Israeli Fighting riared Sunday
CAIRO (AP)—Fighting between Egyptian and Israeli soldiers flared Sunday for the fourth successive day along the tense frontier. The Egyptians gave their losses as four killed and six wounded and the Israelis two killed and five wounded.

The renewed bloodshed, which brought a total of a score killed and many wounded in the last week, came as the Arabs continued cool to U.S. Secretary of State Dulles' proposal for putting an international damper on the border strife.

A Jerusalem Israeli foreign minister spokesman declared Sunday night that "Egyptian aggression has reached dimensions without precedent since the conclusion of the 1949 armistice agreement."

He said "units of the Egyptian army not only attack Israeli security patrols moving along the armistice line but penetrate deeply into Israeli territory, mining roads, attacking vehicles and destroying wells, with a rising toll of dead and wounded."

The spokesman added this warning: "The Israeli government cannot be expected to let the situation get out of hand. It will take all measures of self-defence for the protection of the lives of its citizens."

Each side accused the other of starting Sunday's fighting. An Israeli army spokesman in Jerusalem claimed an Egyptian outpost opened fire with machine guns, mortars, and artillery on an Israeli patrol near the village of Beer, wounding two Israeli soldiers. Israeli forces replied with mortars and artillery, the spokesman said. Later two Israeli soldiers were killed and three wounded when two Israeli army cars struck a mine near Beer.

The spokesman said there was a second flare later when Egyptian opened fire with machine-guns and mortars on an Israeli patrol near a village of Kasufim. He said the Israelis replied with strong fire, silencing the Egyptian guns.

An Egyptian army communiqué referred to only one battle involving three Egyptian battalions and 100 soldiers were killed and six wounded. An Egyptian spokesman claimed "many Israeli soldiers were wounded."

The Egyptian communiqué said four Egyptians were killed and six wounded. An Egyptian spokesman claimed "many Israeli soldiers were wounded."

Sunday's casualties added to the mounting toll of border strife. The Egyptians have reported three of their soldiers were killed last Monday and 13 Israelis killed Tuesday and Friday.

The Arab world's reaction to Dulles' plan for halting the bloodshed ranged from coolness to downright opposition. Dulles made his proposal for an international guarantee of Israeli-Arab borders, in which the United States would participate, in a speech in New York Friday night.

In Damascus, Syrian government officials studied the American offer, endorsed by Britain. Syria began communicating with other Arab states for agreement on a common stand. A meeting of Arab states has been set for next Saturday in Cairo to study the offer.

Mr. L.C. Callbeck, chairman of the unveiling, said a letter of tribute to Mr. Lane written by Dr. Elliot E. Cheatham, Professor of Law, Columbia University, was read by Dr. Frank MacKinnon, principal of Prince of Wales College. The reply to the

tribute on behalf of the people of the district was given by Mr. Frederick A. Large, Q.C., M.L.A. for the first District of Queens County. Speaking briefly were His Honour the Lieutenant Governor, Chief Justice Thane A. Campbell, Prince Edward Island representative on the Historic Sites and Monuments Board of Canada; Mr. L.C. Callbeck and Mr. Walter R. Shaw of St. Catharines. An interested spectator at the unveiling was Justice Wilfred Estey of the Supreme Court of Canada.

Mr. Campbell noted that the occasion yesterday was a little different from the usual routine of plaque unveiling which had hitherto taken place on the Island. Frank K. Lane, he said was one of a group of persons born on Prince Edward Island who achieved his distinction in the United States. "Like Jacob Gould Schurman," it was said of him that he "of ours" said the Governor, "there is no limit to the heights at which they may arrive and it is important that we keep in front of our people such instances as we are commemorating today."

23 Fishing Boats to Start Using Causeway Lock

SYDNEY (CP)—Fishing boats drawing up to 12 feet of water are expected to pass through the canal of the \$23,000,000 Canso causeway late this week.

Larger ships will not be able to pass through the 320-foot lock joining the Gulf of St. Lawrence and the Atlantic until dredging is completed in 1956.

The causeway, through the Strait of Canso and linking Cape Breton with the Nova Scotia mainland, was officially opened Aug. 23.
